Golden Blend is a wood chip made from recycled lumber. It's great for pathways, sitting areas and planted areas.

Black & Barnwood Red Wonder Mulch: All the advantages of Wonder Mulch except in stunning black or red color. Colors are water based and environmentally friendly using dyes that are also used in cosmetics.

Mahogany Wonder Mulch: All the advantages of Wonder Mulch in a rich brown color. Add a warm texture to landscape plantings with this product.

Soil Amendment: This product is great as a low cost ground cover that does double duty in adding organic matter to the soil while simultaneously providing the benefits of a mulch.

Vision Comp OMRI Listed Compost

We use only clean green materials and do not use manures in our products. Our compost is created under ideal conditions. Vision Comp is certified by OMRI for organic use and has the US Composting Council’s Seal of Testing Assurance.

 Wonder Mulch

Wonder Mulch gives landscapes a natural appearance and provides many benefits. Help conserve water, suppress weeds, keep ground temperatures cooler in hot summer months, prevent soil compaction, and create a beautiful backdrop for landscape plants.

Local Planter’s Blend

Local Planter’s Blend is a rich topsoil blend that can be used to plant in directly. Use for raised beds, raising soil levels, anywhere you need to plant.

Premium Wood Chip

Premium Wood Chip is a high quality wood chip. Made from recycled redwood lumber. Slightly smaller than our Golden Blend.

Black & Mahogany Wood Fines

A mini wood chip that looks great in landscapes. It adds a nice texture to planted areas and provides either a dark, rich brown backdrop or a sleek black look. Use it like a mulch to conserve water and suppress weeds.
