"To manage Salinas Valley solid waste as a resource, promoting sustainable, environmentally sound and cost-effective practices through an integrated system of waste reduction, reuse recycling, innovative technology, customer service and education"

October 3, 2019

President and Board of the Salinas Valley Solid Waste Authority:

We are pleased to submit the Salinas Valley Solid Waste Authority's (Authority) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. These statements combined with other information are analyzed in the narrative section called Management's Discussion and Analysis (MD&A). The MD&A provides financial highlights and interprets the financial reports by analyzing trends and by explaining changes, fluctuations, and variances in the financial data. In addition, the MD&A is intended to disclose any known significant events or decisions that affect the financial condition of the Authority.

This report consists of management's representations concerning the financial position of the Authority. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, the management of the Authority has established a comprehensive internal control framework that is designed both to protect the Authority's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the Authority's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Authority's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

McGilloway, Ray, Brown & Kaufman, an independent firm of certified public accountants, has audited the Authority's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Authority for the fiscal year ended June 30, 2019, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used, and significant estimates made by management, and evaluating the overall financial statement presentation. Based upon the audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the Authority's financial statements for the fiscal year ended June 30, 2019, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Authority's MD&A can be found immediately following the report of the independent auditors.

#### **Reporting Entity**

On January 1, 1997, the Salinas Valley Solid Waste Authority was created through a joint powers agreement among the cities of Salinas, Gonzales, Greenfield, King City, and Soledad, and the unincorporated area of the eastern portion of Monterey County, to provide waste recovery and solid waste disposal services to the member cities, and the unincorporated area in the eastern and southern portion of the county. The Authority is governed by a nine-member board consisting of three members of the Salinas City Council, two members of the Monterey County Board of Supervisors, and one City Council member each from the cities of Gonzales, Greenfield, King City, and Soledad.

#### **Operating Results**

GAAP require that depreciation, estimated closure costs, and estimated post-closure maintenance costs be charged as a current expense. These expenses are allocated over the estimated remaining capacity of the landfills within the Authority's disposal system. Based on these requirements, the Salinas Valley Solid Waste Authority reports operating income of \$6,481,928 and an increase in net position of \$6,928,280 for the fiscal year ended June 30, 2019.

As part of its adopted policy, the Authority does not set aside funds for post-closure maintenance. Per the agreement with the California Integrated Waste Management Board, dated June 19, 1998, the Authority has pledged future revenue to cover the cost of post-closure maintenance. The Authority's tipping fees are not expected to cover the accrual of post-closure expenses in the current period. At June 30, 2019 the Authority has accrued post-closure liabilities totaling \$15,788,317 which will be paid out of future revenues over the next 30 years.

The Authority's policy is to set aside funds for closure costs. As of June 30, 2019, \$4,497,012 has been set aside as required by CalRecycle. Closure liabilities are \$3,698,748 which are fully funded at June 30, 2019.

The Authority's tipping fees are set at an amount sufficient to provide for operations, closure set-aside requirements, post-closure maintenance on a pay-as-you-go basis, capital requirements, and debt service on bonds issued for capital replacement. The Authority's tipping fees are not expected to recover depreciation expense, though Capital Replacement Budgets function to provide a portion of depreciated asset replacement costs.

The Statement of Cash Flows for the fiscal year ended June 30, 2019, provides a detailed reconciliation of the Authority's cash, which increased \$1,425,134 from \$27,529,117 to \$28,954,251.

#### **Financial Management**

The Authority carefully monitors its charges for services. Tonnage has increased significantly due to increased economic activity and reduced markets for recycled materials. Increases in disposal tonnage have allowed the Authority to not increase solid waste tipping fees since July 1, 2016, when the tipping fee increased \$1.50 to \$68.50 per ton. Effective July 1, 2013 the Board adopted an AB939 Fee, which generated \$2.32 million during the year ended June 30, 2019. This revenue is guaranteed regardless of tonnage received. This will reduce the fluctuations in revenue due to changes in tonnage.

#### CalPERS UAL Paydown

During FY 2018-19, the Authority used FY 2017-18 cash surpluses to pay off its entire \$1.1 million in unfunded retirement liability, saving the Authority over \$1 million in interest payments over the scheduled amortization through 2045. CalPERS will implement a reduction of the discount rate from 7.25% to 7.00% in its next actuarial. This change will leave an estimated \$200,000 in unfunded liability that the Authority will begin to pay down during fiscal year 2019-20. Additionally, any gains or losses in investments from CalPERS, or changes in assumptions, will affect our funded status going forward. The Authority will continue to allocate funds in its budget to continue to pay off changes in this liability in the shortest reasonable time frame possible.

#### **Bond Issue 2014**

On January 28, 2014, the Authority completed a refunding of the revenue bonds issued in 2002 and refinancing of the Crazy Horse Canyon Landfill installment purchase agreement with the City of Salinas. The refunding revenue bonds total \$31,390,000. The refunding bonds were sold in two series, Series 2014A and Series 2014B. Series 2014A, totaling \$27,815,000, refunded the Series 2002 revenue bonds and Series 2014B, totaling \$3,575,000, refinanced the Crazy Horse Canyon Landfill installment purchase agreement.

The maximum annual debt service is \$3,137,000 including interest at varying rates up to 5.50%. The final interest and principal payment on the bonds is scheduled for August 1, 2031.

#### **Expansion Fund**

The "Expansion Fund" was established to collect proceeds from the sale of outside waste, pay costs associated with increased tonnage generated by outside waste, and pay the costs related to locating and permitting a new landfill site, and other long-term expansion costs. Over the term of the revised agreement with South Valley Disposal, revenue from the sale of outside waste was \$23.18 million, with costs estimated at \$4.9 million to operate Crazy Horse, \$1.8 million for landfill cell liners at Johnson Canyon, \$2.2 million in closure costs set-asides, and \$1.8 million in taxes and fees. In addition to money allocated to CIPs related to expansion and conversion technologies, and investment earnings, the Board of Directors decided to use these funds for operations during the Great Recession until the economy recovered in order to avoid tipping fee increases. At June 30, 2019, the Expansion Fund had unrestricted net position of \$8,414,581.

#### **Summary**

Benefitting from the highest tonnage accepted since 2006 (226,362), the Authority increased its net position by \$6,928,280 and ended the year with a Net Position of \$12,377,088. With principal payments on the Equipment Lease Payable, and Bonds Payable, the Net Position is expected to continue to improve, allowing the Authority to set aside reserves and possibly continue to prefund some of its long-term liabilities.

#### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Salinas Valley Solid Waste Authority for its CAFR for the year ended June 30, 2018. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. Salinas Valley Solid Waste Authority has received this award every year beginning with fiscal year ending June 30, 2014.

I would like to take this opportunity to thank the members of the Salinas Valley Solid Waste Authority's Board of Directors for their interest and support in the financial operations of the Authority. It is the responsible and progressive manner in which business is conducted that makes the Authority successful. I would also like to extend special recognition to the Authority staff for their day-to-day involvement in the operations. In addition, I would like to offer special thanks to Ernesto Natera (Business Services Supervisor), Linda Vasquez (Accounting Technician), and Salma Sandoval (Accounting Technician), without whom this presentation would not be possible. I would also like to thank the Authority's auditors McGilloway, Ray, Brown & Kaufman. It is the combined effort of all participants that resulted in the issuance of this document.

Respectfully submitted,

C. Ray Hendricks

Finance and Administration Manager/Treasurer/Controller

#### INDEPENDENT AUDITOR'S REPORT

The Honorable Board of Directors of the Salinas Valley Solid Waste Authority Salinas, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of Salinas Valley Solid Waste Authority (the Authority), as of and for the year ended June 30, 2019, and the related notes to the basic financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Daniel M. McGilloway, Jr., CPA, CVA | Gerald C. Ray, CPA | Patricia M. Kaufman, CPA, CGMA | Larry W. Rollins, CPA Jesus Montemayor, CPA | Smriti Shrestha, CPA

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Salinas Valley Solid Waste Authority as of June 30, 2019, and the respective changes in financial position and cash flows, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of Authority's proportionate share of the net pension liability and related ratios as of measurement date – cost sharing defined benefit pension plan, the schedule of statutorily required employer contributions pension plan, the schedule of changes in the Authority's net OPEB liability and related ratios as of measurement date, and the schedule of employer OPEB contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on the supplementary information.

McGilloway, Ray, Brown & Kaufman Salinas, California

McGilloway, Ray, Brown & Kaufman

October 3, 2019

#### Introduction

This section of the Salinas Valley Solid Waste Authority (Authority) Comprehensive Annual Financial Report (CAFR) presents a narrative overview and comparative analysis of the financial activities of the Authority for the fiscal years ended June 30, 2019 and June 30, 2018. Please consider the information presented here in conjunction with the basic financial statements that immediately follow, along with the letter of transmittal, and other portions of this CAFR.

For the fiscal year ended June 30, 2019, the Authority adopted the following pronouncements of the Governmental Accounting Standards Board (GASB):

- Statement No. 83, "Certain Assets Retirement Obligation"
- Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements"

#### **Financial Highlights**

- The Authority's net position increased \$6,928,280 to \$12,377,088.
- Operating revenues increased \$252,113 (1.1%) as the result of increased economic activity and an increase to the organics processing fees.
- Waste landfilled increased by 12,672 tons (5.9%) from 213,714 tons in fiscal year 2017-18 to 226,386 tons in fiscal year 2018-19 as the result of increased economic activity.
- Operating expenses increased by \$646,272 (4.1%) to \$16,337,140 due primarily to increases in contractual services and supplies needed to run the landfill, as well as an increase of \$146,370 in depreciation and in increase of \$160,855 in Closure/Post-Closure Maintenance Expenses.
- The Authority's total liabilities decreased by \$1,578,611 to \$54,009,456.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the CAFR, which is comprised of three components: 1) Management Discussion and Analysis (this document), 2) Basic Financial Statements, and 3) Notes to the Basic Financial Statements. This report also contains other supplementary information in addition to the basic financial statements for further information and analysis.

#### **Basic Financial Statements**

The Basic Financial Statements of the Authority report information about the Authority using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The Statement of Net Position includes all of the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. It provides information about the nature and amounts of investments in resources (assets) and the obligations to Authority creditors (liabilities). It also provides the basis for computing rate of return, evaluating the capital structure of the Authority, and assessing the liquidity and financial flexibility of the Authority.

All the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine the Authority's credit worthiness and whether the Authority has successfully recovered all its costs through its user fees and other charges.

The final required Financial Statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the Authority's cash receipts and cash payments during the reporting period. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations and investments.

#### **Notes to the Basic Financial Statements**

The notes provide additional information that is essential to fully understand the data provided in the financial statements.

#### **Required Supplementary Information**

In addition to the basic financial statements, a CAFR also provides Required Supplementary Information that presents the funding progress of the Authority's retirement plan.

#### FINANCIAL STATEMENTS ANALYSIS

#### **Statement of Net Position**

The Statement of Net Position is a good indicator of the Authority's financial position. At the end of this fiscal year, the Authority closed with a net position of \$12,377,088, which is an increase of \$6,928,280 from the prior year net position of \$5,448,808.

The following is the condensed Statement of Net Position for the fiscal years ended June 30, 2019 and 2018:

Salinas Valley Solid Waste Authority Condensed Statement of Net Position June 30, 2019 and 2018

	2019	2018	Change	% Change
Assets				
Current Assets	\$ 28,293,095	\$ 25,809,990	\$ 2,483,105	9.6%
Other Assets	4,497,012	4,152,902	344,110	8.3%
Capital Assets, Net	31,238,688	29,228,278	2,010,410	6.9%
Total Assets	64,028,795	59,191,170	4,837,625	8.2%
Deferred Outflows of Resources	2,410,103	1,929,837	480,266	24.9%
Liabilities				
Current Liabilities	5,284,278	5,022,342	261,936	5.2%
Long-term Liabilities	48,725,178	50,565,725	(1,840,547)	-3.6%
Total Liabilities	54,009,456	55,588,067	(1,578,611)	-2.8%
Deferred Inflows of Resources	52,354	84,132	(31,778)	-37.8%
Net Position				
Net Investment in				
Capital Assets	1,564,130	(2,956,872)	4,521,002	152.9%
Restricted	858,720	956,776	(98,056)	-10.2%
Unrestricted	9,954,238	7,448,904	2,505,334	33.6%
Total Net Position	\$ 12,377,088	\$ 5,448,808	\$ 6,928,280	127.2%

The deficit in Net Investment in Capital Assets of \$ 2,956,872 in 2018 was the result of capital assets depreciating at a faster rate than the related debt was being paid. The repayment schedule of the 2014 refunding bonds had minimal principal payments for the first few years. With full principal payments being paid beginning in FY 2018-19, the deficit position in Net Investment in Capital Assets has improved. The Authority has also begun building a new compost facility with the assistance of a \$1.3 million state grant, as well as a new lined disposal cell at the landfill with the use of cash on hand. As the Authority continues to set aside cash for future capital needs (Pay-As-You-Go), while paying down the debt, the Net Investment in Capital Assets will continue to improve.

#### Statement of Revenues, Expenses and Changes in Net Position

The following is the Condensed Statement of Revenues, Expenses, and Changes in Net Position for the fiscal years ended June 30, 2019 and 2018.

Salinas Valley Solid Waste Authority Condensed Statement of Revenues, Expenses and Changes in Net Position For the years ended June 30, 2019 and 2018

	2019	2018	Change	% Change
Operating Revenues				
Charges for Services	\$22,094,564	\$21,532,600	\$ 561,964	2.6%
Sales of Materials	655,378	701,566	(46,188)	-6.6%
Operating Grants and Contributions	69,126	332,789	(263,663)	-79.2%
Total Operating Revenues	22,819,068	22,566,955	252,113	1.1%
Operating Expenses	16,337,140	15,690,868	646,272	4.1%
Operating Income/(Loss)	6,481,928	6,876,087	(394,159)	-5.7%
Non-operating Revenues				
Investment Earnings	732,658	303,212	429,446	141.6%
Other Non-operating Revenue	1,123,201	167,367	955,834	571.1%
Total Non-operating Revenues	1,855,859	470,579	1,385,280	294.4%
Non-operating Expenses				
Interest Expense	(1,382,565)	(1,482,988)	100,423	-6.8%
Loss on Disposition of Capital Assets	(26,942)		(26,942)	100.0%
Total Non-operating Expenses	(1,409,507)	(1,482,988)	73,481	-5.0%
Change in Net Position	6,928,280	5,863,678	1,064,602	18.2%
Total Net Position (Deficit) - Beginning of Year	5,448,808	(404,354)	5,853,162	1447.5%
Prior Year New Accounting Prouncement - Note 19		(10,516)		
Net Position - Ending of Year	\$12,377,088	\$ 5,448,808	\$ 6,928,280	127.2%

The Authority's activities increased the net position \$6,928,280 to \$12,377,088. Key elements of this change are as follows:

Operating revenues increased \$252,113 (1.1%) as the result of increased economic activity and an increase to the organics processing fees. An increase in landfilled tons resulted in \$810,700 in additional tipping fee revenue from solid waste. The transportation surcharge decreased \$242,372 due to a reduction of tons transferred within the Authority system. Republic has purchased Madison Lane and are now responsible for the costs of moving the material from their curbside collections that are transferred by their transfer station. Other charges for services had a net decrease of \$6,364. Sales of Materials decreased by \$46,188.

Operating expenses increased by \$646,272 (4.1%) to \$16,337,140. The \$472,443 increase in contractual services is due primarily to work being done on a waste composition study, a financial model, and other maintenance work at the open and closed landfills. Personel Services, and supplies needed to run the landfill increased by \$232,112. This was necessary to maintain services due to increased materials being accepted by our sites. Depreciation increased \$146,370. Closure/Post-Closure Maintenance Expenses increased \$160,855

Postclosure maintenance expenses for Crazy Horse Canyon Landfill were \$653,083. Postclosure maintenance expenses for Lewis Road Landfill were \$119,788. Postclosure maintenance expenses for Jolon Road Landfill were \$125,557. For the active Johnson Canyon Landfill, Closure and Postclosure Liabilities are expensed as a percentage of capacity used at the landfill. FY 2018-19 expenses for postclosure were \$66,865. Closure expenses were \$429,764.

Investment earnings increased by \$429,446 due to higher returns on the investments

Other non-operating revenue increased by \$955,834 as the result of \$1,014,415 capital grant received by the Authority during FY 2018-19 for the purchase of equipment and the construction of a new composting facility.

The \$1,409,507 in non-operating expenses is for interest paid on the Authority's long-term debt and loss on disposal of capital assets.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### **Capital Assets**

At the end of the fiscal year, the Authority had \$31,238,688 invested in capital assets, primarily in landfills as summarized below. During this fiscal year, the Authority added \$3,933,375 in capital assets and recorded a depreciation expense of \$1,758,114. Additional information on the Authority's capital assets can be found in Note 6.

Salinas Valley Solid Waste Authority Condensed Statement of Capital Assets For the years ended June 30, 2019 and 2018

	2019	2018
Land	\$ 188,621	\$ 42,600
Buildings	378,569	456,484
Improvements other than buildings	55,519,980	55,385,107
Equipment	8,622,846	9,095,470
Construction in progress	3,742,910	676,377
Total Capital Assets	68,452,926	65,656,038
Accumulated Depreciation	(37,214,238)	(36,427,760)
Net Capital Assets	\$ 31,238,688	\$ 29,228,278

#### **Long-Term Debt**

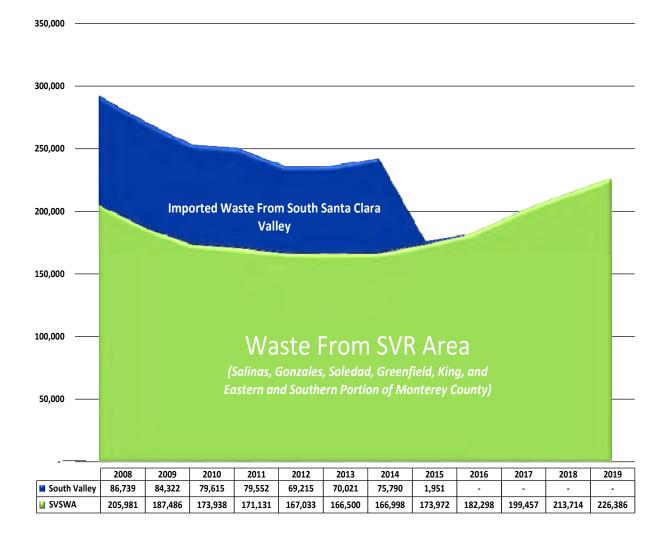

At the end of this fiscal year, the Authority had \$29.95 million in long-term debt as shown below. No new debt was incurred during the fiscal year. Principal payments of \$2,383,139 were paid on the debt. Additional information on the Authority's long-term debt can be found in Note 8. Standard & Poor's Corporation (S&P) upgraded the revenue bonds a rating to "AA".

Salinas Valley Solid Waste Authority Condensed Statement of Long-Term Debt For the years ended June 30, 2019 and 2018

	2019	2018
2014A (AMT) Refunding Revenue Bond	\$ 26,405,000	\$ 27,670,000
2014B (Taxable) Refunding Revenue Bond	1,935,000	2,280,000
2014 Refunding Revenue Bond Premium	1,398,109	1,564,986
Equipment Lease Payable	212,663	985,802
Total	\$ 29,950,772	\$ 32,500,788

#### ECONOMIC FACTORS AND NEXT YEAR'S RATES

The Authority's operations are dependent on the amount of solid waste that is received at the landfills. A recession can have a drastic effect on solid waste tonnage, as is shown from 2006 to 2012 when the Great Recession lead to a 25% decrease in landfilled tonnage. Tonnage remained largely unchanged from 2012 to 2014 and began an upward trend in 2015. In 2019 the Authority landfilled 226,386 tons. Management has conservatively budgeted 190,000 tons during 2019-20 with the tipping fee remaining at \$68.50 per ton. The 2019-20 budget is balanced.

#### CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. If there are any questions about this report or need additional financial information, please contact the Authority's Finance Department, at the Salinas Valley Solid Waste Authority, 128 Sun Street, Suite 101, Salinas, California 93901.

Noncash Investing, Capital and Financing Activities Amortization of Bond Premium	\$ 166,877	\$ 169,026

#### 1. Summary of Significant Accounting Policies:

<u>Financial Reporting Entity:</u> The Salinas Valley Solid Waste Authority (Authority) is a joint exercise of powers authority, created pursuant to an agreement dated as of January 1, 1997, (the "Authority Agreement") among the County of Monterey and the cities of Salinas, Gonzales, Greenfield, Soledad and King (the "Members"). The Authority was established to acquire and manage the landfill assets of each member, ensure long-term landfill capacity of the Authority service area and provide unified and coordinated solid waste management for the member agencies.

The Authority is governed by a nine member governing board, consisting of three members of the Salinas City Council, two members of the Monterey County Board of Supervisors, and one City Council member each from the cities of Gonzales, Greenfield, King City and Soledad. Pursuant to the Authority Agreement, the affirmative vote of at least one member of the Authority Board who is a member of the Salinas City Council is required to approve Board actions.

<u>Accounting Principles</u>: The accounting policies of the Authority conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountant (AICPA).

<u>Basis of Presentation:</u> The financial activities of the Authority are accounted for in a single enterprise fund that reports the operations of the solid waste system, which is financed primarily by tipping fees. The solid waste system includes landfills, transfer stations, and resource recovery facilities located in Monterey County. Solid waste collection services are provided by local municipalities and private companies.

<u>Basis of Accounting</u>: The Authority's single enterprise fund is accounted for using the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when they are incurred.

Measurement Focus: The Authority's single enterprise fund is accounted for on a cost of service or "economic resources" measurement focus. This means that assets and all activities are included on the statement of net position. Operating statements present increases (revenues) and decreases (expenses) in net total assets. The financial statements distinguish operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to residents and customers for waste collection and disposal and the revenues from the sale of processed waste materials. Operating expenses include the cost of waste disposal and recycling services, administrative expenses, closure and post closure maintenance, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses.

<u>Budgets</u>: The Authority adopts an annual operating budget as a financial plan for the year, pursuant to the legal requirements of the Authority's bond documents. The budget is adopted by the governing Board as an operating plan and budgetary basis financial statements are not presented because there is no legal requirement to report budgetary basis financial information.

<u>Cash and Cash Equivalents</u>: Cash and cash equivalents consist of petty cash, deposits in non-interest bearing checking accounts, public investment money market accounts, and investments with Local Authority Investment Fund (LAIF) managed by the State of California. Deposits in LAIF are generally available for withdrawal by the Authority on a next day basis and are therefore considered cash equivalents.

For purposes of determining cash equivalents, the Authority has defined its policy concerning the treatment of short-term investments to include investments with a maturity of three months or less when purchased as cash equivalents if management does not plan to reinvest the proceeds. Short-term investments that management intends to rollover into similar investments are considered part of the investment portfolio and are classified as investments.

<u>Investments</u>: Investments consisted of deposits in open end, money market mutual funds and deposits with the LAIF, an investment pool with restricted withdrawals, which is restricted for debt service. All investments are stated at fair value.

<u>Accounts Receivable</u>: Accounts receivable are composed primarily of monthly billings for tipping fees, services, and contractual amounts receivables. All accounts receivable are uncollateralized.

The Authority sets aside an allowance for uncollectible accounts based on an analysis of those accounts considered to be uncollectible at year-end. Accounts receivable are reported net of the allowance for uncollectible accounts.

<u>Prepaid Expenses</u>: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

<u>Restricted Cash</u>: Restricted cash of the Authority represent funds required to be set-aside for the eventual closure of the landfills under state law. Restricted resources are used first to fund expenses incurred for restricted purposes.

<u>Capital Assets</u>: Capital assets which include property, plant, equipment, and landfills are recorded at historical cost or estimated historical cost if actual cost is not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Expenses, which materially extend the useful life of existing assets, are capitalized. Certain costs for professional services and interest associated with the acquisition and construction of capital assets have been capitalized. The cost of capital assets sold or retired is removed from the appropriate accounts and any resulting gain or loss is included in the change in net position.

The cost of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation of capital assets other than landfill cells is computed using the straight-line method, beginning the following fiscal year, over the estimated useful lives of the assets, which are summarized as follows:

Buildings	20-40 years
Other Improvements	4-50 years
Equipment	5-10 years

Landfill cells are depreciated/amortized based on units of consumption. Units-of-consumption depreciation rates are determined annually for our operating landfill at Johnson Canyon. The rates are based on estimates provided by our engineers and accounting personnel and consider the information provided by airspace surveys, which are performed at least annually. Significant changes in our estimates could materially increase our landfill depletion rates, which could have a material adverse effect on our financial condition and results of operations. In addition, by the time a landfill stops accepting waste that landfill must be fully depreciated. This may lead to larger amounts of depreciation charged at the end of the landfill's life for projects capitalized in those latter years.

<u>Compensated Absences</u>: Authority employees accumulate Paid Time Off (PTO) which is payable to employees upon termination or retirement at the pay rate on that date. The Authority accrues unused PTO, and related taxes and benefits payable within one year on the statement of net position as current liabilities.

<u>Public Employees Retirement System</u>: The Authority offers 2 retirement plans to its employees. Employees hired before January 1, 2013 are members of the CalPERS Classic Plan and employees hired after January 1, 2013 are members of the California Public Employees' Pension Reform Act Plan (PEPRA Plan).

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pension expenses, information about the fiduciary net position of the Salinas Valley Solids Waste Authority's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS finance office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. See Note 12 for the CalPERS Classic Plan disclosures.

Post-employment Benefits Other than Pensions: The Authority's net Other Post-Employment Benefits (OPEB) Obligation is recognized as a long-term liability in the Statement of Net Position, the amount is actuarially determined. The Authority offers health benefits to retirees under age 65 as well as their qualified dependents, as required by state law. The Authority joined The California Employer's Retiree Benefit Trust (CERBT) in 2017 to prefund it's OPEB liability. It's initial cash contribution to the plan was \$438,000. For future contributions, the Authority will us the annual required contribution (ARC) of the employer, which is expected to prefund all unfunded liabilities by 2040.

<u>Deferred Outflows and Inflows of Resources</u>: In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

Pensions - for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the CalPERS Public Employees Retirement System (CalPERS) and additions to/deductions from CalPERS' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB) - For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Authority's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Loss on Refunding - the item that qualifies in this category is the deferred loss on refunding reported in the Statement of Net Position (deferred outflow). Deferred charges, resulting from the carrying value of refunded debt and its reacquisition price, are deferred and amortized over the shorter of the life of the refunded debt or refunding debt.

<u>Net Position</u>: The statement of net position reports all financial and capital resources. Net position represents total assets and deferred outflows of resources less liabilities and deferred inflow of resources, are three components of net position.

Net investment in capital assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent, related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

*Restricted* - This component of net position consists of constraints placed on the use of net position by external restrictions imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. There are no net positions restricted by enabling legislation.

*Unrestricted* - This component of net position consists of net position that do not meet the definition of net investment in capital assets or restricted.

<u>Operating Revenue Recognition</u>: Revenue from tipping fees is recognized when the service is provided for customers using the Authority's facilities. Credit customers are billed monthly and noncredit customers pay at the transfer station, landfill, or resource recovery facility.

<u>Grants</u>: In the normal course of operations, the Authority receives funds from state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement, which may arise as the result of these audits is not believed to be material.

<u>Restricted and Unrestricted Resources</u>: When both restricted and unrestricted resources are available for use, it is the Authority's practice to use restricted resources first, then unrestricted resources as they are needed.

<u>Amortization</u>: Premium, discount and insurance on long-term debt are amortized on the effective interest rate method over the life of the related debt issues.

<u>Landfill Expenses</u>: Landfill expenses include the cost to design and construct landfill cells on property permitted and approved as a landfill site. The design and construction costs for each cell are recorded as capital assets. Landfill expenses also include accruals for landfill closure and post closure care costs based on the landfill capacity used in each year.

<u>Estimates</u>: Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

<u>Comparative Prior Year Financial Information</u>: Selected information regarding the prior year has been included in the accompanying financial statements. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Authority's prior year financial statements, from which this selected financial data was derived.

#### Reclassifications

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year's financial statement presentation.

<u>New Accounting Pronouncements</u>: The following Governmental Accounting Standards Board (GASB) Statements have been implemented in the current financial statements:

Statement No. 83	"Certain Assets Retirement Obligation"	The provisions of this statement are effective for reporting periods beginning after June 15, 2018. This statement has no financial effect on these financial statements.
Statement No. 88	"Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements"	The provisions of this statement are effective for reporting periods beginning after June 15, 2018. This statement has no financial effect on these financial statements.

Future Accounting Pronouncements: GASB Statements listed below will be implemented in future financial statements:

Statement No. 84	"Fiduciary Activities"	The provisions of this statement are effective for reporting periods beginning after December 15, 2018.
Statement No. 87	"Leases"	The provisions of this statement are effective for reporting periods beginning after December 15, 2019.
Statement No. 89	"Accounting for Interest Cost Incurred before the End of a Construction Period"	The provisions of this statement are effective for reporting periods beginning after December 15, 2019.
Statement No. 90	"Majority Equity Interests —an amendment of GASB Statements No. 14 and No. 61"	The provisions of this Statement are effective for reporting periods beginning after December 15, 2018.
Statement No. 91	"Conduit Debt Obligations"	The provisions of this Statement are effective for reporting periods beginning after December 15, 2020.

#### 2. Cash and Investments:

<u>Cash and Investments</u>: The bank balance and carrying value of the Authority's cash and investments, including restricted balances, at June 30, 2019 were as follows:

Cash and Cash Equivalents	
Unrestricted Cash	\$ 24,387,438
Restricted Cash	4,566,813
Total Cash and Cash Equivalents	\$ 28,954,251
The Authority's cash and investments at June 30, 2019, were held as follows:	
Cash managed by the Authority's Treasurer	\$ 375,338
Investments managed by the Authority's Treasurer	28,578,913
Total Cash and Investments	\$ 28,954,251

The Authority's investment policy conforms to state law (Government Code Sections 53601 through 53659). The investment of bond proceeds is governed by the specific Indenture of Trust. The investment policy is reviewed annually. The Authority's investments are carried at fair value, as required by generally accepted accounting principles. The Authority adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year.

Investment in State Investment Pool (LAIF): The Authority participates in the California Local Agency Investment Fund (LAIF), an investment pool managed by the State of California. LAIF is a special fund of the California State Treasury through which local governments may pool investments. At June 30, 2019, the total fair value amount invested by all public agencies in LAIF is \$106,593,486,872 and managed by the State Treasurer. Of that amount, 1.77% is invested in medium-term and short-term structured notes and asset-back securities. No amounts were invested in derivative financial products. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State Statute. The fair value of the Authority's investment in this pool is reported in the accompanying financial statements at amounts based upon the Authority's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

<u>Disclosures Related to Fair Value Measurement:</u> The Authority measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Authority has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

At June 30, 2019, the Authority had no leveled investments. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Accordingly, the Authority's measured fair value of its proportionate share in these types of investments is based on uncategorized inputs not defined as a Level 1, Level 2, or Level 3 input.

<u>Custodial Credit Risk</u>: Custodial credit risk is defined as the risk that the Authority may not recover the securities held by another party in the event of a financial failure. The Authority's investment policy for custodial credit risk requires all investment securities to be held in the Authority's name by a third party safekeeping institution. All deposits with financial institutions are considered fully insured or collateralized pursuant to the custodial credit risk categories of GASB Statement No. 3. According to the investment policy investment of bond proceeds are restricted by the provisions of relevant bond documents.

<u>Credit Risk</u>: The safety and risk associated with an investment refers to the potential loss of principal, interest or a combination of these amounts. Investments of the Salinas Valley Solid Waste Authority shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio. The Authority only invests in those instruments that are considered very safe.

The LAIF managed by the State Treasurer, representing 100% of the investment portfolio, is not rated.

Concentration of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer. The Authority's investment policy addresses the concentration of credit risk by limiting the maximum amount that may be invested in certain investments and in any one issuer, except for investments in LAIF. The investment in LAIF Account, representing 100%, of the portfolio are not considered a concentrated risk

The Authority was in compliance with these limitations at June 30, 2019. At June 30, 2019, certain individual investments exceeded 5% of the total investment portfolio (including cash and cash equivalents) as follows:

	Investment Maturities									
					% of					
Investment Type	Fair Value	0-6 Mths	6-12 Mths	1-5 years	Total					
State of California										
Local Agency Investment Fund	\$ 28,578,913	\$ 15,632,665	\$8,716,569	\$ 4,229,679	100.0					
	\$ 28,578,913	\$ 15,632,665	\$8,716,569	\$ 4,229,679	100.0					

<u>Interest Rate Risk:</u> The Salinas Valley Solid Waste Authority uses the State of California's Local Agency Fund as its primary investment vehicle. LAIF spreads investments over various maturities minimizes the risk of portfolio depreciation due to a rise in interest rates. The table above shows the distribution of the Authority's portion of LAIF investments by maturity.

#### 3. Receivables:

Receivables and the related allowance for doubtful accounts at June 30, 2019, are summarized as follows:

Tipping Fee Accounts Receivable	\$ 3,025,459
Intergovernmental Grants Receivable	254,066
Sales of Recycling Materials	75,778
LFG Gas Royalties	73,920
Franchise Administration	19,765
Employees' Flexible Spending Account	13,968
Vision Recycling Fuel	1,727
WM JR Electricity	2,428
Refund Payment	452
Total Receivables	3,467,563
Allowance for Doubtful Accounts	(8,632)
Total Receivables, Net	\$ 3,458,931

#### 4. <u>Loss on Bonds Refunding:</u>

The Authority had a loss on the refunding of the Series 2002 Revenue Bonds, which is a deferred outflow of resources.

Deferred Outflows of Resources balances for the year ended June 30, 2019 were as follows:

	June 30, 2018	Increases		Increases Decreases			June 30, 2019
Loss on Refunding of Bonds:							
2014A (AMT) Refunding Revenue Bonds	\$ 291,519	\$	-	\$(30,481)	\$ 261,038		
2014B (Taxable) Refunding Revenue Bond	24,118			(8,942)	15,176		
-	\$ 315,637	\$	_	\$(39,423)	\$ 276,214		

The loss is amortized using the effective interest rate method as principal payments are made and is attributed to each of the refunding series of bonds, as follows.

		2014A (AMT) Refunding		3 (Taxable) funding	
Fiscal Year Ended June 30,	Rev	renue Bond	Reve	enue Bond	 Total
2020	\$	34,588	\$	5,332	\$ 39,920
2021		32,754		4,232	36,986
2022		30,826		3,087	33,913
2023	28,800		1,888		30,688
2024		26,667		637	27,304
2025-2029		89,897		-	89,897
2030-2032		17,506		_	17,506
	\$	261,038	\$	15,176	\$ 276,214

#### 5. Restricted Cash:

Cash and investments of \$4,566,813 are recorded as restricted assets at June 30, 2019.

Cash and investments of \$4,497,012 are restricted by the California Integrated Waste Management Board for the closure of Johnson Canyon Landfill.

Cash and investments of \$4,786 are restricted by the Flexible Spending Arrangement for employees' pay out-of-pocket health and child care costs.

Cash and investments of \$65,015 are restricted by agreement with the Central Coast Recycling Media Coalition. These funds are to be used for the Tri-County public/private cooperative marketing and advertising projects.

#### 6. <u>Capital Assets</u>:

The changes in capital assets of the Authority for the year ended June 30, 2019, are summarized as follows:

	June 30, 2018		Reclass		Increases	Decreases		J	une 30, 2019
Nondepreciable assets:									
Land	\$	42,600	\$ 146,0	21	-		-	\$	188,621
Construction in Progress		676,377	-		3,204,440	(137	,907)	•	3,742,910
Total nondepreciable assets		718,977	146,0	21	3,204,440	(137	,907)		3,931,531
Depreciable Assets:									
Buildings		456,484	(	18)	-	(77	,897)		378,569
Other Improvements	55	,385,107	46,5	87	110,875	(22	,589)	5.	5,519,980
Machinery and Equipment	9	,095,470	(192,5	90)	618,060	(898	,094)		8,622,846
Total depreciable assets	64	,937,061	(146,0	21)	728,935	(998	,580)	64	4,521,395
Less Accumulated Depreciation	(36	,427,760)			(1,758,114)	971	,636	(3'	7,214,238)
Total Depreciable Assets, Net	28	,509,301	(146,0	21)	(1,029,179)	(26	,944)	2	7,307,157
Total Capital Assets, Net	\$ 29	,228,278	\$		\$2,175,261	\$ (164	,851)	\$3	1,238,688

The accumulated depreciation by major class is summarized as follows:

	June 30, 2018	Increases	Decreases	June 30, 2019		
Buildings	\$ (368,023)	\$ (30,644)	\$ 77,915	\$ (320,752)		
Other Improvements	(31,425,055)	(608,936)	22,588	(32,011,403)		
Machinery and Equipment	(4,634,682)	(1,118,534)	871,133	(4,882,083)		
Total	\$ (36,427,760)	\$ (1,758,114)	\$ 971,636	\$ (37,214,238)		

#### 7. Accrued Leave:

Employees are eligible to receive their entire unused paid time off upon termination, or can elect to be paid annually for a maximum of fifteen days of annual leave, depending on years of service. At June 30, 2019, the liability for this accrued leave is \$546,132.

The changes in accrued leave of the Authority for the year ended June 30, 2019, are summarized as follows:

	J	June 30, 2018	In	icreases	 June 30, 2019		
Accrued Leave							
Current	\$	86,776	\$	12,267	\$ (33,878)	\$ 65,165	
Noncurrent		461,679		86,393	 (67,105)	480,967	
Total	\$	548,455	\$	98,660	\$ (100,983)	\$ 546,132	

#### 8. Long Term Liabilities:

The following is a summary of long term liabilities for the fiscal year ended June 30, 2019:

	June 30, 2018	Increases	Decreases	June 30, 2019	Due Within One year
Long Term Debt:					
2014A (AMT) Refunding					
Revenue Bonds	\$ 27,670,000	\$ -	\$ (1,265,000)	\$ 26,405,000	\$ 1,330,000
2014B (Taxable) Refunding					
Revenue Bonds	2,280,000	-	(345,000)	1,935,000	355,000
2014 Revenue Bonds					
Original Issue Premium	1,564,986	-	(166,877)	1,398,109	162,916
Equipment Lease Payable	985,802		(773,139)	212,663	212,663
Long Term Debt Subtotal	32,500,788	-	(2,550,016)	29,950,772	2,060,579
Other Long Term Liabilities:					
Post Employment Benefits	1,882,446	-	(441,883)	1,440,563	-
Closure Payable	3,268,984	429,764	-	3,698,748	-
Postclosure Payable	15,563,106	225,211		15,788,317	573,610
Total Long Term Liabilities	\$ 53,215,324	\$ 654,975	\$ (2,991,899)	\$ 50,878,400	\$ 2,634,189

The annual debt service requirements for long term debt are as follows:

Fiscal Year Ended June 30,	Principal		Interest		Total
2020	\$ 1,897,663	\$	1,452,290	\$	3,349,953
2021	1,770,000		1,366,699		3,136,699
2022	1,855,000		1,278,956		3,133,956
2023	1,950,000		1,185,730		3,135,730
2024	2,050,000		1,086,791		3,136,791
2025-2029	11,420,000		3,674,113		15,094,113
2030-2032	7,610,000		642,950		8,252,950
	\$ 28,552,663	\$	10,687,529	\$	39,240,192

On January 28, 2014, Salinas Valley Solid Waste Authority issued Alternative Minimum Taxable bonds (Series 2014A) with a par value of \$27,815,000. These refunding revenue bonds were sold for \$30,069,049. This resulted in an original issue premium of \$2,254,049 meaning the bonds sold at 108.10% of the par value. The purpose of the bond's issuance was to currently refund the refunded Series 2002 revenue bonds. The balance of the Series 2002 bonds refunded was \$33,050,000. The Series 2014A bonds bear an interest rate of between 5% and 5.5% with varying annual principal payments beginning August 1, 2017 and semi-annual interest payments beginning August 1, 2014. The final principal and interest payment is due August 1, 2031.

In order to fully refund the Series 2002 revenue bonds, the Salinas Valley Solid Waste Authority made a debt service fund contribution of \$848,859 and a debt service reserve fund contribution of \$2,829,714. Unamortized Series 2002 bond issuance costs were \$252,002 at the date of refunding.

Additionally, on January 28, 2014, Salinas Valley Solid Waste Authority issued Taxable bonds (Series 2014B) with a par value of \$3,575,000. These bonds were sold at par. The purpose of the issuance of these bonds was to refund the Authority's 1997 Installment Purchase Agreement. The balance of the 1997 Installment Purchase Agreement refunded was \$3,287,588. The Series 2014B bonds bear an interest rate of between .990% and 4.841% with varying annual principal payments beginning August 1, 2014 and semi-annual interest payments beginning August 1, 2014. The final principal and interest payment is due August 1, 2023.

The annual debt service requirements for the 2014A (AMT) Refunding Revenue Bond are as follows:

2014A	(AMT)	Refunding	Revenue Bond
-------	-------	-----------	--------------

Fiscal Year Ended June 30,	Principal	Interest	Total
2020	\$ 1,330,000	\$ 1,371,375	\$ 2,701,375
2021	1,400,000	1,303,125	2,703,125
2022	1,470,000	1,231,375	2,701,375
2023	1,545,000	1,156,000	2,701,000
2024	1,630,000	1,076,625	2,706,625
2025-2029	11,420,000	3,674,113	15,094,113
2030-2032	7,610,000	642,950	8,252,950
	\$26,405,000	\$10,455,563	\$36,860,563

The annual debt service requirements for the 2014B (Taxable) Refunding Revenue Bond are as follows:

2014B (Taxable) Refunding Revenue Bond

Fiscal Year Ended June 30,	 Principal	 Interest		Total
2020	\$ 355,000	\$ 77,640	\$	432,640
2021	370,000	63,574		433,574
2022	385,000	47,581		432,581
2023	405,000	29,730		434,730
2024	420,000	10,166		430,166
	\$ 1,935,000	\$ 228,691	\$ 2	2,163,691

<u>Equipment Lease Payable</u>: The Equipment Lease is a capital lease for certain landfill equipment in the amount of \$3,670,000 for a term of 5 years. The first interest and principal payment is due June 30, 2015 and each year thereafter until June 30, 2020. The interest rate for this capital lease is 3.08%.

The equipment under this capital lease is included in machinery and equipment. Amortization of this equipment is included in depreciation expense. The annual debt service requirements are as follows:

Fiscal Year Ended June 30,	F	Principal	Iı	nterest	Total
2020	\$	212,663	\$	3,275	\$ 215,938
	\$	212,663	\$	3,275	\$ 215,938

Other Long-Term Payable: The other long-term liabilities include Other Post Employee Benefits as required by GASB Statement No. 75. This liability is for the employer's portion of medical insurance benefits for retirees from the Salinas Valley Solid Waste Authority.

The amounts accrued for Closure Payable and Postclosure Payable are mandated by the California Department of Resources, Recycling, and Recovery. This is the estimated liability for closing and maintaining for 30 years after closure the landfills of the Salinas Valley Solid Waste Authority.

#### 9. Unamortized Bond Premium:

The refunding bonds Series 2014A was sold at a premium of \$2,254,049. The premium is being amortized over the life of the bond issue.

The following is a summary of the 2014 Revenue Bonds unamortized premium at June 30, 2019:

	June 30,				June 30,
	2018	Increa	ases	Decreases	2019
Revenue Bonds, Series 2014	\$1,564,986	\$	-	\$ (166,877)	\$1,398,109

Total bonded debt outstanding at June 30, 2019 net of the unamortized bond premium is as follows:

Bonds payable	\$ 28,340,000
Add unamortized bond issue premium	 1,398,109
Net bonds payable	\$ 29,738,109

#### 10. Landfill Closure and Postclosure Requirements:

The Salinas Valley Solid Waste Authority operates a solid waste disposal system serving the waste shed of the cities of Salinas, Gonzales, Greenfield, Soledad and King, and the eastern and southern portions of the unincorporated area of Monterey County. The system currently consists of one active landfill (Johnson Canyon), two transfer stations (Sun Street and Jolon Road) and three closed landfills (Lewis Road, Jolon Road, and Crazy Horse).

The landfills are regulated by the California Department of Resources, Recycling, and Recovery (CalRecycle) which requires the Authority to set-aside funds annually for landfill closure and to fund postclosure maintenance for at least 30 years after closure. On June 19, 1998, the CalRecycle, approved the Authority's financial assurance mechanisms for closure and postclosure maintenance for the Authority's four landfills. Since then, the CalRecycle and the Authority have agreed to the financial assurance mechanism for corrective action for the Jolon Road, Johnson Canyon, Lewis Road, and Crazy Horse Landfills. The State found that the Enterprise Fund and Pledge of Revenue Agreement met the requirements of Title 27 of the California Code of Regulations and Federal Title 40 regulations. Under the terms of these agreements the Authority is to annually set-aside funds for

the closure of the landfills. The postclosure maintenance and corrective action costs will be funded on a pay-as-you go basis when they are actually incurred and are secured by a pledge of revenue.

Closure costs are determined and funded annually based on landfill capacity used. Although postclosure maintenance costs will be paid near or after the date that the landfills stop accepting waste, the Authority reports a portion of these costs as an operating expense in each period based on landfill capacity used as of each Statement of Net Position date.

Postclosure maintenance costs are based on the level of service required to protect the environment during the postclosure period. These include the cost of equipment and facilities, such as leachate collection systems and final cover maintenance. Postclosure care costs extend over a 30 year period of time. For this reason, it is likely there will be unforeseen repair or replacement costs during the postclosure period. Some of these variances are due to changes in technologies, changes in operational conditions and physical changes at the landfills. Estimated current costs of closure and postclosure care are evaluated annually as required by Generally Accepted Accounting Principles (GAAP). The results of the annual evaluation can increase or decrease closure and postclosure costs depending on the various components here described.

The system estimated capacity at June 30, 2019 is presented as follows:

	Johnson Canyon
Permitted Capacity (cu. yd.)	12,566,162
Cumulative Capacity Used (cu. yd.)	(2,993,126)
Remaining Capacity (cu. yd.)	9,573,036

System Capacity: As of June 30, 2019, the Authority has 76.18% of its system capacity remaining. System capacity is based on the capacity of the one active landfill, Johnson Canyon. During the fiscal year ended June 30, 2019, the Authority landfilled a total of 226,362 tons of solid waste. As of June 30, 2019 the Authority has 33 years remaining landfill capacity.

<u>Johnson Canyon Landfill</u>: On February 1, 2008, Johnson Canyon was granted a revised permit by the California Integrated Waste Management Board increasing its landfill capacity. The site capacity estimates and closure and postclosure costs were revised as part of the permit process. Johnson Canyon Landfill has capacity to the year 2052 based on remaining capacity and current in-place density per 2019 calculations.

<u>Closed Landfills</u>: Crazy Horse Landfill was closed on May 31, 2009 and received closure certification from CalRecycle in January 2017. Jolon Road Landfill is accepting waste only as a transfer station. The landfill was closed in October 2007. Lewis Road Landfill is a closed landfill. No refuse is being landfilled at any of these sites.

Closure and Postclosure Maintenance Costs: Estimated closure and postclosure maintenance costs and amounts set-aside for closure as of June 30, 2019, are presented as follows:

		Crazy	Johnson	Lewis	Jolon
	Total	Horse	Canyon	Road	Road
Estimated:					
Closure Cost	\$ 15,528,603	\$ -	\$ 15,528,603	\$ -	\$ -
Postclosure Maintenance Cost	17,628,852	12,022,687	2,416,001	1,512,574	1,677,590
Total Estimated	\$ 33,157,455	\$ 12,022,687	\$ 17,944,604	\$1,512,574	\$1,677,590
Expense (Income):					
Closure	\$ 429,764	\$ -	\$ 429,764	\$ -	\$ -
Postclosure Maintenance	965,293	653,083	66,865	119,788	125,557
Total Expense (Income)	\$ 1,395,057	\$ 653,083	\$ 496,629	\$ 119,788	\$ 125,557
Outstanding Liability:					
Closure	\$ 3,698,748	\$ -	\$ 3,698,748	\$ -	\$ -
Postclosure Maintenance	15,788,317	12,022,687	575,466	1,512,574	1,677,590
Total Liability	\$ 19,487,065	\$ 12,022,687	\$ 4,274,214	\$1,512,574	\$1,677,590
Assets Set-Aside for Closure-Cash	\$ 4,497,012	\$ -	\$ 4,497,012	\$ -	\$ -
Cash over/(under) Closure Liability	\$ 798,264	\$ -	\$ 798,264	\$ -	\$ -

Crazy Horse Landfill estimated postclosure costs increased \$258,806 as a result of the revised CalRecycle inflation factor of 102.2%. Current year postclosure expenditures were \$394,277.

Johnson Canyon Landfill estimated closure costs increased \$429,764 as a result of the revised CalRecycle inflation factor of 102.2%.

Johnson Canyon Landfill estimated postclosure costs increased \$66,865 as a result of the CalRecycle inflation factor of 102.2% and recalculation.

Lewis Road Landfill estimated postclosure costs decreased \$54,499 as a result of the revised CalRecycle inflation factor of 102.2%, and a change in estimate to the postclosure liability. Current year postclosure expenditures were \$174,286.

Jolon Road Landfill estimated postclosure costs decreased \$45,961 as a result of the revised CalRecycle inflation factor of 102.2%, and a change in estimate to the postclosure liability. Current year postclosure expenditures were \$171,286.

The postclosure maintenance liability of \$15,788,317 will be funded from future revenues as expenditures take place.

#### 11. <u>Deferred Compensation Plan:</u>

Effective July 1, 2004, the Authority established a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Small Business Job Protection Act of 1996 requires the establishment of a trust or similar vehicle to ensure that the assets of the deferred compensation plans under the Internal Revenue Code Section 457 are protected and used exclusively for the benefit of plan participants and/or their beneficiaries. All employees are eligible to participate through voluntary salary reduction. The Authority's adopted Plan Document includes the provision for such

a Trust. The existence of the trust does little to change the Plan structure except to add a layer of protection for money set aside for the employee against claims of the Employer's creditors.

The Authority's deferred compensation plan is administered by the ICMA Retirement Corporation. The ICMA Deferred Compensation plan has a balance of \$1,127,970 as of June 30, 2019. Since these funds are held by the ICMA Retirement Corporation under a trust arrangement for the benefit of the employees, these funds are not reported on the financial statements.

#### 12. Retirement Programs:

#### A. General Information about the Pension Plan

<u>Plan Description</u>: All qualified employees are eligible to participate in the Authority's Miscellaneous Employee Pension Plan, cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees Retirement System (CalPERS). The Authority selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided: CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members or beneficiaries. The Authority entered into a contract with CalPERS effective July 1, 2004 to provide 2% at 55 annual retirement benefits for Local Miscellaneous Members. The California Public Employees' Pension Reform Act (PEPRA) was approved in 2012. It provides a 2% at 62 annual retirement benefit for employees hired after January 1, 2013. All CalPERS participant pension benefits vest after five years of service. Once vested, the plan provides an annual pension at retirement using the following calculation. The employee's final eligible compensation, multiplied by the percentage that corresponds to the employee's age at retirement, multiplied by the number of years of service in the system.

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

	Miscellaneous		
	Classic	PEPRA	
Hire date	*Prior to January 1, 2013	On or after January 1, 2013	
Benefit formula	2% @ 55	2.0% at 62	
Benefit vesting schedule	5 years service	5 years of service	
Benefit payments	monthly for life	monthly for life	
Retirement age	50-63	52-67	
Monthly benefits, as a % of eligible compensation	1.426%-2.418%	1.000% to 2.500%	
Required employee contribution rates	7.00%	6.250%	
Required employer contribution rates	9.409%	6.842%	
Required Payment of Unfunded Liability	\$45,242	\$462	

**1** 1.

<sup>\*</sup>Plan is closed to new members. Miscellaneous members that were CalPERS participants before January 1, 2013, with no break of service over six months, may continue in the plan.

Contributions: Section 20814(c) of the California Public Employee's Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Authority is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The CalPERS contract was amended effective July 2, 2018 to include a 1% cost sharing for classic local miscellaneous members. Employees began paying 1% of the required employer contribution rate in addition to the 7% required employee contribution rate.

The Authority's contributions were as follows:

	Fisca	al Year Paid
		2018/19
Misc. Classic	\$	248,408
Misc. PEPRA		94,575
Additional Unfunded Liability Payment		1,088,124
	\$	1,431,107

### B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2019, the Authority reported net pension liabilities for its proportionate share of the net pension liability as follows:

	Fiscal	Year Ending
	Jun	e 30, 2019
Authority's Miscellaneous Plan	\$	981,942
Total Net Pension Liability	\$	981,942

The Authority's net pension liability is measured as the proportionate share of the net pension liability. The net pension liability is measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018 using standard update procedures. The Authority's proportion of the net pension liability was based on a projections of the Authority's long-term share of contributions to the pension plans relative to the projected contributions for all participating employers, actuarially determined. The Authority's proportionate share of the net pension liability as of June 30, 2019 and 2018 were follow:

	Percentage S	Share of Risk	Change:
	6/30/2019	6/30/2018	Increase/(Decrease)
Measurement date	6/30/2018	6/30/2017	
Percentage of Plan (PERF C) NPL	0.01019%	0.01112%	-0.00093%

For the year ended June 30, 2019, the Authority recognized pension expense of \$467,716. At June 30, 2019, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows		Deferred Infloy	
	of Reso	urces	of R	esources
Differences between expected and actual experience	\$ 3	37,675	\$	12,821
Changes in assumption	11	11,944		27,435
Net differences between projected and actual				
earnings on plan investments		4,854		-
Change in employer's proportion	20	08,209		12,098
Differences between the employer's contributions and				
the employer's proportionate share of contributions	17	76,520		-
Pension contributions subsequent to measurement date	1,43	31,107		-
Total	\$ 1,97	70,309	\$	52,354
Change in employer's proportion  Differences between the employer's contributions and the employer's proportionate share of contributions  Pension contributions subsequent to measurement date	208,209 s 176,520		\$	- -

\$1,431,107 reported as deferred outflows of resources related to contributions subsequent to the measurement date and will recognized as a reduction of the net pension liability in the year ended June 30, 2020. Recognition of amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ended June 30,		
2020	\$	266,024
2021		203,113
2022		26,545
2023		(8,834)
Total	\$	486,848

<u>Actuarial Methods and Assumptions Used to Determine Pension Liability</u>: The total pension liability for the June 30, 2018 measurement period was determined by an actuarial valuation as of June 30, 2017, with update procedures used to roll forward the total pension liability to June 30, 2018. Total pension liability was based on the following actuarial assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirements of
	GASB Statement No. 68
Actuarial Assumptions	
Discount Rate	7.15%
Inflation	2.50%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table*	Derived using CalPERS' Membership Data for all Funds
Post Retirement Benefit	Contract COLA up to 2.50% until Purchasing Power
Increase	Protection Allowance Floor on Purchasing Power
	applies

\*The Mortality table used was developed based on CalPERS' specific date. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of the scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2011) that can be found on the CalPERS website.

<u>Changes of Assumptions</u>: In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions in December 2017. There were no changes in the discount rate for the PERF C, which remained at 7.15%.

<u>Discount Rate</u>: The discount rate used to measure the total pension liability for PERF C was 7.15 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Long-term Expected Rate of Return:</u> The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set to equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The expected real rates of return by asset class per the CalPERS' Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2018 as followed:

Assumed Asset		Real Return	Real Return
Asset Class*	Allocation	Years 1-10**	Years 1-10***
Global equity	50.00%	4.80%	5.98%
Fixed income	28.00	1.00	2.62
Inflation assets	-	0.77	1.81
Private equity	8.00	6.30	7.23
Real assets	13.00	3.75	4.93
Liquidity	1.00	-	(0.92)

<sup>\*</sup>In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is include in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities

Amortization of Deferred Outflows and Deferred Inflows of Resources: The Net Difference Between Projected and Actual Earnings on Pension Plan Investments is amortized over a five-year period on a straight-line basis. One-fifth is recognized in pension expense during the measurement period, and the remaining Net Difference Between Projected and Actual Investment Earning on Pension Plan Investments is amortized over the remaining amortization periods. The Net Difference

<sup>\*\*</sup>An expected inflation of 2.00% used for this period

<sup>\*\*\*</sup>An expected inflation of 2.92% used for this period

Between Projected and Actual Investment Earnings on Pension Plan Investments in the Schedule of Collective Pension Amounts represents the unamortized balance relating to the current measurement period and the prior measurement periods on a net basis.

Deferred outflows of resources and deferred inflows of resources relating to Differences Between Expected and Actual Experience and Changes of Assumptions are amortized over the Expected Average Remaining Service Lifetime (EARSL) of members provided with pensions through the Plan determined as of the beginning of the related measurement period. The EARSL for PERF C for the June 30, 2018 measurement date is 3.8 years, which was obtained by dividing the total service years of 490,088 (the sum of remaining service lifetimes of all active employees) by 130,595 (the total number of participants: active, inactive, and retired) in PERF C. Inactive employees and retirees have remaining service lifetimes equal to 0. Total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate: The following presents the Authority's proportionate share of the net pension liability for each Plan, calculated using the discount rate of 7.15%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher that the current rate:

		Discount Rate						
		6.15%	7.15%		8.15%			
	_(1%			rrent Rate)	(1%	% Increase)		
Measurement date			Jun	e 30, 2018				
Fiscal Year End		June 30, 2019						
Net Pension Liability	\$	2,040,301	\$	981,942	\$	108,284		

<u>Pension Plan Fiduciary Net Positions</u>: Detailed information about each plan's fiduciary net position is available in the separately issued CalPERS financial reports.

<u>Subsequent Events</u>: There were no subsequent events that would materially affect the results presented in this disclosure.

#### **13.** Other Post Employment Benefit (OPEB):

#### A. General Information about the OPEB Plan

For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Authority's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes.

For this report, the following timeframes are used:

Valuation Date June 30, 2017 Measurement Date June 30, 2018

Measurement Period July 1, 2017 to June 30, 2018

<u>Plan Description</u>: The Authority joined the Public Employees' Medical & Hospital Care Act (PEMHCA) in 2004. It is a agent multiple-employer plan administered by California Public Employees' Retirement System (CalPERS). PEMHCA governs health care provided to employees and retirees under health care plans administered by CalPERS. All public agencies providing health

care to their active employees through CalPERS PEMHCA plans are also required to offer health care under those plans to their retirees.

OPEB Trust: The Authority joined The California Employers' Retiree Benefit Trust (CERBT) in 2017 to prefund it's OPEB liability. CERBT is an agent multiple employer defined plan for other post-employment benefits administered by CalPERS. The Plan includes participating employers of the State of California and public agencies. CalPERS is governed by a 13-member Board of Administration (the Board); two elected by CalPERS members, one elected by retired members of CalPERS, two appointed by the Governor, one public representative appointed jointly by the Speaker of the Assembly and Senate Rules Committee, and four ex-officio members: State Treasurer, State Controller, Director of California Department of Human Resources, and Designee of the State Personal Board. The Board is responsible for the management and control of CalPERS, including the exclusive control of the administration and investments of the Plan.

The plan information is as follows:

Fiscal Year End	June 30, 2019
Plan Type	Agent Multiple Employer
OPEB Trust	Yes
Special Funding Situations	No
Nonemployer Contributing Entities	No

Benefits Provided: PEHMCA provides employees who retire directly from the Authority after five years of service a cash subsidy for monthly medical insurance premiums. Employees with 20 years of service with the Authority that do not retire directly from the Authority can request benefits later. Benefits are also paid to the surviving spouse of retirees who elected CalPERS joint and survivor payment options, as well as spouses of an active employee who died while eligible to retire receiving CalPERS survivor's benefit. The Minimum Employer Contribution amount is prescribed by Government Code Section 22892 of the PEMHCA. It was originally established as a specific dollar value with specified increases from calendar years 2004 through 2008. Starting in calendar year 2009, the calculated adjustments are based upon the medical care component of the Consumer Price Index-Urban (CPI-U). The Authority opted for the unequal method of distribution when it joined in 2004. Using this method, the Authority pays a percentage of the contribution, with the percentage paid increasing by 5% each year. The minimum amount in 2019 is \$136 per month, of which the Authority pays 75% or \$102. The Authority is scheduled to pay the full minimum amount in 2024.

<u>Employees Covered</u>: As of the June 30, 2018 measurement date, the following current and former employees were covered by the benefit terms under the PEMHCA Plan:

June 30, 2019 Fiscal Year End June 30, 2018 Measurement Date	Number of Covered
June 30, 2017 Valuation Date	Participants
Inactive Employees Currently	
Receiving Benefit Payments	4
Inactive Employees Entitled to but not	
yet Receiving Benefit Payments	1
Actives Employees	52
Total Employees	57

Contributions: In 2017, the Authority joined CERBT to prefund it's OPEB liability. The Authority will use the annual required contribution (ARC) of the employer for the future contributions, which is expected to prefund all unfunded liabilities by 2040. The cash contributions to this fund during the fiscal year ended June 30, 2019 were \$133,700. Authority payments for retired benefits, net investment earnings of the plan, and the estimated implied subsidy was \$21,990 resulting in total payments of \$155,690.

### B. OPEB Liabilities, OPEB Expenses, and Deferred Outflows/Inflows of Resources Related to OPEB

As of June 30, 2019, the authority reported net OPEB liability as follows:

Fiscal Year Ending	June	e 30, 2019		
Measurement Date	June	June 30, 2018		
Total OPEB Liability (TOL)	\$	905,849		
Fiduciary Net Position (FNP)		447,228		
Total Net OPEB Liability	\$	458,621		
Funded status (FNP/TOL)		49.4%		

<u>Changes in the OPEB Liability</u>: The changes in the net OPEB liability for the Authority Plan are as follows:

Cl N ODED 1. 1.17.		tal OPEB	Fiduciary Net Position		Net OPEB Liability
Changes in Net OPEB Liability	Lıa	ibility (a)		(b)	(a) - (b)
Balance at June 30, 2018					
(Measurement Date June 30, 2017)	\$	780,000	\$		\$ 780,000
Service Cost		95,460		-	95,460
Interest		47,675		-	47,675
Changes of Benefit Terms		-		-	-
Actual versus Expected Experience		-		-	-
Changes of Assumptions		-		-	-
Employer Contributions		-		455,464	(455,464)
Employee Contributions		-		-	-
Net Investment Income		-		9,405	(9,405)
Benefit Payments		(17,286)		(17,286)	-
Administrative Expenses*				(355)	355
Net Changes		125,849		447,228	 (321,379)
Balance at June 30, 2019					 
(Measure Date June 30, 2018)	\$	905,849	\$	447,228	\$ 458,621

<sup>\*</sup>Included \$177 for trust administrative expenses and \$178 for PEMHCA healthcare administrative expenses

<u>OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB</u>: For the fiscal year ended June 30, 2019, the Authority recognized OPEB expense of \$126,195. As of fiscal year ended June 30, 2019, the Authority reported deferred outflows of resources related to OPEB from the following sources:

	red Outflows Resources	Deferred Inflows of Resources		
Net Differences Between Projected and Actual				
Earnings on Plan Investments	\$ 7,890	\$	-	
Differences Between Expected and Actual				
Experience	-		-	
Changes of Assumptions	-		-	
Employer Contributions after Measurement Date	155,690		-	
Total	\$ 163,580	\$	-	

Deferred outflows of resources in the amount of \$155,690 related to contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2020. Other amounts reported as deferred outflows of resources related to OPEB will be recognized as expense as follows:

Year Ended June 30,	
2020	\$ 1,972
2021	1,972
2022	1,972
2023	 1,974
Total	\$ 7,890

Recognition of Deferred Outflows and Deferred Inflows of Resources: To smooth market volatility, gains and losses related to changes in total OPEB liability and fiduciary net position are recognized over five years. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense.

Actuarial Methods and Assumptions Used to Determine the OPEB Liability: The Authority's net OPEB liability was measured as of June 30, 2018. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2017 that was rolled forward to determine the June 30, 2019 total OPEB liability, based on the following actuarial methods and assumptions:

#### Significant Accounting Actuarial Assumptions and Methods:

Fiscal Year End	June 30, 2019
Measurement Date	June 30, 2018
Valuation Date	June 30, 2017

Discount Rate 5.5% at June 30, 2018 Long-Term Expected 5.5% at June 30, 2017

Rate of Return on Assets Expected Authority contributions to keep sufficient

plan assets to pay all benefits from trust

General Inflation 2.75% annually

Mortality, Retirement, Disability,

Termination CalPERS 1997-2015 Experience Study Mortality Improvement Post-retirement mortality projected fully

generational with Scale MP-2017

Salary Increases Aggregate - 3% annually

Merit - CalPERS 1997-2015 Experience Study

Medical Trend Non-Medicare - 7.5% for 2019, decreasing to an

ultimate rate of 4.0% in 2076

Medicare - 6.5% for 2019, decreasing to an

ultimate rate of 4.0% in 2076

PEMHCA Minimum Increases 4.25% annually

Healthcare Participation Actives & surviving spouses:

\* Covered - 70% \* Waived - 70%

Retirees & surviving spouses:

\* Covered - 100% \* Waived < 65-n/a \* Waived > 65 - 0%

Changes of assumptions None Changes of benefit terms None

<u>Discount Rate</u>: The discount rate used to measure the total OPEB liability was 5.50%. The projection of cash flows used to determine the discount rate assumed that Authority contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Expected Long Rate of Return: The long-term expected rate of return on OPEB plan investments was determined using a building block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Measurement Date	6/30/18				
CERBT Investment Strategy #3	Target	Expected Real			
Asset Class	Asset Allocation	Rate of Return			
Global Equity	24%	4.82%			
Fixed Income	39%	1.47%			
TIPS	26%	1.29%			
REITS	8%	3.76%			
Commodities	3%	0.84%			
Assumed Long-Term Rate of Inflation		2.75%			
Expected Long-Term Net Rate of Return, Rounded		5.50%			

<u>Discount Rate Sensitivity Analysis:</u> The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (5.5%) in measuring the Net OPEB Liability.

	Discount Rate						
-1%	Current Rate	+1%					
4.50%	5.50%	6.50%					
\$ 610,017	\$ 458,621	\$ 337,084					
	4.50%	4.50% 5.50%					

Medical Trend Sensitivity Analysis: The following presents the net OPEB liability of the Authority if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2018:

	Healthcare Trend						
	-1% Current Trend +					+1%	
Net OPEB Liability	\$	301,126	\$	458,621		\$	664,352

#### 14. Concentrations:

The Authority received 62.27% of its Charges for Services (tipping fees) from two haulers: Republic Services and Waste Management. These two haulers comprised approximately \$2,535,550.65, (83.81%) of accounts receivable balances at June 30, 2019. A major reduction in revenue from any of the above sources may have a significant effect on the future operations of the Authority.

Under the Waste Delivery Agreements that support the Revenue Bonds and under the Joint Powers Agreement, establishing the Authority, each member agency is required to direct all garbage to Authority facilities. They do this by means of the Franchise Agreements with their respective haulers. Republic Services, serving the City of Salinas, and Waste Management serving Unincorporated Monterey County and the City of King, are required to bring their garbage and yard waste to Authority facilities.

#### 15. Commitments and Contingencies:

<u>Lease Obligations</u>: On October 19, 2006, the Authority entered into a ten year lease commencing January 1, 2007, for office space at 128 Sun Street in Salinas. The lease was extended for three years on February 18, 2016, and an additional two years on June 20, 2019. Effective January 1, 2012, the current monthly lease payments are \$7,194.

The future minimum lease payments through December 2019 are as follows:

Year Ended June 30,	 Amount	
2020	\$ 86,328	
2021	86,328	
2022	86,328	
2023	 43,164	
	\$ 302,148	

<u>Risk Management</u>: The Authority is exposed to various risks of losses related to torts, theft of, damage to, and destruction of assets, errors, and omissions, injuries to employees, and natural disasters. The Authority has purchased worker's compensation insurance through the State Compensation Insurance Fund for its employees. The Authority has the following commercial insurance policies:

Coverage	Detail	Limits	Deductible
Environmental Impairment Liability	Per Occurrence	\$ 10,000,000	\$ 25,000
Property Insurance	Aggregate	9,654,434	100,000
Environmental Excess Liability	Per Occurrence	5,000,000	-
Earthquake	Per Occurrence	3,932,102	50,000
General Liability	Per Occurrence	1,000,000	-
	Aggregate	2,000,000	-
Commercial Auto	Per Occurrence	1,000,000	1,000
Public Officials and Employment Practice Liabil	i Each Act	1,000,000	10,000
Crime	Each Act	1,000,000	5,000
Cyber	Aggregate	1,000,000	5,000
Workers Comp	-	1,000,000	-

There have been no significant reductions in any insurance coverage, nor have there been any insurance related settlements that exceeded insurance coverage during the past three fiscal years.

<u>Corrective Action Plan</u>: The California Code of Regulations requires landfill owners and operators to demonstrate the availability of financial resources to conduct corrective action activities for all known or reasonably foreseeable releases of contaminates from the disposal facility affecting water quality.

The Authority has conducted studies to determine the site remediation cost to mitigate those releases. These cost estimates are incorporated into the Final Closure and Postclosure Maintenance Plan for each of the landfills. These amounts have been reviewed and approved by CalRecycle and the Regional Water Quality Control Board.

The estimated cost of capital improvements and operations and maintenance costs to mitigate a potential release of contaminates at the Authority landfills is estimated as follows:

	Capital	Operations &		
Landfill - Action	Improvement	Maintenance	Contingency	Total
Johnson Canyon	\$ 443,340	\$ 376,688	\$ -	\$ 820,028
Crazy Horse	3,462,678	7,838,712	-	11,301,390
Jolon Road	-	1,550,240	-	1,550,240
Lewis Road	130,609	240,568	37,256	408,433
Total Corrective Actions	\$ 4,036,627	\$10,006,208	\$ 37,256	\$14,080,091

The capital improvements costs are one-time costs. The maintenance costs are the total estimated cost ranging from 17 years for Lewis Road to 63 years for Johnson Canyon. If there should be a release at one of the landfill sites, the Authority would have to spend up to the amounts shown on capital improvements. If the capital improvements have to be completed, the Authority would be obligated to spend the maintenance amounts shown on the table for maintenance of the improvements.

These amounts have not been recorded as a liability because while some releases are possible, they are not considered probable or if they are considered probable, they are not sufficiently measurable.

#### 16. Related Parties:

The Authority entered into a MOU with the City of Gonzales for mitigation issues for hosting the landfill, under this agreement, the Authority will pay the City \$20,833 per month commencing on the date of closure of the Crazy Horse landfill until the initial landfill expansion is entirely filled up by disposed solid waste.

Monterey County Environmental Health serves as the Local Enforcement Agency (LEA) for CalRecycle. They are empowered by CalRecycle to implement programs, locally designated activities, and has primary responsibility for ensuring the correct operation and closure of solid waste facilities. The Authority paid Monterey County Environmental Health \$66,086 in LEA permit fees for its facilities and an additional \$106,586 for its share of \$496,060 in Regional Fees, which are allocated by the percent of total annual county-wide tonnage disposed. After deduction of individual facility permit fees, the Regional Fees are used to fund the LEA's Load Checking Response Program, Illegal Dumping Response and Prosecution, Legislative Development, AB 939 Administration, Diversion/Recycling Programs, and other LEA related services. Total payments to Monterey County Environmental Health during FY 2018-19 were \$172,672.

#### 17. Net Position:

Net position represents total assets and deferred outflows of resources less liabilities and deferred inflows of resources. Designations of unrestricted net position represents the Authority Board of Director's intention for the use of resources. The net position amounts at June 30, 2019 were as follows:

Net Investment in Capital Assets	\$ 1,564,130
Restricted:	
Restricted for Grants	60,456
Restricted for Closure Reserve	 798,264
Total Restricted	 858,720
Unrestricted	
Designated	
Designated for Capital Projects Reserve	2,969,713
Designated for Operations Reserve	1,148,432
Designated for Environmental Impairment Reserve	 1,148,432
	5,266,577
Undesignated	 4,687,661
Total Unrestricted	9,954,238
Total Net Position	\$ 12,377,088

#### 18. Bond Rate Covenant:

Pursuant to the Master Indenture of the Revenue Bonds, Series 2014, the Authority has agreed, at all times while any of the Bonds remain outstanding, to set fees and charges and manage operations so as to yield Net Revenues during the fiscal year equal to at least one hundred fifteen percent (115%) of the bond's annual debt service for the fiscal year.

This calculation is based on Net Revenues as described in the Master Indenture. The calculation is based on operating income increased by investment earnings on all funds other than bond project funds and reduced by postclosure expense, depreciation and amortization, all non-cash items. At June 30, 2019, the calculation is 307%.

Net revenue available for debt service for the year ended June 30, 2019, is determined as follows:

#### Salinas Valley Solid Waste Authority Debt Service Coverage Ratio Calculations Fiscal year ended June 30, 2019

Revenues	
Operating revenues	\$ 22,819,068
Interest not on Project funds	732,658
Revised Revenues	23,551,726
Maintenance & Operations Costs	
GAAP Operating Expenses	16,337,140
Less the following items per Master Indenture	
Postclosure maintenance	(965,293)
Closure	(429,764)
Depreciation	(1,758,114)
Add Postclosure liability being paid	
Crazy Horse	394,277
Lewis Road	174,286
Jolon Road	171,518
Revised Maintenance and Operations Expenses	
per Master Indenture	13,924,050
Net Revenues	\$ 9,627,676
Debt service on 2014 Bond	\$ 3,135,978
Debt Service Coverage Ratio	307%
Debt Service Coverage Required	115%

#### 19. Prior Year - New Accounting Pronouncements:

As part of implementing the requirement of GASB Statement 75, the Authority adjusted its beginning net position as of July 1, 2017 for the portion of other post-employment benefits (OPEB) for health insurance attributable to periods before the year ended June 30, 2017. An OPEB liability of \$24,516 and deferred outflow of resources related to OPEB contributions of \$14,000 were recorded as prior year adjustments. This resulted in a net decrease to net position of \$10,516.

The restatement of beginning net position is summarized as follows:

Net position at July 1, 2017, as previously stated	\$ (404,354)
Implementation of GASB Statement No. 75, net OPEB	
liability as of measurement date of June 30, 2017	(10,516)
Net Position at July 1, 2017, as restated	\$ (414,870)

In accordance with GASB Statement No. 75, the statement of all deferred outflows and inflows was not practical, and therefore not included in the restatement of the beginning balance.

#### 20. Subsequent Events:

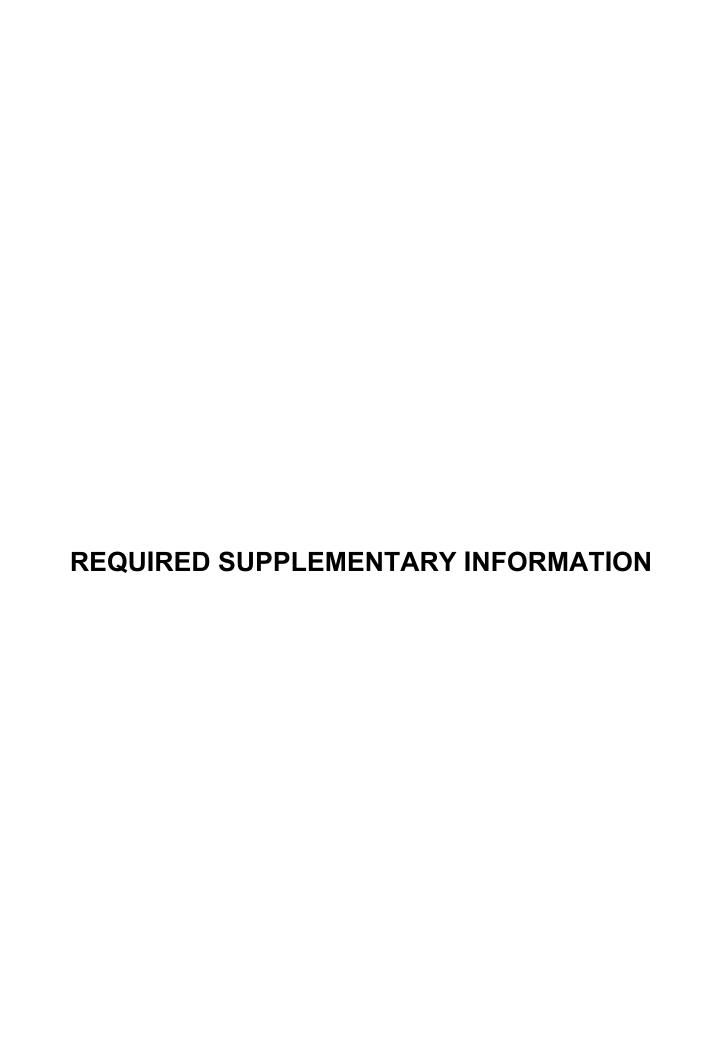

#### City of Salinas Notice of Intent to Withdraw from the Joint Powers Agreement

On December 6, 2018, the City of Salinas (the "City") issued a notice of intention to withdraw from the Joint Powers Agreement (the "Agreement") between the City of Gonzales, the City of Greenfield, the City of King, the City of Soledad, and the County of Monterey, (collectively "the Authority"). Pursuant to Section 19 of the Joint Powers Agreement, the notice serves as a one-year notice. The City's notice of intent to withdraw as a member of the Authority merely served as notice to the Authority and its remaining members, and triggered a one-year period during which the Authority would be required to take action to reflect the changed membership status.

The City understands and acknowledges its obligation to continue paying its share of the 2014 Bonds as regularly scheduled and agrees to continue paying its share of the obligation after withdrawal from the Authority, should withdrawal actually occur. In addition, the City understands and acknowledges its obligation to pay its share of the Authority's legacy costs as further described in Section 19(a) of the Agreement. If the City actually withdraws from the Authority beginning in 2020 and annually thereafter the City will have to meet this obligation.

#### Date of Management Review

Management has evaluated subsequent events through October 3, 2019, the date which these financial statements were available to be issued.
