GENERAL MANAGER COMMENTS

(6:03) General Manager/CAO Mathews commented on the election of Advisory Committee Vice President, Cesar Lara at the January Committee meeting.

DEPARTMENT MANAGER COMMENTS

(6:04) None

BOARD DIRECTORS COMMENTS

(6:04) Director Phillips commented on the concerns expressed on the process implemented by Waste Management for compliance enforcement. A community meeting is scheduled for March 5th to address the publics concerns.

Director Tipton commented on Tri-Cities large pick-up scheduling being 3 to 4 months out.

ITEM NO. 1

Agenda Item

General Manager/CAO

R. Santos by E.T.

General Counsel Approval

Director Cullen commented on the concerns on the Waste Management compliance enforcement process.

President Lopez also commented on concerns on the Waste Management compliance enforcement process. He reported on the partnership between the County of Monterey, Growers Shippers Association, Caltrans, and Smith and Enright to clean up litter and vegetative winter growth along the freeway to prevent the INSV disease that affects head lettuce.

PUBLIC COMMENT

(6:13) Grant Leonard, Authority Advisory Committee member and North County Chambers of Commerce representative commented on the importance of having the Community meeting to discuss the compliance enforcement process from Waste Management.

CONSENT AGENDA (6:15)

President Lopez announced a correction on Item No. 1 – Minutes of the January 21, 2021 Regular meeting. The motion for the Consent agenda should be as follows; Director Phillips made a motion to approve the consent agenda as presented. Alternate Vice President Tipton seconded the motion.

- 1. Minutes of the January 21, 2021 Regular Meeting
- 2. December 2020 Claims and Financial Reports
- 3. Member and Interagency Activities Report for January 2021
- 4. Tonnage and Diversion Report for the Quarter Ended December 31, 2020
- **5.** Resolution No. 2021-06 Authorizing the Submittal of Applications to the California Department of Resources Recycling and Recovery (CalRecycle) for All Grants for which the Salinas Valley Solid Waste Authority is Eligible
- **6.** Resolution No. 2021-07 Authorizing the Submittal of Applications to Any and All Organizations for Grants for which the Salinas Valley Solid Waste Authority is Eliqible
- 7. Resolution No. 2021-08 Approving Change Order No. 1 to the Agreement with Geo-Logic Associates in the Amount of \$124,544 for Landfill Groundwater Monitoring Services for the Johnson Canyon Landfill

Public Comment: None

Motion: Vice President Cromeenes made a motion to approve the consent agenda

with the corrections on Item No. 1. Director Phillips seconded the motion.

Votes: Motion carried 9,0

Ayes: Craig, Cromeenes, Cullen, Funk (Alt.), Jimenez, Lopez, Phillips, Rocha, Tipton

Noes: None Abstain: None Absent: Silva

PRESENTATION

8. MODERN TRANSFER STATION

(6:18) General Manager/CAO Mathews provided a presentation on modern transfer stations explaining the differences between the current Sun Street Transfer Station and what is proposed to be developed. He explained the essential public services needed for the City of Salinas area and potential programs to help meet those needs.

Board Discussion: The Board discussed the presentation.

Public Comment: None

Motion: None; Information Only

CONSIDERATION

9. REQUEST FOR FISCAL YEAR 2021-22 PRELIMINARY BUDGET DIRECTION

(6:41) Finance and Administration Manger Hendricks reviewed the proposed budget for fiscal year 2021-22. He detailed the proposed budget assumptions, total budget increases, debt services schedule, projected revenue increase, the addition of two new position being requested within the budget, and the proposed rate changes that will assist in the balancing of the budget. He reviewed in detail the impacts to the residential and commercial rate payer with the proposed increases. Mr. Hendricks presented the equalization of green waste rates that would avoid an additional rate increase to the AB939 fees.

Board Comment: The Board discussed the presentation inquiring about the agreement

between Republic Services and the Authority for green waste processing that has caused the ongoing subsidization by all member agencies for the City of Salinas to support current operational costs above the contracted

rates that were established in 2004.

Public Comment: None

Motion: By consensus the Board accepted the report and directed staff to schedule

a public hearing and final budget consideration for the March Board

meeting.

10. UPDATE ON SUN STREET TRANSFER STATION RELOCATION PROJECT AND ON THE CITY OF SALINAS' ONE YEAR NOTICE OF INTENT TO WITHDRAWAL FROM THE JOINT POWERS AGREEMENT WITH THE SALINAS VALLEY SOLID WASTE AUTHORITY

(7:04) General Manager/CAO Mathews reported that meetings between City of Salinas staff, Republic Services staff and Authority staff have continued continue for the development of a nonbinding private/public partnership agreement for the relocation of the Sun Street Transfer Station is nearly complete.

Board Comment: The Board discussed the report.

Public Comment: None

Motion: None; Informational Only

FUTURE AGENDA ITEMS

11. AGENDA ITEMS - VIEW AHEAD SCHEDULE

(7:08) The Board reviewed the future agenda items.

CLOSED SESSION

(7:12) President Lopez indicated Items No. 12 would be discussed during closed session and invited Public Comment.

12. Pursuant to Government Code Section 54956.8 to confer with legal counsel and real property negotiators General Manager/CAO Patrick Mathews, Asst. GM/Ops Manager Cesar Zuñiga, Finance and Administration Manager Ray Hendricks, and General Counsel Roy C. Santos, concerning the possible terms and conditions of acquisition, lease, exchange or sale of 1) Salinas Valley Solid Waste Authority Property, APNs 003-051-086 and 003-051-087, located at 135-139 Sun Street, Salinas, CA: 2) Republic Services Property, APNs 261-051-005, 007, and 019, located at 1120 Madison Lane, Salinas, California

Public Comment

(7:13) None

(7:13) President Lopez adjourned the meeting into closed to session to discuss Item No. 12.

RECONVENED

(8:08) President Lopez reconvened the meeting to open session with no reportable actions taken in closed session.

ADJOURNED

(8:09) President Lopez adjourned the meeting.

	APPROVED:	Christopher M. Lopez, President
Attest:	_	

Date: March 18, 2021

Authority General Counsel

RECOMMENDATIONS

The Executive Committee recommends acceptance of the January 2021 Claims and Financial Reports.

DISCUSSION & ANALYSIS

Please refer to the attached financial reports and checks issued report for the month of January for a summary of the Authority's financial position as of January 31, 2021. The following are highlights of the Authority's financial activity for the month of January.

<u>Results of Operations (Consolidated Statement of Revenues and Expenditures)</u>
For the month of January 2021, operating revenues exceeded expenditures by \$477,944.

Revenues (Consolidated Statement of Revenues and Expenditures)

	January 2021	January 2021	Over/(Under)
	Budget	Actual	Budget 2020
Tipping Fees - Solid Waste	1,118,339	1,192,187	73,848
Tipping Fees - Diverted Materials	227,881	214,788	(13,093)
Total Revenue	1,691,557	1,881,013	189,456

Solid Waste revenues for January were \$73,848 or 6.6% over budgeted amounts. Diverted Material revenues for January were \$13,093 or 5.7% under budgeted amounts. January total revenue was 1,881,013 or 11.2% over budgeted amounts.

	January 2021	January 2021	Over/(Under)
_	YTD Budget	YTD Actual	YTD Budget
Tipping Fees - Solid Waste	8,490,824	9,306,102	815,278
Tipping Fees - Diverted Materials	1,794,735	2,060,865	266,130
Total Revenue	13,007,400	14,273,837	1,266,437

Solid Waste revenues year to date as of January were \$815,278 or 9.6% over budgeted amounts. Diverted Material revenues year to date as of January were \$266,130 or 14.8% over budgeted amounts. Year to date total revenue as of January was 1,266,437 or 9.7% over budgeted amounts.

Operating Expenditures (Consolidated Statement of Revenues and Expenditures) As of January 31, 2021 (58.3% of the fiscal year), year-to-date operating expenditures totaled \$11,421,405. This is 57.6% of the operating budget of \$19,817,500.

<u>Capital Project Expenditures (Consolidated Grant and CIP Expenditures Report)</u>
For the month of January 2021, capital project expenditures totaled \$134,028. \$63,373 was for the JC LFG System Improvements. \$47,858 was for the CH Postclosure Maintenance. \$10,134 was for the LR Postclosure Maintenance.

Claims Checks Issued Report

The Authority's Checks Issued Report for the month of January 2021 is attached for review and acceptance. January disbursements total \$1,248,543.15 of which \$564,273.76 was paid from the payroll checking account for payroll and payroll related benefits.

Following is a list of vendors paid more than \$50,000 during the month of January 2021.

Vendor	Services	Amount
Vision Recycling	Dec. Greenwaste Processing	\$116,822.10
Ca. Dep. Of Tax and Fee Adm.	Oct. – Dec. Landfill BOE Fees & 2020 Use Tax	\$83,735.03
Green Rubber – Kennedy AG, LP State Water Resources Control Board	JC LFG Improvement Supplies All Sites Annual Permit Fees	\$65,593.22 \$58,505.00

Cash Balances

The Authority's cash position increased \$520,847.60 during January to \$31,022,789.47. Most of the cash balance is restricted, held in trust, committed, or assigned as shown below.

Restricted by Legal Agreements: Johnson Canyon Closure Fund State & Federal Grants BNY - Bond 2014A Payment BNY - Bond 2014B Payment	5,062,925.45 (114,982.28) 634,062.50 28,016.81
Funds Held in Trust:	
Central Coast Media Recycling Coalition	62,355.32
Employee Unreimbursed Medical Claims	10,720.69
Committed by Board Policy:	
AB939 Services	6,379.58
Designated for Capital Projects Reserve	4,959,528.33

Report to the Board of Directors

Date: March 18, 2021

From: Mandy Brooks, Resource Recovery Manager

Title: Member and Interagency Activities Report for

February 2021

ITEM NO. 3

N/A

Finance and Administration Manager/
Controller/Treasurer

General Manager/CAO

N/A

Authority General Counsel

RECOMMENDATION

Staff recommends that the Board accept this item. The report is intended to keep the Board apprised of activities and communications with member agencies and regulators.

STRATEGIC PLAN RELATIONSHIP

Promote the Value of SVR Services and Programs to the Community. The Authority provides a wide array of recycling and waste recovery services and programs to the public including local businesses, schools, multifamily complexes and participates is numerous community events and cleanups. Providing monthly reports highlighting these activities ensures that the strategic plan goal is being met.

FISCAL IMPACT

This agenda item is a routine operational item and does not have a direct budget impact.

DISCUSSION & ANALYSIS

Monterey County Environmental Health Bureau (Local Enforcement Agency - LEA)

<u>Sun Street Transfer Station:</u> The monthly inspection for the Sun Street Transfer Station (SSTS) was conducted on February 25. No areas of concern or violations were noted for the inspection.

<u>Johnson Canyon Landfill & Composting Facility:</u> The monthly inspection for the Johnson Canyon Landfill and Composting Facility was conducted on February 19; no areas of concern or violations were noted for the inspection.

<u>Jolon Road Transfer Station:</u> The monthly inspection for Jolon Road Transfer Station was conducted on February 19. No areas of concern or violations were noted for the inspection.

<u>Department of Toxic Substances Control (DTSC) & Central Coast Regional Water Quality Control Board (CCRWQCB)</u>

On March 2nd, the Authority was granted an approved variance from the Department of Toxic Substances Control (DTCS) to (again)accept and manage treated wood waste at Johnson Canyon Landfill. The variance expires on Aug 29, 2021. On March 5th, the Central Coast Regional Water Quality Control Board (CCRWQCB) also confirmed that disposal of treated wood waste under the variance is authorized by the Waste Discharge

Requirements. Variance applications have also been submitted to DTSC for Sun St and Jolon Rd Transfer Stations (see agenda Item 4 for additional detailed information).

Gonzales Clothing Closet

The clothing closet's operating hours are now Mondays - Thursdays from 3:30pm to 5:30pm

and are operating with all necessary COVID safety protocols in place.

08/14/21 Community Cleanup Event, Madison Lane Transfer Station Community Cleanup Event, Madison Lane Transfer Station

Soledad: None Mo. Co.: None

BACKGROUND

Established in November 2014 as part of the FY 14-15 Strategic Plan 3-year goal to increase public access, involvement, and awareness of Salinas Valley Recycles activities, the monthly report keeps the Board appraised of communications with member agencies and regulators. In addition, the report has evolved over the years to also include a current and future event list to inform Board members and the public of community events and cleanups occurring in each member agency's service area.

Report to the Board of Directors

Date: March 18, 2021

From: Patrick Mathews, General Manager/CAO

Title: Update on Sun Street Transfer Station (SSTS)

Relocation Project and City of Salinas Notice

of Intent to Withdraw

ITEM NO. 4

N/A

Finance and Administration Manager/
Controller/Treasurer

General Manager/CAO

N/A

Authority General Counsel

RECOMMENDATION

Staff recommends that the Board accept this item. The report is intended to keep the Board apprised of activities and actions related to the subject projects.

STRATEGIC PLAN RELATIONSHIP

Promote the Value of SVR Services and Programs to the Community.

The Authority provides a wide array of recycling and waste recovery services and programs to the local businesses, schools and residents. Resolution of the subject issues and re-establishment of Authority SSTS services and operations in a more permanent location meets the long-term public needs and supports the "Excellent Infrastructure" goals of the City of Salinas.

FISCAL IMPACT

This agenda item is a routine update at this time and does not have a direct budget impact.

DISCUSSION & ANALYSIS

The Authority, City of Salinas Administration and Republic Services (Salinas Franchise Hauler) have been in direct discussion since summer of 2020 regarding a proposed shared use project at the Republic Services' Madison Lane Transfer Station (MLTS). This project would potentially provide a relocation site for the Authority's SSTS recycling and transfer operations, and satisfy a key element necessary to rescind the City of Salinas Notice of Intent to Withdraw from the Authority, issue in November 2018.

This proposed project has several general elements under discussion as summarized below:

- 1. Engineering and Design changes to the MLTS to accommodate consolidation of SSTS recycling and transfer operations at MLTS.
- 2. Updates to environmental documents and permitting entitlements to accommodate the joint use project and SSTS relocation.
- 3. SSTS relocation timeline.
- 4. Development of lease and operating agreement(s).

All of the above discussion areas are being negotiated in the form of a "Letter of Intent" (LOI) that, if executed by both parties and concurred with by the City of Salinas, would provide the structure for developing the various agreements needed to move this proposed project forward.

Current discussions and background work are ongoing. Authority and City staff are also meeting to discuss this and related matters to address City of Salinas issues necessary for the City to rescind it 2018 Notice of Intent to Withdraw from the Authority.

BACKGROUND

The Authority has been seeking a permanent location for its Recycling and Solid Waste operations in the greater Salinas area since formation in 1997. The Authority eventually selected the Sun Street Transfer Station location for its permanent home in 2004 and began interim operations while environmental review, design and permitting for construction of a permanent facility were undertaken. In 2008-2009, the City of Salinas request the Authority reconsider its Sun Street location to allow future redevelopment of the area that included transfer station property and surrounding area, also known as the Alisal Market Place. The Authority and City entered into a Memorandum of Understanding to negotiate conditions for relocation of the SSTS operations to a City owned property. In 2013 Salinas request the Authority re-consider other site options and in 2015 withdrew support of the original City-owned site offered in 2008-09. Since 2015, Authority staff and its public advisory committees have been continuing to seek out and evaluate alternative sites and scenarios that satisfy both the City concerns and the public needs for the greater Salinas area, including the current proposed consolidated use of the MLTS site.

Compliance Manager

Title: Update on Treated Wood Waste

ITEM NO. 5

Finance and Administration
Manager/Controller-Treasurer

General Manager/CAO

N/A

Authority General Counsel

RECOMMENDATION

Staff recommends the Board accept this report. A presentation will be given at the meeting - informational only.

STRATEGIC PLAN RELATIONSHIP

This item does not relate to the Strategic Plan. This item secures services to maintain the landfill operations compliant with current regulations.

FISCAL IMPACT

The fiscal impact is minor and can be absorbed in routine daily operations budget included in the approved FY 2020-21 budget.

DISCUSSION & ANALYSIS

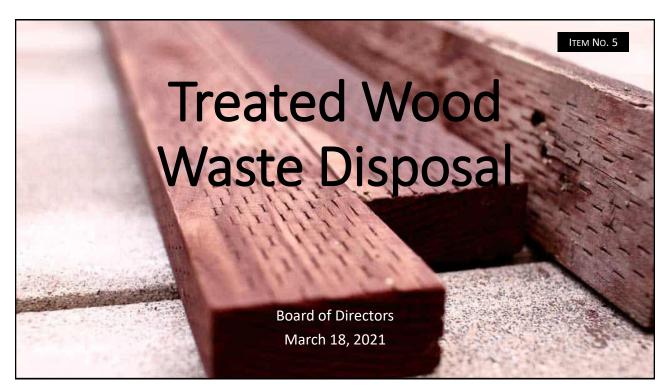

SVSWA has obtained a Variance from the state to conditionally to accept Treated Wood Wastes (TWW) at the Johnson Canyon Landfill and we have applied for but not yet received variances for the Jolon and Sun Street Transfer Stations. The State is also issuing variances to generators and transporters of TWW which will allow them to transport this material to SVSWA facilities. Only TWW from within the SVSWA service area will be accepted. Residents that hire a contractor to work on their home (e.g., fence repair or deck replacement) do not require a TWW variance provided that the contractor transports the TWW for disposal with a variance or otherwise follow hazardous waste transportation rules. Residents themselves can transport up to 50 pounds of TWW as household hazardous waste.

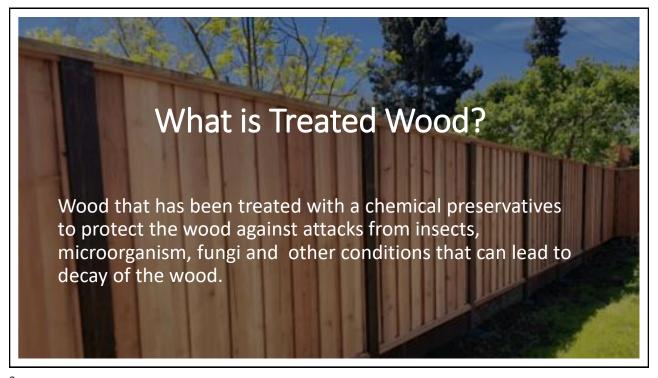

BACKGROUND

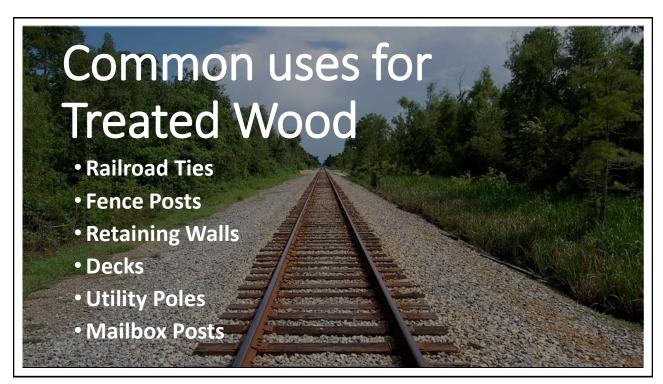

Treated wood wastes (TWW) are considered a hazardous waste by the State of California. Prior to January 1, 2021, TWW were accepted as solid wastes under an alternative management standard exemption. This exemption has expired and now TWW can only be accepted under variances provided by the Department of Toxic Substances Control.

Attachment

Presentation added 3/15/2021

3

Is All Treated Wood A Hazardous Waste?

Many of the chemicals used to treat wood render the treated wood a hazardous waste when it is disposed. Not all chemicals used to treat wood classify the wood as a hazardous waste, but the cost to assess individual boards to determine if they are a hazardous waste is cost prohibitive.

4

Why was there a sudden prohibition on disposal of TWW recently?

For many years TWW could be landfilled in Class III facilities under an "alternative management standard". A bill extending this standard was unexpectedly vetoed by the Governor last fall and the alternative management standard expired on December 31, 2020. After that date, TWW in California had to be stored and manifested as hazardous waste and transported to Class I landfills for disposal.

5

The ban on Class III landfill disposal resulted in widespread confusion, illegal disposal and left most homeowners and businesses no option but to just accumulate the material until there was a solution provided by the State.

6

Published 3/15/2021 3

The Solution – Variances

The Department of Toxic Substances Control (DTSC) began a Variance Program in March with 6 kinds of variances

- Small Quantity Generators
- Large Quantity Generators
 - Transporters
- Handler and Transporter
 - Disposal Facilities
 - Emergency Response

7

SVSWA TWW Variances Received

Disposal Variance for Johnson Canyon

- Allows for disposal of TWW in lined module.

Hauler and Transporter Variance for Jolon Rd. and Sun Street

- allows for acceptance, storage and transportation of TWW.

Both Variances require monthly and bi-annual reporting to DTSC

8

Scenario 1 - Homeowner Self-Haul

- If under 50 lbs of TWW no variance needed as it falls under the HHW transport regulations.
- If over 50 lbs of TWW and the customer has not obtained a variance then we accept the material, get the customers name, address and weight of TWW and give customer a notice that they were not in compliance with hazardous waste transport regulations

a

Scenario 2 - Homeowner with Fence Contractor

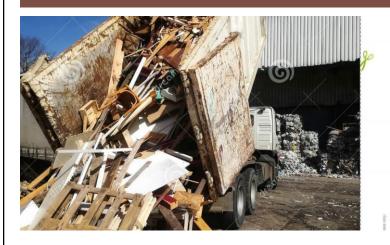

- Homeowner does NOT need a variance, only the contractor. Contractor should have a transportation variance.
- If contractor arrives with no variance, we accept the material but take the generator and hauler information and give the hauler a notice that they were not in compliance with hazardous waste transport regulations

10

Published 3/15/2021 5

Scenario 3 – Large Quantity Generator

- Larger TWW generators should have a generator variance and call ahead to ensure that we will accept the TWW load, and the hauler should be in possession of a transportation variance. We collect the variance number, information on source of material and weight.
- If a load arrives without variances, we will still accept the material, obtain the hauler and load information, but provide the hauler with the DTSC transportation compliance flyer.

11

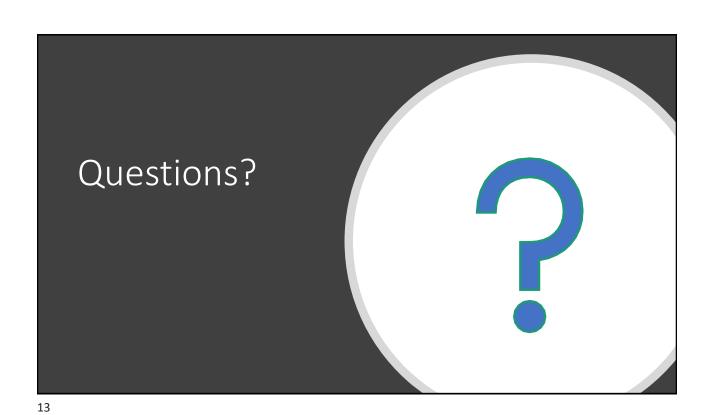

Going Forward

The Variances expire in 6 months with a 6- month extension .

There are two bills currently being considered in Sacramento that would allow TWW to be disposed of in a lined module of a Class III landfill such as Johnson Canyon.

Manager

Title: A Resolution Approving the Disposal and Service

Fees Effective July 1, 2021

ITEM NO. 6

Finance and Administration Manager/Controller-Treasurer

General Manager/CAO

R. Santos by E.T.

Authority General Counsel

RECOMMENDATION

The Executive Committee recommends approval of the service fees effective July 1, 2021 to the Board of Directors.

STRATEGIC PLAN RELATIONSHIP

This is a routine operational item. It does not directly relate to the Board's Strategic Plan.

FISCAL IMPACT

Approval of the proposed rate schedule will result in no increase in solid waste tipping fees, an increase in organics program tipping fees, an increase to the Construction and Demolition Rate, and a \$267,000 increase to the annual AB939 Fees, which are reallocated to the member agencies by percentage using the last three years of accepted solid waste tonnage.

DISCUSSION & ANALYSIS

The initial shutdowns due to the COVID-19 virus led to concerns over the economy and the Board chose to defer any rate adjustments for the FY 2020-21 budget cycle. These revenues were addressed in the mid-year budget cycle. However, the budget requires these deferred increases along with additional adjustments for FY 21/22 in order to be balanced.

During the February 2021 Board Meeting, the Board recommended scheduling the rate hearing with equalized rates. However, it is unknown if the City of Salinas will direct Republic Services to release the Authority from this contract during the next rate setting process and allow pass through of the increase needed to equalize organic processing rates with other member agencies. Therefore, an alternate rate schedule is included that will ensure that the Authority Budget is balanced for FY 2021-22.

The following discussion is based on equalized rates. An alternate rate schedule along with a comparison of the estimated customer impacts is attached that would address the overall budgetary shortfall due to the City of Salinas discounted rate through the contract with Republic Services. If Salinas directs its hauler to allow the rate to be equalized after the rate approval process, the FY 2021-22 rate increases could be reduced through a subsequent rate hearing or future rate increases could be reduced.

Following is a summary of the rate increases needed to balance the budget.

	2019-20 RATES	2020-21 DEFERRED INCREASE	2021-22 PROPOSED INCREASE	2021-22 PROPOSED RATES	TOTAL INCREASE %
SOLID WASTE RATE	68.50	_	-	68.50	.0%
GREENWASTE- SELF HAUL	39.00	3.00	6.00	48.00	23.1%
GREENWASTE- FRANCHISE	43.00	5.00	2.00	50.00	16.3%
C&D	58.00	4.00	6.50	68.50	18.1%
SLUDGE	32.00	4.00	-	36.00	12.5%
WOODWASTE	39.00	3.00	6.00	48.00	23.1%
TRANSPORTATION SURCHARGE	17.75	0.75	0.25	18.75	5.6%
CLEAN FILL DIRT	20.00	4.00	44.50	68.50	242.5%
AB939	2,733,000	82,000	185,000	3,000,000	9.8%

<u>Increase tipping fees for Expanded Organics Program</u>

On September 21, 2017, the Board approved the expanded organics program to include the addition of Agricultural and food waste composting. A phased-in rate increase over a three-year period was recommended to buffer the impact to rate payers. This was also done to allow the Authority to run the operations for a couple of years to determine the final cost of the program. The total rate increases proposed for FY 2021-22 will produce an additional \$735,300 in revenue. The rate does require the equalization of rates for all of its member agencies. Absent the equalization of rates, the increases will result in \$275,300 in additional revenue. The \$460,000 shortfall would have to be addressed with a separate increase.

Following is the schedule of rate increases approved in concept when the organics program was considered by the Board in September 2017, along with the proposed FY 2021-22 rates

	Mixed Organics	Wood Waste
FY 2018-19	38.25	36.25
FY 2019-20	43.00	39.00
FY 2020-21 (deferred	48.00	42.00
FY 2021-22 (proposed	d) 50.00	48.00

Transportation Surcharge

Staff recommended an increase to the transportation charge to \$18.50/ton for FY 2020-21 in order to recover the incremental cost of transporting franchise waste from Authority transfer stations. This deferred rate is needed along with an addition \$.25/ton. These increases, along with additional tonnage that is being transported from the Jolon Road Transfer Station, will result in an additional \$271,000 in revenue from surcharges for transportation revenue.

AB939 Fees

AB939 services continues to be supplemented by tipping fees. Staff is recommended a 3% increase to these fees in FY 2020-21, which would have resulted in an additional \$82,000 in revenue. For FY 2021-22, staff is recommending an increase of \$267,000. Most of the increase (\$202,000) is needed for the initial implementation of the required SB 1383 programs. In order to reduce impacts, the deferred amount is being reduced. However, since this program is still being supplemented from tipping fees, future increase will be applied to AB939 programs until the fees fully fund the programs.

Construction and Demolition

Processing materials through the Organics/C&D sort line for expanded wood waste recovery is more costly than the previous process of just grinding to make landfill cover material. Use of this material for landfill cover is no longer considered a diversion activity and woodwaste now requires advanced separation to create clean materials for the organics processing operation, as mandated under SB 1383. Staff recommended Increasing the rate for C&D from \$58.00 per ton to \$62.00 per ton in FY 2020-21, with an additional increase in FY 2021-22 needed to fully fund the program. The expected tonnage for Construction and Demolition has decreased. Even with an increase to \$68.50 to cover the cost of the programs, expected revenues from the program are expected to be a **decrease of \$190,700**.

Other Revenue Adjustments

The net impact of all other revenues is a decrease of \$20,550.

BACKGROUND

The budget included in this month's agenda was presented to the Board on January 23, 2020. The proposed FY 2020-21 rates reflect the Authority needs to meet regulatory fees, processing services, employment cost obligations, legacy landfill liabilities, self-funding of diversion programs and capital improvement project needs. A Public Hearing is scheduled for March 19, 2020 to consider the proposed rates.

RESOLUTION NO. 2021 –

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY APPROVING THE DISPOSAL AND SERVICE FEES EFFECTIVE JULY 1, 2021

WHEREAS the Board of Directors of the Salinas Valley Solid Waste Authority held a public hearing on March 18, 2021 to review the disposal fees and rates for FY 2021-22; and,

WHEREAS no increase in the solid waste tipping fee is necessary to cover the cost of operations, State mandates and fees, and capital improvement costs; and,

WHEREAS an increase in the AB939 Fee on franchise haulers is necessary to cover the net cost of Authority AB939 Services; and

WHEREAS AB939 fee will be calculated as the full cost of AB939 services, less offsetting revenue and will be allocated to franchise haulers based upon their proportionate share of landfilled tonnage in the previous three fiscal years; and,

WHEREAS the organics and Construction and Demolition increases are necessary to ensure that the programs are fully self-funded; and,

WHEREAS, other adjustments are necessary to the rate schedule.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Salinas Valley Solid Waste Authority that the Disposal Fees and Rates Schedule attached hereto as "Exhibit A" is hereby approved to become effective July 1, 2021.

BE IT FURTHER RESOLVED that the General Manager/CAO is hereby authorized to make adjustments to the Disposal Fees and Rates Schedule on a case by case basis for recyclable/diverted materials where there is a clear benefit to the Authority or when there is an instance or a situation not covered by the Disposal Fees and Rates Schedule. In such instances, the Board of Directors will be notified at the next scheduled meeting.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at a meeting duly held on the 18th day of March 2021, by the following vote:

Erika I Truii	llo, Clerk of the Board	Roy C. Santos, Authority General Counsel

March 12, 2021

Mr. Patrick Mathews General Manager/CAO Salinas Valley Solid Waste Authority 128 Sun Street, Suite 101 Salinas, CA, 93901

Re: Green Waste Agreement

Dear Mr. Mathews:

As the Salinas Valley Solid Waste Authority (SVSWA) Board has been discussing the upcoming budget for disposal and processing rates, there has been a particular item on your agenda that is of high concern to us. This item is the green waste tipping fees. The item has been discussed during the last few Board meetings at great length as well as the impact it will have on ratepayers. However, there has been no discussion between our two organizations nor have we been contacted to have a discussion on this item.

On March 4, 2021 during the Executive Board Meeting, Agency staff mentioned that Republic Services had not responded to the Agency on this matter. However, I nor anyone on my team has been contacted by your staff on this subject. We submitted public comment during the January 21, 2021 Board Meeting stating our position, but those comments were not read aloud during the Board Meeting. Our position is that the Board should use the current rate structure under the terms of our current agreement to avoid any unnecessary delays in the rate setting process.

Our position on this matter has remained consistent. There is a current agreement between our organizations that clearly defines the process and frequency for establishing rates for green waste collected within the City of Salinas. Any change to this agreement would require discussions between our respective organizations on the topic, ultimately resulting in an agreed upon amendment to the current agreement. Those discussions have not taken place and an amendment to the agreement has not been discussed.

With this said, Republic is open to a direct dialogue between our organizations on this matter. We feel it is critically important for the SVSWA Board to know that there have been no direct discussions with our organization on the topic of green waste tipping fees for the City of Salinas nor any discussions regarding an amendment to our current agreement. With this information, the Board has all of the current information that will be necessary to move forward with finalizing your rate structure in regards to green waste from Salinas for the upcoming budget year. There should be no delay in this action due to a desire on your part to change the rates that the SVSWA is contractually obligated to provide.

We appreciate the continued partnership between our organizations and thank you in advance for your attention to this matter. Please contact me at your earliest convenience to discuss this issue in more detail.

Sincerely

General Manager

Salinas/Fresno Business Unit

Report to the Executive Committee

Date: March 18, 2021

From: C. Ray Hendricks, Finance and Administration

Manager

Title: A Resolution Approving the Operating Budget,

the Personnel Allocation and Salary Schedule

for FY 2021-22

ITEM NO. 7

2

Finance and Administration Manager/Controller-Treasurer

General Manager/CAO

R. Santos by E.T.

Authority General Counsel

RECOMMENDATION

The Executive Committee recommends approval of the Fiscal Year 2021-22 Budget to the Board of Directors.

DISCUSSION & ANALYSIS

Staff requested feedback from the Board on the increases and potential ways to maintain a balanced budget at both the January and February Executive Committee and Board Meetings. The Board found staff's recommended increases to be reasonable and directed staff to schedule a rate hearing and Budget approval for the March Board Meeting. Following are the key increases and staff recommendations for a balanced budget.

Budget Summary

The FY 2020-21 Proposed Budget included the third phased-in increase to the organics program fees approved by the Board in September 2017, as well as increases to the C&D rate for the initial staff implementation of the Organics/Wood Waste Recovery Line. However, the Board decided to defer any increases at the April 16, 2020 Board meeting due to concerns over the effect on the economy because of the local shutdowns caused by the COVID-19 pandemic. These deferred increases have been included in the FY 2021-22 Proposed budget, as well as additional increases needed to fund these programs. The Proposed Budget also assumes an equalization of organics processing rates for all member agencies. Currently, the City of Salinas hauler, Republic Service, continues to receive a substantially discounted rate for organics processing compared to the Authority's published rate for all other member agency haulers and the public.

The majority of the proposed AB939 increase is for the initial implementation of the mandated SB 1383 programs. Absent the equalization of organics rates, an additional adjustment of \$460,000 will be needed to address the revenue shortfall. If this is necessary, staff recommends an increase to AB939 rates. AB939 programs are still partially funded through solid waste tipping fees. The additional increase would bring the program closer to being fully funded. If this is necessary, and the organics rates are equalized in future years, this would reduce the necessary rate impacts at that time.

The Authority used \$170,000 from FY 2019-20 surpluses to fund a deposit into the California Employers' Pension Prefunding Trust Program (CEPPT) to partially fund the shortfall in CalPERS investments expected to create an unfunded liability in FY 2021-22.

Following is a consolidated summary of the budget that includes the proposed mid-year budget adjustments. The budget document will compare 2021-22 with all the adjustments approved by the Board. However, the discussion compares the Budget without the use of one-time funds so that we can compare the ongoing operating needs year over year.

	2020-21 (ORIGINAL BUDGET)	2020-21 (WITH MID YEAR ADJUSTMENTS)	2021-22 PROPOSED
BUDGETED REVENUE	,	,	
OPERATING REVENUES	21,644,200	22,209,800	23,271,850
USE OF ONE TIME SURPLUS		170,000	
TOTAL BUDGETED REVENUE	21,644,200	22,379,800	23,271,850
BUDGETED EXPENDITURES			
OPERATING EXPENDITURES	15,000,400	15,630,700	16,341,000
ESTIMATED SET ASIDE (NEW CELL)	1,000,000	1,050,000	1,050,000
DEBT SERVICE	3,136,800	3,136,800	3,134,000
POST CLOSURE	1,055,000	1,055,000	1,070,000
CIP/REPAYMENT ALLOCATION	1,445,000	1,500,300	1,670,000
TOTAL BUDGETED EXPENDITURES	21,637,200	22,372,800	23,265,000
BALANCE USED FOR RESERVES	7,000	7,000	6,850

Revenue Increases (\$1,062,050)

Revenues are projected to increase 4.8%. The following table summarizes the projected increases.

TOTAL REVENUE INCREASES	1,062,050	<u>4.8%</u>
INCREASES FOR NEW PROGRAMS	185,000	0.8%
FY 2020-21 RATE INCREASES/ TONNAGE ADJUSTMENTS	101,750	0.5%
FY 2019-20 DEFERRED RATE INCREASES*	315,300	1.4%
EQUALIZED ORGANICS RATES OR AB939 INCREASE	460,000	2.1%

Following is a summary of recommendations that will balance the budget.

Equalized Organics Rates or additional AB939 Fee Increase	\$ 460,000
Organics Fee Increases	275,300
Transportation Surcharge Increase	271,000
AB939 Fee Increase	267,000
C&D Rate Increase/Tonnage Decrease	(190,700)
All Other Revenue Changes	(20,550)
Total Revenue Increase	\$ 1.062.050

Budgeted Expenditure Increases (\$877,500)

Payroll Increase	\$ 332,900
Insurance	239,600
SB 1383 Implementation	208,000
Organics Recovery Operations	49,200
Fuel	32,500
State and Regional Fees	30,500
All Other Increases / (Decreases)	(15,200)
Total Operating Budget Increase	877,500
Total CIP Budget Increase	184,700
Total Increases Funded from Operations	\$ 1,062,200

<u>Payroll Increase</u>

The Authority used \$170,000 in fund balance to partially prefund expected CalPERS UAL at 06-30-2021. Absent these expenditures, the net increase to payroll is scheduled to be **\$332,900.** Increases are due to estimated annual merit increases, as well as a 3% COLA scheduled from the currently approved MOU and expected Health Insurance Premium increases. Following is a summary of the payroll budget adjustments.

	PAYROLL BUDGET
DESCRIPTION	INCREASES
COLA (MOU)	169,800
MERIT INCREASES	92,200
HEALTH INSURANCE PREMIUMS	88,400
NET ALL OTHER INCREASES/(DECREASES)	(17,500)
TOTAL PAYROLL INCREASES	332,900
PERS UNFUNDED LIABILITY REDUCTION	(170,000)
NET PAYROLL INCREASES	\$ 161,300

In addition to the scheduled increases, staff is requesting two new staff allocations not included in the totals above. An equipment Maintenance Technician I/II, and a Resource Recovery Technician needed to assist with the implementation of SB 1383 programs.

The Equipment Maintenance Technician would be in charge of routine maintenance of the equipment at all Authority facilities. Having a technician on site reduces equipment downtime and increases in-house expertise to troubleshoot equipment. The estimated first year salary and benefits for this position is \$151,000. However, there is no impact to the budget since savings from the use of contract maintenance will offset any increase in salary and equipment needed for this position. The Board approved the addition of an Equipment Maintenance Technician for FY 2020-21. However, with our large fleet of equipment, there is more work required than can be completed with one person.

The Resource Recovery Technician's annual salary and benefits is \$116,400. The position will be responsible for assisting member agencies with SB 1383 program implementation and tracking including:

- Conducting outreach to single-family residential and Multi-Family dwellings on new curbside food scraps collection program (commingling with green waste)
- Implementing commercial food scraps collection program (including City/County facilities)
- Providing organics technical assistance services for businesses, schools, multifamily complexes, etc.
- Increasing education and outreach for organics program, including carpet, textiles, clean wood, food and food-soiled paper for bulky item collection.
- Developing SB 1383 & food waste prevention outreach materials
- Developing Food Recovery outreach materials
- Enhancing or expanding the existing edible food recovery program
- Assisting with developing organics outreach and provide technical assistance to schools.
- Assisting with establishing an edible food recovery program for schools.
- Assisting member agencies with upcoming State mandated SB 1383 compliance monitoring

Insurance Increases

After the FY 2020-21 budget was approved, staff was informed that the Authority's insurance premiums would have above average increases to Property (\$131,767), Commercial Auto (\$82,453), and Liability (\$24,755). In order to maintain a balanced budget, staff reduced several operations budgets. An increase of **\$239,600** restores these budgets and plans for nominal increases to the FY 2021-22 insurance premiums.

SB 1383 Implementation

The initial cost of implementing SB 1383 is **\$208,000**. This includes the position discussed above, supplies needed, as well as \$50,000 for required annual organics contamination and capacity studies. The studies are the minimum required at this time by SB 1383. However, the results of the studies are major components of the long-term performance measurement requirements.

Expanded Organics Processing

On September 21, 2017, the Board approved the expanded organics program to meet the levels of diversion and greenhouse gas emission reductions required by various state mandates, including the Global Warming Solutions Act (Assembly Bill (AB) 32), the Mandatory Commercial Organics Recycling Program (AB 1826), and Short-Lived Climate Pollutants and Methane Emissions Reduction Strategy (Senate Bill 1383), which effectively eliminates the disposal of organic materials (including food scraps) in landfills by 2025 with interim reduction mandates. An Organics grant in the amount \$1.34 million was awarded and accepted from CalRecycle to fund the infrastructure needed for the new organics program.

The increase in cost of the Organics Processing services is **\$49,200**. Increased tonnage was addressed in the FY 2020-21 mid-year budget adjustment. However, the vendor that processes the material has a contracted CPI adjustment, which requires additional funds to be allocated for this program.

Operational Adjustments

Increases to the cost and amount of fuel needed to run the operations require an additional \$32,500. Increases in State and Regional Fees require an additional \$30,500. The remaining changes in the Operating Budget result in a net **decrease of \$25,200**. Staff continually looks at the budget to see where savings can be found to offset increases needed in other areas of the operation.

Debt Service

The only outstanding Authority debt are the 2014 Bonds used to refinance outstanding debt used for improvements to the landfills as well as the purchase of Crazy Horse Landfill. Debt Service Payments will remain relatively unchanged until FY 2027-28, with final Debt Service Payment scheduled for August 1, 2031.

The following table shows the schedule for all outstanding debt service including interest. Scheduled debt service payments for FY 2021-22 are \$3,134,000.

		2014B	Total Debt
Fiscal Year	2014A (AMT)	(Taxable)	Service
2020-21	2,703,125	433,574	3,136,699
2021-22	2,701,375	432,581	3,133,956
2022-23	2,701,000	434,730	3,135,730
2023-24	2,706,625	430,166	3,136,791
2024-25	3,137,000		3,137,000
2025-26	3,130,838		3,130,838
2026-27	3,132,688		3,132,688
2027-28	2,942,613		2,942,613
2028-29	2,750,975		2,750,975
2029-30	2,752,550		2,752,550
2030-31	2,751,838		2,751,838
2031-32	2,748,563		2,748,563

CIP/Post-Closure Budget

The CIP Budget is expected to increase by \$184,700. The Authority tries to fund known capital from operations on a <u>pay-as-you-go</u> basis. For some projects, this requires allocating funds to CIPs over several years. Debt taken to fund equipment for the Johnson Canyon and Jolon Road were paid off in FY 2019-20. The amounts have now been allocated to the Capital Replacement Budget. Additionally, the construction of the new organics program has been completed and is currently in operation. The capital replacement budget includes \$250,000 in funding in order to ensure that we have funds set aside (<u>pay-as-you-go</u> funding) to replace heavy equipment and the de-packaging machine in the future, as well as any continued improvements needed for the organics recovery and composting site. The Johnson Canyon Road Improvement Project was completed during FY 2020-21. In order to ensure that adequate funds are set aside for future improvement needs at all of our sites, \$100,000 per year is being funded going forwards. Following is a summary of the Capital Expenditure Allocation for FY 2020-21

	FY 2020-21 Approved CIP Allocation	FY 2021-22 Proposed CIP Allocation	Change
Equipment Replacement	1,120,000	1,120,000	-
Post Closure Maintenance (3 sites)	1,055,000	1,070,000	15,000
Organics Recovery Program	200,000	250,000	50,000
JC Landfill Improvements	150,000	150,000	-
Roadway Maintenance/Improvements	5,300	100,000	94,700
JR Transfer Station Improvements		25,000	25,000
Concrete Grinding	25,000	25,000	
Total CIP Allocation	2,555,300	2,740,000	184,700
Estimated New Cell Set Aside @\$5.00/ton (Included in Operating Budget)	1,050,000	1,050,000	
Total CIP/Set Asides	3,605,300	3,790,000	184,700

BACKGROUND

The budget process begins in January with a budget direction presentation. The feedback provided by the Board is incorporated into the Preliminary Budget presented in February, with a rate hearing and final budget being presented in March. This allows franchise waste haulers to begin their scheduled rate setting process in April.

RESOLUTION NO. 2021 –

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY APPROVING THE OPERATING BUDGET, THE PERSONNEL ALLOCATION AND SALARY SCHEDULE FOR FY 2021-22

WHEREAS, on February 18, 2021, the Board of Directors of the Salinas Valley Solid Waste Authority provided staff direction for preparation of the proposed operating budget; and,

WHEREAS, the Board found staff's recommended increases to be reasonable and directed staff to schedule a rate hearing and Budget approval for the March Board Meeting; and,

WHEREAS, the Board held a public hearing on March 18, 2021, to discuss the proposed FY 2021-22 rates; and,

WHEREAS, on March 18, 2021, the Board approved rate increases to the Organics Program, Construction and Demolition Program, Transportation Surcharge, an AB939 rate increase as well as other minor adjustments to the rate schedule;

NOW THEREFORE BE IT RESOLVED, by the Board of Directors of the Salinas Valley Solid Waste Authority, that the Operating Budget for Fiscal Year 2021-22, attached hereto as "Exhibit A" is hereby approved to become effective July 1, 2021; and,

BE IT FURTHER RESOLVED, that the Personnel Allocation attached hereto as "Exhibit B" and the Salary Schedule attached hereto as "Exhibit C" are hereby approved to become effective July 1, 2021; and

BE IT FURTHER RESOLVED, that the General Manager/CAO is hereby authorized to implement the budget in accordance with the Authority's financial policies.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at a meeting duly held on the 18th day of March 2021, by the following vote:

Erika J. Truji	llo, Clerk of the Board	Roy C. Santos, Authority General Counsel

March 18, 2021

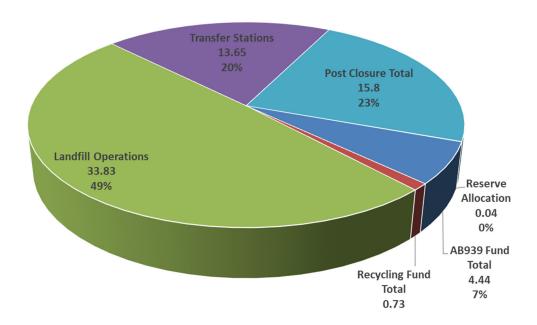

Salinas Valley Solid Waste Authority (Authority) Board Members:

We are pleased to present the Operating Budget for Fiscal Year 2021-22. The \$20,525,000 operating budget represents a 3.6% increase over the FY 2020-21 budget. The budget is financed by \$23,271,850 in operating revenues, which would generate an operating surplus of \$2,746,850. The proposed use of this surplus is \$1,070,000 to fund post closure maintenance at the Authority's three closed landfills, and \$1,670,000 in Capital Improvement Projects (CIPs). The remaining \$6,850 will be allocated to reserves designated in the Board approved Financial Policies.

The combined Operating Budget and Capital allocation represents an estimated **\$87.49 per capita** annual expenditure for the Authority's delivery of community services to our member agencies (service population of approximately 266,000).

The Post Closure and Capital Improvement Projects requires budget allocations of \$2,740,000 that will be funded from the \$2,746,850 in operating budget surplus mentioned above.

The \$68.50/ton tipping fee will not increase this year and is used to fund operations, as well as liabilities from our closed landfills. The following chart shows how the tipping fee is being spent after the capital improvement projects and administrative overhead have been allocated to the appropriate category.

Achieving a Balanced Budget

To achieve a balanced budget, this document incorporates the following items:

- No increase to the solid waste tipping fee
- Increase in organics program tipping fees that have been phased in over 3 years
- Increase to the C&D Tipping Fee Rate
- Increase to the transportation surcharge
- A \$267,000 total increase to AB939 fees

Beginning on the following page is a summary of the proposed budget followed by a discussion of how it was developed.

Salinas Valley Solid Waste Authority FY 2021-22 Two-Year Budget Comparison

	FY 2020-21	FY 2021-22		
	Mid Year	Proposed	Increase /

^{* 4.8%} Revenue Increase breakdown is as follows:

Organics Rate Equalization (2.1%) FY 2020-21 Deferred Rate Increases (1.4%).

FY 2021-22 Rate Increases (1.3%)

FY 2021-22 BUDGET AT A GLANCE

Operating Revenues

Operating revenues are proposed to increase by \$1,062,050, a 4.8% increase. The major reasons for the increase are as follows:

Total Revenue Increase	\$ 1.062.050
All Other Revenue Changes	(20,550)
C&D Tonnage Decreases	(190,700)
AB939 Fee Increase	267,000
Transportation Surcharge	271,000
Organics Fee Increases	275,300
Equalized Organics Rates or additional AB939 Fee Increase	\$ 460,000

Equalized Organics Rates or additional AB939 Fee Increase

This would increase the budgeted revenue by **\$460,000**. The City of Salinas, through a contract between its hauler, Republic Services, and SVSWA pays a discounted rate of \$19.21/ton for the processing source separated greenwaste vs. full cost of \$50.00/ton proposed in this budget. This contract was established in 2004 with the termination date tied to the hauler's franchise agreement (and all future extensions) with the City of Salinas and includes annual CPI increases. The difference between this contract and the proposed rate that recovers the actual cost of processing is \$460,000. Absent the equalization of rates, the \$460,000 shortfall would have to be addressed with a separate AB939 increase to fully fund the operating budget for these unfunded, State mandated organics recovery programs.

Increase tipping fees for Expanded Organics Program

On September 21, 2017, the Board approved the expanded organics program to include the addition of Agricultural and food waste composting. A phased-in rate increase over a three-year period was recommended to buffer the impact to rate payers. This was also done to allow the Authority to run the operations for a couple of years to determine the final cost of the program. The total rate increases proposed for FY 2021-22 will produce **\$275,300** in additional revenue.

Following is the schedule of rate increases approved in concept when the organics program was considered by the Board in September 2017, along with the proposed FY 2021-22 rates.

	Mixed	Wood
	Organics	Waste
FY 2018-19	38.25	36.25
FY 2019-20	43.00	39.00
FY 2020-21 (deferred)	48.00	42.00
FY 2021-22 (proposed)	50.00	48.00

AB939 Fees

AB939 services continues to be supplemented by tipping fees. Staff is recommended a 3% increase to these fees in FY 2020-21, which would have resulted in an additional \$82,000 in revenue. For FY 2021-22, staff is recommending an increase of **\$267,000**. Most of the increase (\$202,000) is needed for the initial implementation of the required SB 1383 programs. In order to reduce impacts, the deferred amount from FY 2020/21is being reduced. However, since this program is still being supplemented from tipping fees, future increases will be applied to AB939 programs until the fees fully fund the programs, consistent with Authority rate setting objectives.

<u>Transportation Surcharge</u>

Staff recommended an increase to the transportation charge to \$18.50/ton for FY 2020-21 in order to recover the incremental cost of transporting franchise waste from Authority transfer stations. This deferred rate is needed along with an additional \$.25/ton for FY 2021-22. These increases, along with additional tonnage that is being transported from the Jolon Road Transfer Station, will result in an additional **\$271,000** in revenue from surcharges for transportation revenue.

Construction and Demolition

Processing materials through the Organics/C&D sort line for expanded wood waste recovery is more costly than the previous process of just grinding to make landfill cover material. Use of this material for landfill cover is no longer considered a diversion activity and woodwaste now requires advanced separation to create clean materials for the organics processing operation, as mandated under SB 1383. Staff recommended Increasing the rate for C&D from \$58.00 per ton to \$62.00 per ton in FY 2020-21, with an additional increase in FY 2021-22 needed to fully fund the program. The expected tonnage for Construction and Demolition has decreased. Even with an increase to \$68.50 to cover the cost of the programs, expected revenues from the program are expected to be a **decrease of \$190,700**.

Other Revenue Adjustments

The net impact of all other revenues is a decrease of \$20,550.

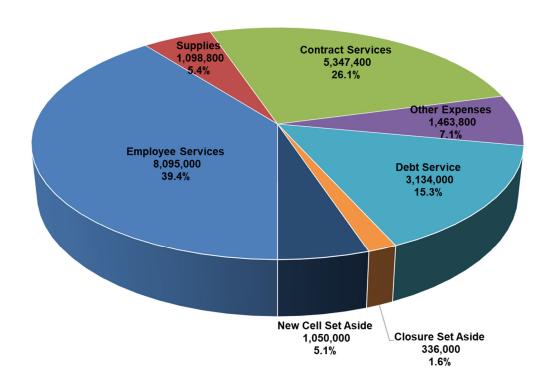

Operating Expenditures

The proposed operating budget of \$20,525,000 reflects an increase of \$707,500 (3.6%) over the current appropriations.

OPERATING EXPENDITURES BUDGET HIGHLIGHTS

Following is a comparison of the operating budget expenditures by category.

		Proposed		
	FY 2020-21	FY 2021-22	Increase /	%
Category	Mid Year Budget	Budget	(Decrease)	Change
Employee Services	7,666,300	8,095,000	428,700	5.6%
Supplies	1,008,300	1,098,800	90,500	9.0%
Contract Services	5,262,000	5,347,400	85,400	1.6%
Other Expenses	1,358,100	1,463,800	105,700	7.8%
Debt Service	3,136,800	3,134,000	(2,800)	-0.1%
Closure Set Aside	336,000	336,000	-	0.0%
New Cell Set Aside	1,050,000	1,050,000	-	0.0%
Grand Total	19,817,500	20,525,000	707,500	3.6%

Employee Services - \$8,095,000 (39.4%)

Employee Services accounts for 39.4% of the budget. The proposed budget contains 64 full time positions, and 1 half time position. Two new positions are proposed; a Resource Recovery Technician to Assist with the implementation of SB 1383 requirements, and a new Equipment Maintenance Technician I/II that will be funded from savings in the vehicle maintenance budget. Please refer to Appendix D for the complete personnel allocation.

Employee services are budgeted to increase 5.6% (\$428,700) in 2021-22 to \$8,095,000 due to:

- 1. Decrease in amount budgeted for CalPERS UAL Paydown
- 2. The addition of two new full-time positions
- 3. Annual Cost of Living Adjustments
- 4. Annual Merit Increases
- 5. Health Insurance Premium Increases

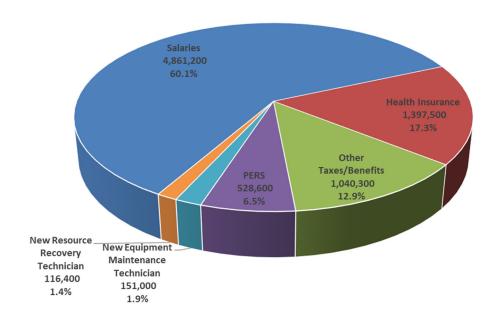

The FY 2019-20 budget included a \$170,000 supplemental appropriation to pay down CalPERS Unfunded Actuarial Liability. Surplus funds from FY 2019-20 were used for this allocation.

The Equipment Maintenance Technician requested will increase salary and benefits by \$151,000 and will be paid from savings in the vehicle maintenance budget. Having the work done by SVSWA staff will reduce equipment downtime, maintain efficiencies, and reduce cost associated with contracted work.

The Resource Recovery Technician requested will increase salary and benefits by \$116,400. The position will have several duties related to the implementation of programs required by SB 1383.

The 2.2% Cost of Living Adjustment (COLA) increase for 62 employees in FY 2021-22 is \$169,800. Scheduled annual merit increases for 33 employees in FY 2020-21 total \$92,200. Health Insurance premiums are scheduled to increase by \$88,400. Other changes in taxes and benefits for employees total a net decrease of \$15,200.

Below is a chart showing the cost for Employee Services:

Supplies - \$1,098,800 (5.4%)

The supplies budget will increase \$51,344. Most of our supply budget, \$734,200 (66.1%) is for fuel used to operate equipment and vehicles at all our facilities.

Contract Services (Business Partnerships) - \$5,347,400 (26.1%)

Contract Services pays for regulatory compliance and environmental monitoring, as well as processing and other services.

Contract services are budgeted to increase \$85,400 (1.6%) to \$5,347,400. This is due to increases in the costs of processing organics and expected increases for the implementation of SB 1383 programs.

Following is a summary of the major expenses in this category:

Vision Recycling (organics contractor) will be compensated \$1,690,500 for processing organics and wood waste at Johnson Canyon Landfill. This is the single largest recycling program for the Authority. This program keeps over 50,000 tons of organic material from the landfill and is expected to increase significantly over the coming years due to program changes to address new organics recovery mandates under AB 1826 and SB 1383.

- ➤ The cost of processing 7,800 tons of wood waste/C&D will cost \$324,000. This includes staffing a sorting line purchased in FY 2019-20 that will increase the amount of wood waste, organics and other high value materials that can be removed from the waste stream.
- ➤ The City of Gonzales will continue to receive \$250,000 in mitigation fees for hosting the landfill near its city limits.

Other Expenses - \$1,463,800 (7.1%)

This category covers other expenses not included in the above categories. Most of the expenses included in this category are regulatory or for mitigation related activities:

- California Integrated Waste Management Fees \$294,000. All landfills are required to pay the State a regulatory fee based on tonnage landfilled.
- Phillip Services will be compensated \$230,000 for Household Hazardous Waste (HHW) hauling, recycling and disposal. This is one of the mandated services paid by AB939 fees.
- Monterey County Environmental Health Bureau Regional Fees \$121,600. The Monterey County Environmental Health Bureau expects to receive \$496,080 in total fees from the Authority and Monterey Regional Waste Management District (MRWMD) based proportionally on tonnage landfilled at each site. Ending importation of waste to Authority landfills and significant increases in outside waste import to the MRWMD has shifted a larger share of this regulatory fee to the MRWMD.
- Monterey County Environmental Health Bureau, Local Enforcement Agency (LEA) \$59,500. The Monterey County Environmental Health Bureau LEA charges various permit fees for active and closed landfill permit activities. In total, the Authority expects to pay \$181,100 to Monterey County Environmental Health.

Debt Service - \$3,134,000 (15.3%)

At \$3,134,000, Debt Service is the third largest expense category at 15.3% of the budget.

The refinancing of the 2002 Revenue Bonds and the Salinas Installment Purchase Agreement for the Crazy Horse Landfill in January 2014 resulted in a short-term decrease. Beginning in FY 2018-19, bond debt service increased as scheduled to \$3.1 million, the amount of debt service being paid prior to the refinancing. It will continue at \$3.1 million until 2027-28 after which debt service will decrease to \$2.8 million through FY 2031-32 when all bonded debt is paid in full.

The debt service payments were structured so the savings from the refinancing would be taken upfront over the first few years instead of spreading out the savings annually over the life of the bond issue to provide funding to complete underfunded or deferred capital improvements at our four landfills.

Following is a summary of the Authority's bond debt service requirements for the next five fiscal years:

	2014A	(AMT)	2014B (1	Taxable)	
Fiscal Year Ended June 30,	Principal	Interest	Principal	Interest	Total Debt Service Requirement
2022	1,470,000	1,231,375	385,000	47,581	3,133,956
2023	1,545,000	1,156,000	405,000	29,730	3,135,730
2024	1,630,000	1,076,625	420,000	10,166	3,136,791
2025	2,155,000	982,000	0	0	3,137,000
2026	2,265,000	685,838	0	0	3,130,838

For full Bond Debt Service schedules see:

Appendix F - 2014 Alternatively Minimally Taxed (AMT) Bonds

Appendix G - 2014 Taxable Bonds

An Equipment Lease-Purchase loan was used to buy the initial start-up equipment for the operations at Johnson Canyon Landfill. The Equipment Lease-Purchase loan was fully paid in FY 2019-20, the amount used to pay this loan is being added to the CIP budget to allow cash funding (Pay-As-You-Go) for future equipment replacement needs. Landfill operations require many pieces of heavy equipment. The Capital Equipment Replacement CIP for Johnson Canyon is allocated an annual amount of \$800,000 beginning in FY 2020-21.

Closure/Post Closure Set Aside - \$336,000 (1.6%)

The calculation of closure and post-closure amounts is based on Governmental Accounting Standards Board Statement No. 18 (GASB 18). GASB 18 states very clearly, how the costs of closure and post-closure maintenance are calculated and allocated to accounting periods. The Authority follows the GASB 18 methodology to determine the budgeted amount for closure costs. The California Department of Resources Recycling and Recovery (CalRecycle) governs the funding of liabilities for landfill closure and post-closure.

During FY 2014-15 staff prepared and submitted revised Engineer's cost estimates for closure reflecting a rate of \$1.40 per ton. To ensure adequate funding, costs are checked annually to ensure the State's mandated inflation rates for closure costs are remaining consistent with actual engineering and industry cost estimates. The 5-year permit review has been submitted to CalRecycle and LEA and is awaiting approval. It is estimated that the \$1.60 per ton that is budgeted to be set aside in the FY 2021-22 budget will be enough to fund the closure as well as the post-closure requirements for Johnson Canyon Landfill.

Closure Funding Requirement

By the time a landfill stops accepting waste, it is required to have reserved sufficient funds to pay for the closure of the landfill. Closure costs are determined and funded annually based on landfill capacity used. Even though the funds will not be spent until the landfill is closed, the annual required funding amount is considered an expense for the period when the landfill capacity was used. The Authority therefore budgets to set-aside sufficient funds to cover the expense of closure for each fiscal year, as mandated by the State.

Closure Funding Calculations

The calculation of closure funding is based on a per ton basis. The Johnson Canyon Landfill Closure amount is calculated at \$1.60 per ton based on the unfunded liability as of June 30, 2020.

New Cell Construction Set Aside - \$1,050,000 (5.1%)

The cost of the new cell completed in FY 2019-20 was just over \$5.25 million for 1.17 million tons and five to six years of interim capacity. This included engineering, construction, quality assurance, staff time, and equipment costs used during construction of the cell. For the Authority to fund future cells with cash on hand (Pay-As-You-Go), we will need to set aside \$5 per ton over the life of the cell. Setting aside money on a per ton basis will allow the Authority to adjust for increases and decreases in tonnage, as necessary. At the budgeted tonnage of 210,000, the estimated set aside for FY 2021-22 will be \$1,050,000. The amount set aside is shown in the Operating Budget and will be allocated to the CIP budget during the CIP carryover process typically approved by the Board at the September Board meeting.

Capital Improvement Projects (CIP) /Post Closure Maintenance

The following Projects are to be budgeted in FY 2021-22

Equipment Replacement (3 sites)	\$ 1,120,000
Post Closure Maintenance (3 sites)	1,070,000
Organics Program	250,000
Johnson Canyon LFG System Improvements	100,000
Roadway Maintenance/Improvements	100,000
Johnson Canyon Litter Barrier	50,000
JR Transfer Station Improvements	25,000
Concrete Grinding	25,000
Total Operating Surplus Allocations	\$ 2,740,000

Equipment Replacement (\$1,120,000)

The Authority operates two transfer stations, and one landfill. To replace necessary equipment, money is set aside every year. The Board approved the Sun Street Equipment replacement plan on August 22, 2013. A Capital Purchase Lease Loan was taken when the Authority took over operations of Johnson Canyon Landfill with annual payments of \$800,000. An internal loan was taken when the Authority took over operations of Jolon Road Transfer Station with annual payments of \$120,000. The final payments for both loans were completed in FY 2019-20. The amounts used to pay these loans are now included in the CIP for future capital equipment replacement needs on a Pay-As-You-Go basis. This will allow the Authority to replace the equipment purchased with these loans with cash on hand rather than having to take out additional debt. The Equipment Replacement budget for all three sites is \$1,120,000 and are allocated to each site as follows:

- Johnson Canyon Landfill \$800,000
- Sun Street Transfer Station \$200,000
- Jolon Road Transfer Station \$120,000

Post Closure Maintenance (\$1,070,000)

Post-closure maintenance costs are inconsistent in nature. Some years require more maintenance than others. During FY 2019-20, the Board approved removing post closure maintenance from the operating budget and including it in the CIP budget. This allows staff to carry over remaining balances at the end of the year and help ensure that funding is available when large maintenance and repairs are necessary at the closed landfills. The total post closure maintenance budget for all three sites is \$1,070,000 and are allocated to each site as follows:

- Crazy Horse Closed Landfill \$560,000
- Jolon Road Closed Landfill \$260,000
- Lewis Road Closed Landfill \$250,000

Organics Program (\$250,000)

On September 21, 2017, the Board approved the expanded organics program to meet the levels of diversion and greenhouse gas emission reductions required by various state mandates, including the Global Warming Solutions Act (Assembly Bill (AB) 32), the Mandatory Commercial Organics Recycling Program (AB 1826), and Short-Lived Climate Pollutants and Methane Emissions Reduction Strategy (Senate Bill 1383), which effectively eliminates the disposal of organic materials (including food scraps) in landfills by 2025 with interim reduction mandates. An Organics grant in the amount \$1.34 million was awarded and accepted from CalRecycle to fund the infrastructure needed for the new organics program. The capital replacement budget includes \$250,000 in funding in order to ensure that we have funds set aside (Pay-As-You-Go funding) to replace heavy equipment and de-packaging machine, as well as any continued improvements needed for the composting site.

Johnson Canyon LFG System Improvements (\$100,000)

As landfill operations continue at the Johnson Canyon Landfill, so is the need to assure an effective environmental control system is in place. Setting aside \$100,000 annually for landfill gas system improvement will allow us to maintain and replace wells as needed.

Johnson Canyon Litter Barrier (\$50,000)

The litter barrier control fence along the property boundary helps to prevent litter from leaving the site. The \$50,000 annual funding allows staff to expand and replace the barrier as needed.

Jolon Road Transfer Station Improvements (\$25,000)

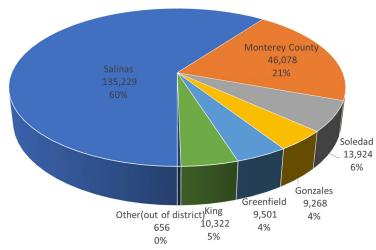

Staff took-over of the Jolon Road Transfer Station in September 2016. Initial repairs were done at the facility at this time. Setting aside \$25,000 annually will help ensure that any future capital repairs and/or improvements at the site have a minimal impact on the budget.

Concrete Grinding (\$25,000)

The Authority receives concrete, asphalt, and porcelain at its facilities for recycling. The material is consolidated at the Johnson Canyon Landfill and used as aggregate base to construct its internal access roads and a winter tipping pad that allows both the public and franchise haulers to access the tipping face in the winter months. Most of the material is crushed with onsite equipment and placed as needed. The larger portions require stockpiling and contracted crushing to produce the re-usable material for onsite needs. However, this material is only processed once every few years. In order to have enough funds available for processing, money is set aside each year on a Pay-As-You-Go basis until enough material is stockpiled to warrant grinding.

SOLID WASTE ORIGIN

The chart below shows the origin of the solid waste landfilled from the Authority service area for FY 2019-20. The origin of waste has historically been about the same.

LANDFILL CAPACITY

The Authority owns and operates the Johnson Canyon Landfill located outside the city of Gonzales. Our remaining capacity on June 30, 2020 is estimated at 7.26 million tons. Thanks to ending waste importation and improved recycling and operational efforts, the remaining capacity is approximately 32 years at last year's fill rate, with an expected increase of several years once the expanded organics/wood waste diversion programs are fully operational and site development plans are reviewed and updated.

Johnson Canyon Landfill Rate of Fill

In FY 2019-20, 224,980 tons of solid waste were buried at Johnson Canyon Landfill. Based on current year to date information for FY 2020-21, over 215,000 tons are conservatively expected to be received for landfilling, all from the Authority service area. The budget for FY 2021-22 requires 210,000 tons of solid waste. The life of the landfill could be further extended if mandatory recycling and new diversion programs are implemented to reduce landfill tonnage. If advanced waste diversion technologies are contracted for or implemented in the near future, it would have a more dramatic impact on buried tonnage, further extending the landfill capacity and life, and reducing the annual closure fund contribution by spreading these mandatory payments over a longer accrual period.

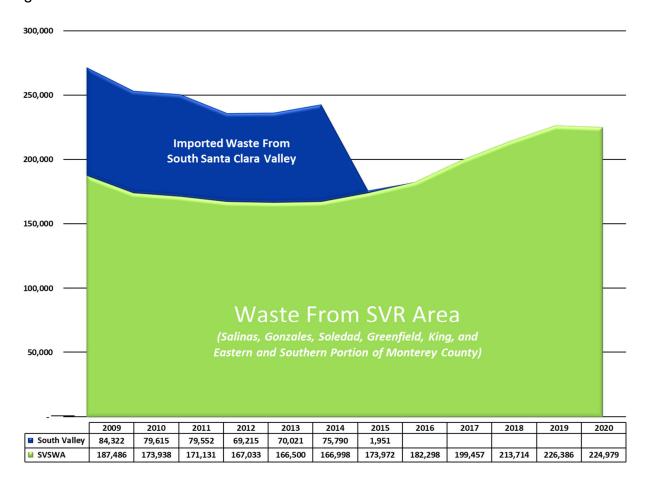

Johnson Canyon Landfill Capital Improvements

In order to fully utilize the permitted capacity, Johnson Canyon Landfill will require capital improvements totaling \$17,500,000 over the next 30+ years. At this time, the Authority cannot anticipate all the improvements, as changes in technology and State/Federal mandates are expected to influence the amount of waste that must be landfilled.

REVENUES AND TONNAGE

Landfilled Tonnage

The following chart shows that as of June 30, 2019, solid waste tonnage landfilled has stabilized and showing a modest projected increase. After a fluctuation of less than 500 tons between 2012 and 2014, the Authority saw its first substantial tonnage increase in more than ten years in 2015. Tonnage has increased moderately every year since. Tonnage slightly decreased from 2019 to 2020 and is expected to decrease slightly again for 2021.

Below is a summary of Solid Waste accepted at the scale house. Self-Haul and Franchise tonnage have been reallocated due to the staff run operations at Jolon Road in order to better project tonnages. This is followed with a brief discussion of the different types of tonnages.

	2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Budget	2021-22 Budget
Total Franchise Waste	166,419	170,147	174,273	163,800	163,500
Total Self Haul	35,204	41,252	41,558	46,200	46,500
Total Solid Waste Tons	201,623	211,399	215,831	210,000	210,000
Percent Change		4.8%	2.1%	-2.7%	0.0%

Year-to-date projections for 2020-21 is over 215,000 tons

Franchise Solid Waste Tonnage

For FY 2020-21 staff prepared the budget based on 163,800 tons of franchise waste. Current projections for FY 2020-21 show a decrease from FY 2019-20 totals. Staff is conservatively estimating 163,500 tons for franchise waste in FY 2021-22, a decrease of 0.2% of tons over the FY 2020-21 budget.

	2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Budget	2021-22 Budget
City of Salinas	97,601	96,508	100,681	93,500	94,100
Monterey County	36,668	41,233	40,838	38,100	37,500
City of King	8,875	8,711	8,771	8,500	8,200
City of Soledad	7,472	7,628	7,862	7,500	7,500
City of Greenfield	6,747	7,035	7,180	7,300	7,300
Tri-Cities Disposal	5,605	5,459	5,187	5,300	5,300
City of Gonzales	3,451	3,573	3,753	3,600	3,600
Total Franchise Tons	166,419	170,147	174,272	163,800	163,500
Percent Change		2.2%	2.4%	-6.0%	-0.2%

• Year-to-date projected Franchise tonnage for 2020-21 is over 165,000

Self-Haul Solid Waste Tonnage

The second largest source of income for the Authority is self-haul solid waste. These customers bring their own solid waste to Authority facilities. These customers can go wherever they choose and not subject to inter-agency flow control agreements. Staff is conservatively estimating 46,500 tons for self-haul waste in FY 2021-22, an increase of 0.6% tons over the FY 2020-21 budget. Closure of the Sun Street Transfer Station without an equivalent replacement facility to serve Salinas area Self-haul customers would affect services, rates, and revenues of the Authority.

	2017-18 Actual	2018-19 Actual	2019-20 Actual	2020-21 Budget	2021-22 Budget
Johnson Canyon Self-Haul	13,987	16,477	15,495	16,100	16,200
Jolon Road Self-Haul	2,737	3,041	3,082	3,800	3,800
Sun Street Self-Haul	18,480	21,734	22,945	26,300	26,500
Total Self-Haul Solid Waste	35,204	41,252	41,522	46,200	46,500
Percent Change		17.2%	0.7%	11.3%	0.6%

Year-to-date projected self-haul tonnage for 2020-21 is over 48,000

Transportation Surcharge

The Transportation Surcharge is used to partially offset the costs for the handling and transporting of franchise waste to Johnson Canyon Landfill from Authority operated transfer stations. The surcharge was originally \$6.00 per ton in FY 2009-10. It decreased to \$5.00 per ton in FY 2010-11 to offset a \$1.00 per ton tipping fee increase. Beginning in FY 2012-13, the surcharge was increased by \$3.00 per ton every year with the goal of eventually fully funding this franchise specific service benefit and reducing required subsidy from other revenue sources. The surcharge for FY 2021-22 is scheduled to increase to \$18.75 per ton. The surcharge will result in \$1,486,800 in direct service-related fees that will be used to cover the cost of transferring franchise waste from Sun Street and Jolon Road Transfer Stations to the Johnson Canyon Landfill. The benefits of transferring Franchise Waste vs. direct hauling their waste to landfills are reductions in greenhouse gases and transportation impacts to communities adjacent to facilities, and increases in productivity and cost effectiveness for Franchise Haulers.

EXPANSION FUND – (RECOLOGY SOUTH VALLEY TONNAGE)

The Expansion Fund was used to account for revenue from the sale of landfill capacity to Recology South Santa Clara Valley Disposal (Recology South Valley). All revenues from this contract ceased on December 31, 2014. The Authority has chosen to end the importation of solid waste to finance its operations and extend the life of the last remaining operational landfill more sustainably. By taking this critical step towards more sustainable funding of services, the Authority is closer to achieving its Vision of "A Future Without Landfills."

On June 30, 2021, the Expansion Fund is projected to have an available fund balance of \$8,211,869 after remaining appropriations for Capital Improvement Projects. The only revenue expected to be received in the Expansion Fund is accrued interest on the remaining balance.

The Expansion Fund, per current Board policy, is to be used for developing 50 years of sustainable landfill capacity, including future infrastructure and Waste Diversion Technology investments that reduce landfill dependence and extend the current life of Johnson Canyon Landfill.

REVENUE BOND RATE COVENANT

Pursuant to the Master Indenture for the 2014 Refunding Revenue Bonds, the Authority agreed "to fix, prescribe and collect rates, fees and charges and manage the operation of the System for each fiscal year so as to yield Net Revenues during such fiscal year equal to at least one hundred fifteen percent (115%) of the Annual Debt Service in such fiscal year." After paying for operations, the Authority must have available 115% of the amount of debt service. This ensures the bondholders that there is a 15% cushion to make debt service payments in the event changes are necessary during the year, which would affect revenues or expenditures. For FY 2021-22, the budgeted debt service coverage ratio is 187%.

LIABILITIES

One of the primary reasons that the Authority was formed was to manage the long-term landfill liabilities of its member agencies through economies of scale as a regional agency. As of June 30, 2020, the Authority holds \$85.7 million in long-term liabilities related to its landfills, both opened and closed on behalf of all its member agencies.

The chart below shows how these liabilities would be broken down based on FY 2018-20 franchise waste buried at the Johnson Canyon Landfill.

Salinas Valley Recycles Liabilities Allocated by Tonnage Landfilled All Totals as of June 30, 2020

^{*}Total Unfunded Estimated Cost for Closing Johnson Canyon Landfill @ 06-30-2020

PROJECTIONS

In order to make financial decisions, it is important to see what expenses for operations and Capital Improvement Projects needs are for the next few years. In order to project Authority rates, staff used the following assumption:

- Tonnage remains flat at 210,000 tons
- No other changes to services
- CPI increases of 2% to the Operating Budget for the next 5 years
- CPI Rate Increases to Organics and Transportation Rates
- Increases in AB939 rates in lieu of tipping fee increases until program is fully funded.

Debt service coverage of 115% is required to meet our bond covenants. As shown below, our debt service coverage is expected to be 187% in FY 2021-22, and subsequent years.

Debt Coverage Ratio	182%	187%	187%	187%	187%	187%

Capital Improvements are constantly needed at landfills and transfer stations. Both monitoring and disposal equipment must be constantly upgraded and/or replaced. A capital lease loan was taken out in order to purchase equipment needed to operate Johnson Canyon Landfill. Additionally, the Board directed staff to borrow funds from capital reserves to fund initial equipment purchases needed to operate the transfer station at Jolon Road. Now that both loans are repaid, the funds will be allocated to a Capital Equipment Replacement CIP in order to have cash available when the equipment purchased requires replacement (Pay-As-You-Go).

Following is a summary of capital needs expected to be funded over the next five years. Post Closure is included in Operating Expenditures for the purpose of calculating the Debt Coverage Ratio but is part of the Capital Improvements Budget so that we can carry over remaining balances year over year.

Description	2020-21 Budget	2021-22 Proposed	2022-23 Estimate	2023-24 Estimate	2024-25 Estimate	2025-26 Estimate
Post-Closure (Part of Operating Expenditures)	1,055,000	1,070,000	1,070,000	1,070,000	1,070,000	1,070,000

Concrete Grinding Set Aside	25,000	25,000	25,000	25,000	25,000	25,000
Total CIP's and Set Asides Funded From Operations	2,550,300	2,720,000	2,720,000	2,720,000	2,695,000	2,695,000

The following summary shows expected funding of reserves from budgeted operating surpluses.

	2020-21	2021-22	2022-23	2023-24	2024-25	2025-26
Description	Budget	Proposed	Estimate	Estimate	Estimate	Estimate
Net Income After Debt Service	2,557,300	2,726,850	2,730,600	2,728,900	2,721,700	2,714,700
Total CIP, and Set Asides						
Funded From Operations	2,550,300	2,720,000	2,720,000	2,720,000	2,695,000	2,695,000
Budgeted Surplus for Reserves	7,000	6,850	10,600	8,900	26,700	19,700

CONCLUSION

The budget as presented funds all required operating expenditures, debt service payments, and transfers. The operating budget includes \$1,050,000 in set aside for future landfill expansion. After adjusting the operating budget for this amount, the operating budget has a net income of \$3,796,850, which will fund necessary capital improvements and fund Board designated reserves.

The Board's approval of refinancing the 2002 Revenue Bonds and the Crazy Horse Installment Purchase Agreement has allowed the Authority to fund much needed and previously deferred Capital Improvement Projects and transition to continued funding for most anticipated future Capital needs on a Pay-As -You-Go basis. We will continue to work on ways to handle the solid waste disposal needs of the Salinas Valley in the most economical way possible while continuing to strive for a "Future without Landfills".

RESOLUTION NO. 2014 - 11

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY ADOPTING THE REVISED FINANCIAL POLICIES

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE SALINAS VALLEY SOLID WASTE

AUTHORITY, that the Financial Policies attached hereto as Exhibit "A" are hereby adopted.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at the regular meeting duly held on the 17th day of April 2014 by the following vote:

BOARD MEMBERS: ARMENTA, BARRERA, CULLEN, DE LA ROSA, LUTES, PEREZ, RODRIGUEZ, SALINAS, SILVA AYES:

BOARD MEMBERS: NONE NOES:

ABSENT: BOARD MEMBERS: MORENO

ABSTAIN: BOARD MEMBERS: NONE

ATTEST:

of the Board Elia Zavala

SUMMARY

The SVSWA Board of Directors recognizes their fiduciary responsibility by virtue of their appointment to the Board. In an effort to promote transparency in the fiscal affairs of the Authority and to promote fiscal accountability, it hereby adopts the following financial policies to guide the Authority's finances:

- 1. Revenues: The Authority will maintain a revenue system that will assure a reliable, equitable, predictable revenue stream to support Authority services.
- Expenditures: The Authority shall assure fiscal stability and the effective and efficient delivery of services, through the identification of necessary services, establishment of appropriate service levels, and careful administration of the expenditure of available resources.
- 3. Fund Balance/Reserves: The Authority shall maintain a fund balance at a level sufficient to protect the Authority's creditworthiness as well as its financial position from unforeseeable occurrences or emergencies.
- Capital Expenditures and Improvements: The Authority shall annually review the state of its capital assets, setting priorities for its replacement and renovation based on needs, funding, alternatives and availability of resources.
- 5. Debt: The Authority shall utilize debt financing only to provide needed capital equipment and improvements while minimizing the impact of debt payments on current revenues.
- 6. Investments: The Authority's cash will be invested in such a manner so as to ensure the absolute safety of principal and interest, meet the liquidity needs of the Authority, and achieve the highest possible yield.
- 7. Grants: The Authority shall seek, apply for and effectively administer federal, state and foundation grants that address the Authority's current priorities and policy objectives.
- 8. Closure Funding: The Authority shall properly fund all closure and postclosure costs in accordance with California Integrated Waste Management Board (CIWMB) requirements.
- 9. Fiscal Monitoring: Authority staff shall prepare and present to the Board regular reports that analyze, evaluate and forecast the Authority's financial performance and economic condition.
- 10. Accounting, Auditing and Financial Reporting: The Authority's accounting, auditing and financial reporting shall comply with prevailing local, state, and federal regulations, as well as current professional principles and practices as promulgated by authoritative bodies.

- 11. Internal Controls: The Authority shall establish and maintain an internal control structure designed to provide reasonable assurance that Authority assets are safeguarded and that the possibilities for material errors in the Authority's financial records are minimized.
- 12. Operating Budget: The Authority's operating budget will implement the policy decisions of the Board. It will provide a clear picture of the Authority's resources and their use.
- 13. Capital Assets: The Authority will capitalize all capital assets in accordance with Generally Accepted Accounting Principles so as to maintain proper control of all capital assets.

1 - REVENUES

The Authority will maintain a revenue system that will assure a reliable, equitable, predictable revenue stream to support Authority services.

A. <u>User Fees</u>

The Authority shall establish and collect fees to recover the costs of handling specific items that benefit only specific users. The Authority Board shall determine the appropriate cost recovery level and establish the fees. Where feasible and desirable, the Authority shall seek to recover full direct and indirect costs. User fees shall be reviewed on a regular basis to calculate their full cost recovery levels, to compare them to the current fee structure, and to recommend adjustments where necessary.

B. <u>Tipping Fees</u>

Tipping fees shall be set at levels sufficient to cover operating expenditures, meet debt obligations, provide additional funding for capital improvements, and provide adequate levels of working capital. Tipping Fees are not expected to cover depreciation/depletion.

C. One Time Revenues

One-time revenues shall be used only for one-time expenditures.

D. Revenue Estimates

The Authority shall use a conservative, objective, and analytical approach when preparing revenue estimates. The process shall include analysis of probable economic changes and their impacts on revenues, historical collection rates, and trends in revenues. This approach should reduce the likelihood of actual revenues falling short of budget estimates during the year and thus avoid mid-year service reductions.

E. Revenue Collection and Administration

The Authority shall pursue to the full extent allowed by state law all delinquent ratepayers and others overdue in payments to the Authority. Since a revenue should exceed the cost of producing it, the Authority shall strive to control and reduce administrative collection costs.

2 - EXPENDITURES

The Authority shall assure fiscal stability and the effective and efficient delivery of services, through the identification of necessary services, establishment of appropriate service levels, and careful administration of the expenditure of available resources.

A. <u>Current Funding Basis</u>

The Authority shall operate on a current funding basis. Expenditures shall be budgeted and controlled so as not to exceed current revenues.

B. <u>Avoidance of Operating Deficits</u>

The Authority shall take immediate corrective actions if at any time during the fiscal year expenditure and revenue estimates are such that an operating deficit (i.e., projected expenditures in excess of projected revenues) is projected at year-end. Corrective actions can include a hiring freeze, expenditure reductions, fee increases, or use of fund balance within the Fund Balance/Reserves Policy. Expenditure deferrals into the following fiscal year, short-term loans, or use of one-time revenue sources shall be avoided to balance the budget.

C. <u>Maintenance of Capital Assets</u>

Within the resources available each fiscal year, the Authority shall maintain capital assets and infrastructure at a sufficient level to protect the Authority's investment, to minimize future replacement and maintenance costs, and to continue current service levels.

D. Periodic Program Reviews

The General Manager shall undertake periodic staff and third-party reviews of Authority programs for both efficiency and effectiveness. Privatization and contracting with other governmental agencies will be evaluated as alternative approaches to service delivery. Programs which are determined to be inefficient and/or ineffective shall be reduced in scope or eliminated.

E. Purchasing

The Authority shall make every effort to maximize any discounts offered by creditors/vendors. Staff shall use competitive bidding whenever possible to attain the best possible price on goods and services.

3 - FUND BALANCE/RESERVES

The Authority shall maintain a fund balance at a level sufficient to protect the Authority's creditworthiness as well as its financial position from unforeseeable emergencies.

A. Operating Reserve

The Authority shall strive to maintain an Operating Reserve equal to fifteen percent (15%) of the current year operating expenditures, to provide sufficient reserves for unforeseen occurrences and revenue shortfalls. Operating expenditures for reserve purposes is defined as the total budget less capital project expenditures.

B. <u>Funding the Reserves</u>

After completion of the annual audit, any undesignated fund balance will be allocated to reserves using the following methodology:

- 1. Operating Reserve (20%)
- 2. Capital Projects Reserve (60%)
- 3. Environmental Impairment Reserve (20%)

Any allocation outside of the prescribed methodology or transfers between reserves must be approved by the Board.

C. <u>Capital Projects Reserve</u>

Due to the capital intensive nature of the Authority's landfill operations the Authority will develop a Capital Projects Reserve for the purpose of funding future capital projects and replacement of existing capital infrastructure in accordance with the Capital Improvements Financial Policies. The target amount of the reserve will be based on the capital needs of the Authority.

E. <u>Use of Operating Reserve</u>

The Operating Reserve shall be used only for its designated purpose - emergencies, non-recurring expenditures, or major capital purchases that can not be accommodated through current year savings. Should such use reduce the balance below the appropriate level set as the objective, restoration recommendations will accompany the decision to utilize said reserve.

F. <u>Environmental Impairment Reserve</u>

Due to the potential release of contaminants that exists with all Municipal Solid Waste landfills, the Authority will strive to fund an Environmental Impairment Reserve for the purpose of responding to a release in a timely manner. The funds can also be used for mitigation or corrective action measures required by CalRecycle.

G. <u>Annual Review of Reserves</u>

As part of the annual budget process, the Authority will review the target amount and the status of each of the reserves. This will be taken into account as part of the budget development. The goal is to reach the Operating and Environmental Impairment Reserve amounts within a five year period but in no case later than 10 years.

4 - CAPITAL EXPENDITURES AND IMPROVEMENTS

The Authority shall annually review the state of its capital assets, setting priorities for their replacement and renovation based on needs, funding, alternatives and availability of resources.

A. Capital Improvement Plan

The Authority shall prepare a 10-Year Capital Improvement Plan (CIP) which will detail the Authority's capital needs financing requirements. The CIP will be reviewed and approved every two (2) years before discussions of the operating budget take place. It will include budget financing for the first two years. The CAO will develop guidelines for what projects to include in the CIP. All projects, ongoing and proposed, shall be prioritized based on an analysis of current needs and resource availability. For every capital project, all operation, maintenance and replacement costs shall be fully disclosed. The CIP will be in conformance with and support the Authority's major planning documents and 3-year Strategic Plans..

B. Capital Improvement Budget

The CIP will be the basis for which projects will be included in the following year's budget. Appropriations will be approved annually using the following criteria:

- 1. Linkage with needs identified in the Authority's planning documents.
- 2. Cost/benefit analysis identifying all economic or financial impacts of the project.
- 3. Identification of available funding resources.

CIP funding will be based on the following priorities:

- 1. Projects that comply with regulatory requirements.
- 2. Projects that maintain health and safety standards.
- 3. Projects that maintain and preserve existing facilities.
- 4. Projects that replace existing facilities that can no longer be maintained.
- 5. Projects that improve operations.

C. Capital Expenditure Financing

Projects will be financed using the following preferred order:

- 1. Use current revenues:
- 2. Use the Capital Projects Reserve;
- 3. Borrow money through debt issuance.

Debt financing includes revenue bonds, certificates of obligation, lease/purchase agreements, and other obligations permitted to be issued or incurred under California law. Guidelines for assuming debt are set forth in the Debt Policy Statements.

D. Capital Projects Reserve Fund

A Capital Projects Reserve Fund shall be established and maintained to accumulate funds transferred from the undesignated fund balance. This fund shall only be used to pay for non-routine and one-time capital expenditures such as land and building purchases or construction and maintenance projects with a 10-year life. Expenditures from this Fund shall be aimed at protecting the health and safety of residents, employees and the environment, and protecting the existing assets of the Authority.

E. Capital Projects Management

The Authority will fund and manage its capital projects in a phased approach. The project phases will become a framework for appropriate decision points and reporting. The phasing will consist of:

- 1. Conceptual/schematic proposal
- 2. Preliminary design and cost estimate
- 3. Engineering and final design
- 4. Bid administration
- 5. Acquisition/construction
- 6. Project closeout

Each project will have a project manager who will prepare the project proposal, ensure that required phases are completed on schedule, authorize all project expenditures, ensure that all regulations and laws are observed, periodically report project status and track project expenditures.

5 - DEBT

The Authority shall utilize debt financing only to provide needed capital equipment and improvements while minimizing the impact of debt payments on current revenues.

A. <u>Use of Debt Financing</u>

The issuance of long-term debt will be only for the acquisition of land, capital improvements or equipment.

Debt financing is not considered appropriate for current operations, maintenance expenses, or for any recurring purposes.

B. Conditions for Debt Issuance

The Authority may use long-term debt to finance major equipment acquisition or capital project only if it is established through a cost/benefit analysis that the financial and community benefits of the financing exceed the financing costs. Benefits would include, but not be limited to, the following:

- 1. Present value benefit: The current cost plus the financing cost is less than the future cost of the project.
- 2. Maintenance value benefit: The financing cost is less than the maintenance cost of deferring the project.
- 3. Equity benefit: Financing provides a method of spreading the cost of a facility back to the users of the facility over time.
- 4. Community benefit: Debt financing of the project enables the Authority to meet an immediate community need.

Debt financing will be used only when project revenues or other identified revenue sources are sufficient to service the debt.

C. Debt Structure

The Authority's preference is to issue fixed-rate, long-term debt with level debt service, but variable rate debt or other debt service structure may be considered if an economic advantage is identified for a particular project.

Bond proceeds, for debt service, will be held by an independent bank acting as trustee or paying agent.

The Authority's minimum bond rating objective for all debt issues is a Moody's and Standard & Poor's rating of A (upper medium grade). Credit enhancements will be used to achieve higher ratings when there is an economic benefit.

The Authority may retain the following contract advisors for the issuance of debt:

- 1. Financial Advisor To be selected, when appropriate, by negotiation to provide financial analysis and advice related to the feasibility and structure of the proposed debt.
- 2. Bond Counsel To be selected by negotiation for each debt issue.
- 3. Underwriters To be selected by negotiation or competitive bid for each bond issue based upon the proposed structure for each issue.

D. Call Provisions

Call provisions for bond issues shall be made as short as possible consistent with the lowest interest cost to the Authority. When possible, all bonds shall be callable only at par.

E. <u>Debt Refunding</u>

Authority staff and the financial advisor shall monitor the municipal bond market for opportunities to obtain interest savings by refunding outstanding debt. As a general rule, the present value savings of a particular refunding should exceed 3.5% of the refunded maturities.

F. Interest Earnings

Interest earnings received on the investment of bond proceeds shall be used to assist in paying the interest due on bond issues, to the extent permitted by law.

G. Lease/Purchase Agreements

Over the lifetime of a lease, the total cost to the Authority will generally be higher than purchasing the asset outright. As a result, the use of lease/purchase agreements and certificates of participation in the acquisition of vehicles, equipment and other capital assets shall generally be avoided, particularly if smaller quantities of the capital asset(s) can be purchased on a "pay-as-you-go" basis.

6 - INVESTMENTS

The Authority's cash will be invested in such a manner so as to insure the absolute safety of principal and interest, meet the liquidity needs of the Authority, and achieve the highest possible yield after meeting the first two requirements.

A. <u>Investment Policy</u>

The Authority Treasurer is both authorized and required to promulgate a written Statement of Investment Policy which shall be presented to the Board annually.

B. <u>Interest Earnings</u>

Interest earned from investments shall be distributed to the operating funds from which the money was provided, with the exception that interest earnings received on the investment of bond proceeds shall be attributed and allocated to those debt service funds responsible for paying the principal and interest due on the particular bond issue.

.

7 - GRANTS

The Authority shall seek, apply for and effectively administer federal, state and foundation grants-in-aid that address the Authority's current priorities and policy objectives.

A. Grant Guidelines

The Authority shall apply, and facilitate the application by others, for only those grants that are consistent with the objectives and high priority needs previously identified by the Board. The potential for incurring ongoing costs, to include the assumption of support for grant-funded positions from local revenues, will be considered prior to applying for a grant.

B. Indirect Costs

The Authority shall recover full indirect costs unless the funding agency does not permit it. The Authority may waive or reduce indirect costs if doing so will significantly increase the effectiveness of the grant.

C. Grant Review

All grant submittals shall be reviewed for their cash match requirements, their potential impact on the operating budget, and the extent to which they meet the Authority's policy objectives. Departments shall seek Board approval prior to submission of a grant application. Should time constraints under the grant program make this impossible, the department shall obtain approval to submit an application from the CAO and then, at the earliest feasible time, seek formal Board approval. If there are cash match requirements, the source of funding shall be identified prior to application. An annual report on the status of grant programs and their effectiveness shall also be prepared.

D. Grant Program Termination

The Authority shall terminate grant-funded programs and associated positions when grant funds are no longer available unless alternate funding is identified.

8 - CLOSURE FUNDING

The Authority shall properly fund all closure and postclosure costs in accordance with CIWMB requirements.

A. Closure Funding

In accordance with CIWMB requirements, the Authority shall annually set aside sufficient funds to fully fund all accrued closure costs liability. These funds will be held in a separate Closure Fund restricted specifically for this purpose.

B. <u>Postclosure Funding</u>

In accordance with the Financial Assurances, the Authority shall fund postclosure costs from future revenues when those costs are incurred. The Authority will not pre-fund postclosure costs in its operating budget. The Authority has entered into Pledge of Revenue with the CIWMB for this purpose.

C. <u>Closure Funding Calculations</u>

The Authority shall, as part of the budget process, annually recalculate the closure costs on a per ton basis. Funds will be transferred on a monthly basis to the Closure funds based on tonnage land-filled. Post closure expense incurred as a result of current fiscal year solid waste disposal will be recorded as an expense on the Authority's financial statements with a corresponding liability.

9 - FISCAL MONITORING

Authority staff shall prepare and present to the Board regular reports that analyze, evaluate and forecast the Authority's financial performance and economic condition.

A. Financial Status and Performance Reports

Monthly reports comparing expenditures and revenues to current budget, noting the status of fund balances, and outlining any remedial actions necessary to maintain the Authority's financial position shall be prepared for review by the Board.

B. Five-year Forecast of Revenues and Expenditures

A five-year forecast of revenues and expenditures, to include a discussion of major trends affecting the Authority's financial position, shall be prepared in anticipation of the annual budget process. The forecast shall also examine critical issues facing the Authority, economic conditions, and the outlook for the upcoming budget year. The document shall provide insight into the Authority's financial position and alert the Board to potential problem areas requiring attention.

C. Semi-Annual Status Report on Capital Projects

A summary report on the contracts awarded, capital projects completed and the status of the Authority's various capital projects will be prepared at least semi-annually and presented to the Board.

D. Compliance with Board Policy Statements

The Financial Policies will be reviewed annually by the Board and updated, revised or refined as deemed necessary. Policy statements adopted by the Board are guidelines, and occasionally, exceptions may be appropriate and required. However, exceptions to stated policies will be specifically identified, and the need for the exception will be documented and fully explained.

10 - ACCOUNTING, AUDITING, AND FINANCIAL REPORTING

The Authority's accounting, auditing and financial reporting shall comply with prevailing local, state, and federal regulations, as well as current professional principles and practices as promulgated by authoritative bodies.

A. Conformance to Accounting Principles

The Authority's accounting practices and financial reporting shall conform to generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA), and the Government Finance Officers Association (GFOA).

B. Popular Reporting

In addition to issuing a comprehensive annual financial report (CAFR) in conformity with GAAP, the Authority shall supplement its CAFR with a simpler, "popular" report designed to assist those residents who need or desire a less detailed overview of the Authority's financial activities. This report should be issued no later than six months after the close of the fiscal year.

11 - INTERNAL CONTROLS

The Authority shall establish and maintain an internal control structure designed to provide reasonable assurance that Authority assets are safeguarded and that the possibilities for material errors in the Authority's financial records are minimized.

A. <u>Proper Authorizations</u>

Procedures shall be designed, implemented and maintained to ensure that financial transactions and activities are properly reviewed and authorized.

B. Separation of Duties

Job duties will be adequately separated to reduce, to an acceptable level, the opportunities for any person to be in a position to both perpetrate and conceal errors or irregularities in the normal course of assigned duties.

C. Proper Recording

Procedures shall be developed and maintained that will ensure financial transactions and events are properly recorded and that all financial reports may be relied upon as accurate, complete and up-to-date.

D. Access to Assets and Records

Procedures shall be designed and maintained to ensure that adequate safeguards exist over the access to and use of financial assets and records.

E. <u>Independent Checks</u>

Independent checks and audits will be made on staff performance to ensure compliance with established procedures and proper valuation of recorded amounts.

F. Costs and Benefits

Internal control systems and procedures must have an apparent benefit in terms of reducing and/or preventing losses. The cost of implementing and maintaining any control system should be evaluated against the expected benefits to be derived from that system.

12 - OPERATING BUDGET

The Authority's operating budget will implement the policy decisions of the Board. It will provide a clear picture of the Authority's resources and their use.

A. Budget Format

The budget shall provide a complete financial plan of all Authority funds and activities for the ensuing fiscal year and shall be in such form as the Chief Administrative Officer deems desirable or that the Board may require.

The budget shall begin with a clear general summary of its contents. It shall show in detail all estimated revenues, all carry-over fund balances and reserves, and all proposed expenditures, including debt service, for the ensuing fiscal year.

The total of proposed expenditures shall not exceed the total of estimated revenues plus the un-appropriated fund balance, exclusive of reserves, for any fund.

The budget will be organized on a program/service level format.

The budget development process will include the identification and evaluation of policy options for increasing and decreasing service levels.

B. Estimated Revenues

The Authority will annually update its revenue forecast to enhance the budgetary decision-making process.

In its budget projections, the Authority will attempt to match current expense to current revenue. If it becomes apparent that revenue shortfalls will create a deficit, efforts will be made first to reduce the deficiency through budgetary reductions.

If appropriate reductions are insufficient, the Board may decide, on an exception basis, to use an appropriate existing reserve, which is in excess of minimum reserve requirements.

C. Appropriations

In evaluating the level of appropriations for program enhancements, or reductions, the Authority will apply the following principles in the priority order given:

- 1. Essential services, which provide for the health and safety of residents will be funded to maintain current dollar levels.
- 2. The budget will provide for adequate ongoing maintenance of facilities and equipment.
- 3. Appropriations for program enhancements or reductions will be evaluated on a case-by-case basis rather than across the board.

- 4. When reductions in personnel are necessary to reduce expenditures, they shall be consistent with the Authority Board's established service level priorities and, when possible, shall be accomplished through normal attrition.
- 5. Programs, which are self-supported by special revenues or fees, shall be separately evaluated.

Prior to the Authority Board making any supplemental appropriation, the CAO or Finance Manager shall certify that funds in excess of those estimated in the budget are available for appropriation. Any such supplemental appropriations shall be made for the fiscal year by Board action up to the amount of any excess.

Appropriations may be reduced any time during the fiscal year by the Authority Board upon recommendation of the CAO. When appropriation reductions are recommended, the CAO shall provide specific recommendations to the Board, indicating the estimated amount of the reduction, any remedial actions taken, and recommendations as to any other steps to be taken.

The CAO may transfer appropriations between divisions, and division managers may transfer appropriations between programs and accounts within their individual divisions, but only the Board by resolution may appropriate funds from reserves or fund balances.

All appropriations, except for Capital Improvement Program and Grant Programs appropriations, shall lapse at the end of the fiscal year to the extent that they have not been expended or encumbered. An appropriation in the Capital Improvement Program shall continue in force until expended, revised, or cancelled.

The Authority will endeavor to budget an appropriated contingency account in all Divisions operating budget equal to one percent of the total Operating Budget to meet changing operational requirements during the fiscal year.

13 - CAPITAL ASSETS

The Authority will capitalize all capital assets in accordance with Generally Accepted Accounting Principles so as to maintain proper control of all capital assets.

- A. <u>Overview</u> The Finance Division will maintain a capital asset management system that will meet external financial reporting requirements and the needs of the Authority in line with these policies.
 - Capital assets are recorded as expenditures in governmental funds at the time the
 assets are received and the liability is incurred. These assets will be capitalized at
 cost on the government wide financial statements. Enterprise fixed assets are
 recorded as assets within the fund when purchased and a liability is incurred.
 - i. GASB 34 defines Capital Assets as land, improvements to land, easements, buildings, building improvements, vehicles, machinery, equipment, works of art and historical treasures, infrastructure, and all other tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.
 - ii. GASB 34 defines Infrastructure Assets as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets. Examples include roads, bridges, tunnels, drainage systems, water and sewer systems, dams and lighting systems. Buildings that are an ancillary part of a network of infrastructure assets are included.

The Authority uses the most current edition of GOVERNMENTAL ACCOUNTING, AUDITING, AND FINANCIAL REPORTING (GAAFR) published by the Government Finance Officers Association (GFOA) as its authoritative guide in setting policy and establishing accounting procedures regarding capital assets.

- B. <u>Capitalization</u> Generally all capital assets with an original cost of \$25,000 or more will be capitalized (recorded as an asset on the balance sheet versus expensing the item). Infrastructure Assets with an original cost of \$150,000 or more will be capitalized. This capitalization policy addresses financial reporting, not control. The Authority follows the GFOA recommended practices for establishing capitalization thresholds. Specific capitalization requirements are described as follows:
 - 1. The asset must cost \$25,000 or more.
 - 2. The asset must have a useful life of two (2) or more years.
 - 3. The capitalization threshold is applied to individual units of capital assets rather than groups. For example, ten items purchased for \$10,000 each will not be capitalized even though the total (\$100,000) exceeds the threshold of \$25,000.
 - 4. For purposes of capitalization, the threshold will generally not be applied to components of capital assets. For example a keyboard, monitor and central processing unit purchased as components of a computer system will not be evaluated individually against the capitalization threshold. The entire computer system will be treated as a single asset. The capitalization threshold will be applied to a network if all component parts are required to make the asset

functional.

- Repairs to existing capital assets will generally not be subject to capitalization unless the repair extends the useful life of the asset. In this case the repair represents an improvement and is subject to the requirements described number 6 below.
- 6. Improvements to existing capital assets will be presumed by definition to extend the useful life of the related capital asset and therefore will be subject to capitalization if the cost exceeds \$5,000.
- 7. Capital projects will be capitalized as "construction in progress" until completed. Personal computers will not be capitalized:

C. Leased Assets-

Operating leased assets are usually short term and cancelable at anytime. The recording of an operating lease as a fixed asset is not required because the item is not purchased.

Capital leases will be capitalized if one or more of the following criteria are met and the chance of cancellation is low:

- a. Ownership is transferred by the end of the lease term
- b. The lease contains a bargain purchase option
- c. The lease term is greater than or equal to 75 percent of the asset's service life
- d. The present value of the minimum lease payment is greater than or equal to ninety percent (90%) of the fair market value of the asset at the inception of the lease.

Capital lease items are capitalized at the beginning of the lease period, regardless of when the title transfers. Capital leases are recorded at net present value of lease payments.

- D. <u>Capital Asset Recording</u> It is the responsibility of the Finance Division to record, monitor and inventory all fixed assets. Each division will assign appropriate staff members to respond to verification, inventories, and filling out the necessary forms for recording transfers, dispositions or retired fixed assets.
- E. <u>Acquisition of Capital Assets</u> Fixed assets may be acquired through direct purchase, lease-purchase or capital lease, construction, eminent domain, donations, and gifts.

When a capital asset is acquired the funding source will be identified.

If funds are provided by a specific funding source, a record will be made of that specific source such as:

- Bond Proceeds
- State Grants
- F. Measuring the Cost and/or Value Capital assets are recorded at their "historical cost", which is the original cost of the assets. Donations accepted by the Authority will be valued at the fair market value at the time of donation. Costs include purchase price (less discounts) and any other reasonable and necessary costs incurred to place the asset in its intended location and prepare it for service. Costs could include the following:

Sales Tax
Freight charges
Legal and title fees
Closing costs
Appraisal and negotiation fees
Surveying fees
Land-preparation costs
Demolition costs
Relocation costs
Architect and accounting fees
Insurance premiums and interest costs during construction

- G. <u>Establishing Cost in the Absence of Historical Records</u> According to the GASB 34, an estimate of the original cost is allowable. Standard costing is one method of estimating historical cost using a known average installed cost for a like unit at the estimated date of acquisition. Another recognized method is normal costing wherein an estimate of historical cost is based on current cost of reproduction new indexed by a reciprocal factor of the price increase of a specific item or classification from the appraisal date to the estimated date acquired. When necessary the Authority will use whichever method gives the most reasonable amount based on available information.
- H. Recording Costs Incurred After Acquisition Expenditures/expenses for replacing a component part of an asset are not capitalized. However, expenditures/expenses that either enhance a capital asset's functionality (effectiveness or efficiency), or that extend a capital asset's expected useful life are capitalized. For example, periodically slurry sealing a street would be treated as a repair (the cost would not be capitalized), while an overlay or reconstruction would be capitalized. Adding a new lane constitutes an addition and would therefore also be capitalized.
- I. <u>Disposition or Retirement of Fixed Assets</u> It is the Authority's policy that divisions wishing to dispose of surplus, damaged or inoperative equipment must notify the Finance Division.
 - The Authority will conduct public auctions, as necessary, for the purpose of disposing of surplus property. Auctions will be conducted by the Finance Division. The original cost less depreciation will then be removed from the Authority's capital asset management system.
- J. <u>Transfer of Assets</u> The transfer of fixed assets between divisions requires notification to the Finance Department.
- K. <u>Depreciation</u> In accordance with GASB Statement No. 34 the Authority will record depreciation expense on all capital assets, except for inexhaustible assets.
 - The Authority will use straight-line depreciation using the half-year convention or mid month as appropriate. Depreciation will be calculated for half a year in the year of acquisition and the year of disposition. Depreciation will be calculated over the estimated useful life of the asset.
- L. <u>Recommended Lives</u> The Authority follows GFOA Recommended Practices when establishing recommended lives for capitalized assets. In accordance with GASB 34 the Authority will rely on "general guidelines obtained from professional or industry organizations." In particular the Authority will rely on estimated useful lives published by GFOA. If the life of a particular asset is estimated to be different than these guidelines, it

may be changed. The following is a summary for the estimated useful lives:

Asset ClassUseful LifeBuildings20 to 50 yearsImprovements15 to 45 yearsInfrastructure20 to 50 yearsEquipment and Machinery5 to 20 years

- M. <u>Control of Assets</u> In accordance with GFOA Recommended Practice the Authority will exercise control over the non-capitalized tangible capital-type items by establishing and maintaining adequate control procedures at the division level. The Authority's capitalization threshold of \$5,000 meets financial reporting needs and is not designed for nor particularly suited to maintain control over lower cost capital assets. It is the responsibility of each division to maintain inventories of lower-cost capital assets to ensure adequate control and safekeeping of these assets.
- N. <u>Maintenance Schedules</u> The Authority shall develop and implement maintenance and replacement schedules with a goal of maximizing the useful life of all assets. The schedules shall include estimates of annual maintenance and/or replacement funding required for each asset.
- O. <u>Maintenance Funding</u> The Authority shall identify specific sources of funds for the annual maintenance or replacement of each asset. Whenever possible, the maintenance or replacement funding shall be identified from a source other than the Authority General Fund. The Authority shall endeavor to set aside, on an annual basis, one and one-half percent (1½%) of its Operating Budget to provide for on-going maintenance and required replacement of assets that cannot be reasonably funded from other sources.
- Q. <u>Inventorying</u> The Authority will follow the GFOA recommended practice of performing a physical inventory of its capitalized capital assets, either simultaneously or on a rotating basis, so that all capital assets are physically accounted for at least once every five years.
- R. <u>Tagging</u> The Authority will tag only moveable equipment with a value of \$5,000 or higher. Rolling stock items will not be tagged. They will be identified by the VIN number. The Finance department will be responsible for tagging equipment.

RESOLUTION NO. 2021 –

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY APPROVING THE DISPOSAL AND SERVICE FEES EFFECTIVE JULY 1, 2021

WHEREAS the Board of Directors of the Salinas Valley Solid Waste Authority held a public hearing on March 18, 2021 to review the disposal fees and rates for FY 2021-22; and,

WHEREAS no increase in the solid waste tipping fee is necessary to cover the cost of operations, State mandates and fees, and capital improvement costs; and,

WHEREAS an increase in the AB939 Fee on franchise haulers is necessary to cover the net cost of Authority AB939 Services; and

WHEREAS AB939 fee will be calculated as the full cost of AB939 services, less offsetting revenue and will be allocated to franchise haulers based upon their proportionate share of landfilled tonnage in the previous three fiscal years; and,

WHEREAS the organics and Construction and Demolition increases are necessary to ensure that the programs are fully self-funded; and,

WHEREAS, other adjustments are necessary to the rate schedule.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Salinas Valley Solid Waste Authority that the Disposal Fees and Rates Schedule attached hereto as "Exhibit A" is hereby approved to become effective July 1, 2021.

BE IT FURTHER RESOLVED that the General Manager/CAO is hereby authorized to make adjustments to the Disposal Fees and Rates Schedule on a case by case basis for recyclable/diverted materials where there is a clear benefit to the Authority or when there is an instance or a situation not covered by the Disposal Fees and Rates Schedule. In such instances, the Board of Directors will be notified at the next scheduled meeting.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at a meeting duly held on the 18th day of March 2021, by the following vote:

Erika J. Truiille	o, Clerk of the Board	Roy C. Santos, Authority General Counsel

RESOLUTION NO. 2021 -

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY APPROVING THE OPERATING BUDGET, THE PERSONNEL ALLOCATION AND SALARY SCHEDULE FOR FY 2021-22

WHEREAS, on February 18, 2021, the Board of Directors of the Salinas Valley Solid Waste Authority provided staff direction for preparation of the proposed operating budget; and,

WHEREAS, the Board found staff's recommended increases to be reasonable and directed staff to schedule a rate hearing and Budget approval for the March Board Meeting; and,

WHEREAS, the Board held a public hearing on March 18, 2021, to discuss the proposed FY 2021-22 rates; and,

WHEREAS, on March 18, 2021, the Board approved rate increases to the Organics Program, Construction and Demolition Program, Transportation Surcharge, an AB939 rate increase as well as other minor adjustments to the rate schedule;

NOW THEREFORE BE IT RESOLVED, by the Board of Directors of the Salinas Valley Solid Waste Authority, that the Operating Budget for Fiscal Year 2021-22, attached hereto as "Exhibit A" is hereby approved to become effective July 1, 2021; and,

BE IT FURTHER RESOLVED, that the Personnel Allocation attached hereto as "Exhibit B" and the Salary Schedule attached hereto as "Exhibit C" are hereby approved to become effective July 1, 2021; and

BE IT FURTHER RESOLVED, that the General Manager/CAO is hereby authorized to implement the budget in accordance with the Authority's financial policies.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at a meeting duly held on the 18th day of March 2021, by the following vote:

Erika J. Trujilla	o, Clerk of the Board	Roy C. Santos, Authority General Counsel

SALINAS VALLEY SOLID WASTE AUTHORITY

FY 2021-22 Proposed Budget

March 18, 2021

Published on 3/11/2021

1

Budget Assumptions

- Increased organics program approved in September 2017
- Implementation of SB 1383 Requirements
- Equalization of Organics Rates for all Member Agencies
- Implementation of Organics/Wood Waste Recovery Sort Line
- No Other Program Changes

Budget Summary

		2020-21	
	2020-21	(With Mid Year	2021-22
	(Original Budget)	Adjustments)	Proposed
Budgeted Revenue			
Operating Revenues	21,644,200	22,209,800	23,271,850
Use of One Time Surplus		170,000	
Total Budgeted Revenue	21,644,200	22,379,800	23,271,850
Budgeted Expenditures			
Operating Expenditures	15,000,400	15,630,700	16,341,000
Estimated Set Aside (New Cell)	1,000,000	1,050,000	1,050,000
Debt Service	3,136,800	3,136,800	3,134,000
Post Closure	1,055,000	1,055,000	1,070,000
CIP/Repayment Allocation	1,445,000	1,500,300	1,670,000
Total Budgeted Expenditures	21,637,200	22,372,800	23,265,000
Balance Used for Reserves	7,000	7,000	6,850

3

Projected Revenue Increase

Organics–Salinas/Additional AB939 Rate Increase	460,000
Organics	275,300
Transportation Surcharge	271,000
AB939 fee	267,000
Construction and Demolition	(190,700)
All Other Revenue Changes	(20,550)
Total Revenue Increase	\$ 1,062,050

Payroll Budget Increases

COLA (MOU)	169,800
Merit Increases	92,200
Health Insurance Premiums	88,400
Net All Other Increases/(Decreases)	(17,500)

Report to the Board of Directors

Date: March 18, 2021

From: Mandy Brooks, Resource Recovery Manager

Title: A Resolution Approving the Formation of a SB

1383 Technical Advisory Committee

ITEM NO. 8

N/A

Finance and Administration Manager/Controller-Treasurer

General Manager/CAO

R. Santos by E.T.

Authority General Counsel

RECOMMENDATION

Staff and the Executive Committee recommend that the Board approve the formation of a SB 1383 Technical Advisory Committee (TAC). The purpose of establishing a SB 1383 TAC is to ensure that the necessary tasks and programs are regionally coordinated, completed, and implemented in the established timeframe to meet the mandate requirements for all member agencies.

STRATEGIC PLAN RELATIONSHIP

Select and Implement Facilities (e.g., Salinas Area Material Recovery Center) and Programs that Lead to Achievement of at Least 75% Waste Diversion. The Authority provides recycling and waste recovery services, programs, and compliance reporting for member agencies. Forming a SB 1383 TAC will ensure that the mandate requirements and the strategic plan goal are being met.

FISCAL IMPACT

There is no direct fiscal impact from the formation of a SB 1383 TAC. The FY 21-22 Proposed Budget (see agenda Item 6) does include funds for 1383 program implementation as well as a request for an additional staff.

DISCUSSION & ANALYSIS

In an effort to begin regional coordination, the Authority was invited to attend Monterey Regional Waste Management District's (MRWMD) monthly SB 1383 TAC in late 2020 and participates in two of their subgroup's: Collection & Education and Edible Food Recovery. The Authority and MRWMD have also partnered to begin the Edible Food Recovery Capacity study required as part of SB 1383 compliance.

The Authority's SB 1383 TAC Members would consist of Authority staff, representatives from the County of Monterey and the Cities of Gonzales, Greenfield, King City, Salinas, and Soledad, the franchised haulers (Republic Services of Salinas, Tri-Cities Disposal, and Waste Management), and Monterey Regional Waste Management District representative.

The TAC will initially focus on the following activities which are based on the final 1383 program roadmap and timeline requirements:

- Organics Collection Service (2021): includes amendments to franchise agreements and rate adjustments and the addition of commercial, residential & multifamily food waste recycling services and programs.
- Capacity Planning (2021): requires conducting organics waste recycling capacity study in collaboration with the County and Edible Food Recovery Capacity Study, currently in process in collaboration with MRWMD.
- **Policy & Ordinances (2021):** amending ordinances and administrative fee schedules and updating procurement policies and special event permits.
- Recordkeeping & Reporting (2021): continuing to utilize Recyclist to track and document all activities, task, and programs.
- **Operations (2021):** Johnson Canyon Landfill Facility Permits or amendments (if applicable).

Once these initial activities are underway then the TAC will focus on the remaining activities:

- Monitoring & Enforcement (2022): implementing inspection and compliance programs for organic waste and edible food generators and conducting contamination monitoring and notify generators
- **Edible Food Recovery (2022):** identifying Tier 1 & Tier 2 generators (Tier 1 includes shelf-stable foods from grocery stores, etc., while Tier 2 includes perishable foods from restaurants, hotels, etc.) and implementing food recovery programs for Tier 1 & Tier 2 generators.
- **Education and Outreach (2022):** develop bilingual campaigns and materials (print/digital/on-line), including brochures, flyers, cart labels, etc.
- **Procurement (2022):** Procurement of organics (compost, renewable gas, or mulch) based on each member agencies calculated target and paper products and printing/writing paper (requires 30% recycled content if it is not cost prohibitive).

The following five sub-committees would also be formed as working groups to ensure the activities meet the completion dates: Monitoring/Reporting/Enforcement, Collection Services, Education & Outreach, Policy & Ordinances, and Edible Food Recovery. Since Edible Food Recovery is a countywide program, forming another subcommittee seems redundant so we propose continuing to attend the District's subcommittee and invite Authority member agencies to join.

BACKGROUND

On October 22, 2020, each member agency received their individualized program reports via email which included the following: Final Program Report, Roadmap and Timeline, Organic Products (Compost) Marketing Plan, and Food Recovery Report. In addition, the Authority also received an Authority-wide program report and capacity study including the following topics:

- Baseline and Projected Organics Data
- Food Waste Reduction and Food Recovery Programs
- SB 1383 Program Options
- Organics Procurement
- SB 1383 Roadmap and Timeline
- Cost Analysis

All the final program planning reports and roadmap timeline were provided and presented in detail at the Authority's November 19, 2020 Board of Director's meeting.

ATTACHMENT(S): 1. Resolution 2. Presentation

RESOLUTION NO. 2021 -

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY APPROVING THE FORMATION OF A SB 1383 TECHNICAL ADVISORY COMMITTEE

WHEREAS, the Short-Lived Climate Pollutants Bill of 2016 (SB 1383) establishes regulatory requirements for jurisdictions, Generators, haulers, Solid Waste facilities, and other entities to support achievement of State-wide Organic Waste Disposal reduction targets of 50% by 2020 and 75% by 2025; and,

WHEREAS, on November 21, 2020, the Board of Directors received the Authority's final SB 1383 program planning reports; and,

WHEREAS, the formation of a SB 1383 Technical Advisory Committee will ensure that the necessary tasks and programs detailed in the final program planning reports are regionally coordinated, completed, and implemented in the established timeframe to meet the mandate requirements for all member agencies.

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE SALINAS VALLEY SOLID WASTE AUTHORITY, that the formation of the Salinas Valley Solid Waste Authority SB 1383 Technical Advisory Committee is hereby approved.

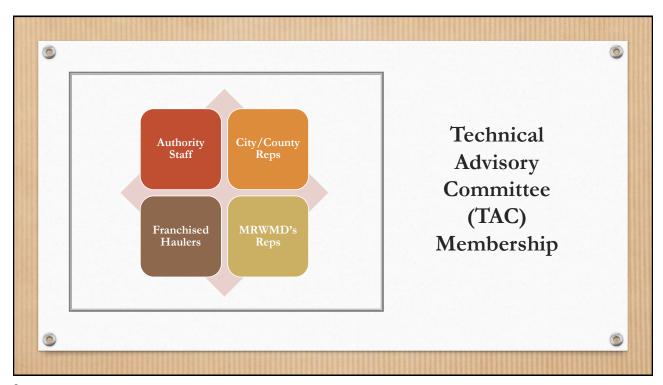

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at its regular meeting duly held on the 18th day of March 2021, by the following vote:

BOARD MEMBERS:
