YOUR SCHOOL MUST BE IN COMPLIANCE WITH SB 1383 & AB 1826

LET THE EXPERTS HELP YOU GET IT DONE!

Salinas Valley Recycles and your waste hauler will work collaboratively to train school admin and staff to build, grow and sustain a food scrap recycling and diversion program that works for you, your district, and your school. We will help ensure you have all the equipment, resources, and best practices in the industry to succeed. Our expert staff will be there every step of the way!

To receive our onsite assistance, staff from each school site must attend the **three required workshops**! After completing one of each category of workshop, you will be eligible to schedule our staff for onsite assistance. **These workshops and onsite visits are mandatory components to receiving your final compliance report from SVR.**

Compliance starts with YOU!
Register your team TODAY!

Train the Trainer Workshop
This workshop should be attended by Kitchen Staff, Cafeteria Custodians, and Lunch Room Supervisors. This two-hour semi-hands-on course will teach participants how to implement food scrap recycling in the kitchen and in the cafeteria, as well as the proper sorting techniques and disposal methods. Participants will also receive training on how to build a successful and long term sustainable program in their schools. This workshop will be available via zoom and in person as well as bilingual.
