ITEM NO. 1

Agenda Item

General Manager/CAO

R. Santos by E.T.

Authority General Counsel
Approval

GENERAL MANAGER/CAO COMMENTS

(6:03) General Manager/CAO Mathews welcomed our new Alternate Director Bañuelos. He informed the Board that he will be attending the WASTECON National Convention in Dallas at the end of October.

DEPARTMENT MANAGER COMMENTS

(6:05) Asst. General Manager/Operations Manager Zuñiga thanked the Board members that attended the Annual Employee Communication Dinner. Finance and Administration Manager Hendricks reported that payments to pay down the CalPERS UAL were made with a balance remaining to be paid with part of the Fund Balance Allocation. He indicated that the CalPERS June 2023 returns came in at 9.3%, higher than the expected 6.8% and the health insurance rates increased 11.5% year over year with the Authority budgeting for a 10% increase. Mr. Hendricks indicated termites were found in the old administration building and the entire building will have to be treated. He also informed the Board that the audit is almost completed and is expected to be presented in October. Resource Recover Manager Brooks commented on the three events that are taking place: the Tire Amnesty currently underway, the Composting Workshop and compost giveaway at Cesar Chavez Park in Salinas, and the City of Soledad Annual Community Clean up event.

GENERAL LEGAL COUNSEL COMMENTS

(6:07) General Legal Counsel Santos thanked staff for their work on City of King's Franchise Agreement.

BOARD DIRECTOR COMMENTS

(6:08) None

PUBLIC COMMENT

(6:08) None

RECOGNITION

A. 2024 Employee of the Year

(6:09) Asst. General Manager/Operations Manager Zuñiga recognized Tomás Lopez, Heavy Equipment Operator, for receiving the 2024 Employee of the Year Award. Mr. Lopez has been with the Authority for over four years and was selected by his co-workers for his commitment, contributions, splendid work ethic, patience, and exceptional dedication to serving the Salinas Valley Community by providing excellent customer service with a positive attitude.

Public: None

Board Discussion: The Board commended Mr. Lopez for his selection as Employee of the Year.

Motion: None; Informational Only

CONSENT AGENDA (6:14)

1. Minutes of the August 15, 2024 Meeting.
2. July 2024 Claims and Financial Report.
3. Member and Interagency Activities Report for August 2024.
4. Resolution No. 2024-52 Approving the Grants and Capital Improvement projects Budget for Fiscal Year 2024-25.

Public Comment: None

Board Discussion: None

Motion: Director Sandoval made a motion to approve the consent agenda as presented. Director Cullen seconded the motion.

Votes: Motion carried 5,0

Ayes: Bañuelos (Alt), Church, Cullen, Rocha, Sandoval

Noes: None

Abstain: None

Absent: Ansaldo-Sánchez, Gonzalez, Lopez, Silva, Tipton

PRESENTATION

5. UPDATE ON AB 939 PROGRAMS AND FEE ALLOCATIONS

(6:16) Recycling Coordinator Faulk and Resource Recovery Manager Brooks provided an overview of the AB 939 programs, the multiple reporting requirements, the 2023 estimated diversion rate and the allocation of the AB 939 fees was presented to the Board. The allocations of services and activities were detailed by percentages for each jurisdiction.

Public: None

Board Discussion: The Board discussed the presentation.

Motion: None; Informational Only

6. 2023-24 SALINAS VALLEY RECYCLES ANNUAL REPORT

(6:28) General Manager/COA Mathews presented the report that highlights the accomplishments, events, and activities of the past fiscal year. The report includes statistics on the finances, marketing, media, and outreach & education at schools and businesses, and so much more.

Public Comment: None

Board Discussion: The Board discussed the report.

Motion: None; Informational Only

CONSIDERATION

7. CAPITAL PROJECT DESINGS AND COAST ESTIMATES

(6:39) Engineering and Compliance Manager Kennedy presented the conceptual designs for the three capital projects located across the Authority's service area. He reviewed the conceptual designs of the North County Transfer Station and Johnson Canyon Road Entrance Facility Improvement and explained the Jolon Road Pavement Rehabilitation Project plans and specifications that will be included in the request for bids packet. Finance and Administration Manager Hendricks detailed the estimated cost for each of the projects and the potential funding sources available.

Public Comment: None

Board Discussion: The Board discussed the presentation.

Motion: By Consensus the Board directed staff to move forward with the release of the request for bids for the Jolon Road Pavement Rehabilitation Project, to continue with the planning and permitting for the North County Transfer Station with the stipulation to examine additional safety measures for the main entrance, and to defer the Johnson Canyon Road Entrance project until after the design and development of module VIII.

8. SAN BENITO COUNTY PARTNERSHIP OPPORTUNITIES – AD HOC COMMITTEE FORMATION

(7:08) General Manager/CAO Mathews informed the Board of the letter received from the San Benito County Board of Supervisors that requested a meeting between the Authority and their Sanitary Solutions Ad Hoc Committee (SSAHC) to explore partnership opportunities. He explained the SSAHC is exploring solutions for landfill disposal capacity and opportunities for increased recycling.

The Authority Board directed the General Manager to engage in discussion to obtain more information on what type of partnership opportunities the SSAHC is exploring.

Public Comment: None

Board Discussion: The Board discussed the letter indicating they are opposed to forming an Ad Hoc Committee or to engage in any discussion related to the importation of waste. Director Cullen expressed his willingness to participate in the Ad Hoc Committee if formed.

Motion: By Consensus the Board directed the General Manager/CAO to engage in discussions with the SSAHC to obtain more information on the type of partnerships opportunities they are seeking and invited Director Cullen to participate if he interested.

Votes: Motion carried 5,0

Ayes: Bañuelos (Alt), Church, Cullen, Rocha, Sandoval

Noes: None

Abstain: None

Absent: Ansaldo-Sánchez, Gonzalez, Lopez, Silva, Tipton

FUTURE AGENDA ITEMS (7:38)

9. AGENDA ITEMS – VIEW AHEAD SCHEDULE

ADJOURNED

President Rocha adjourned the meeting at 7:39 p.m.

APPROVED: _____

Report to the Board of Directors

ITEM NO. 2

Finance and Administration
Manager/Controller/Treasurer

General Manager/CAO

N/A

General Counsel

Date: October 17, 2024
From: C. Ray Hendricks, Finance and Administration Manager
Title: August 2024 Claims and Financial Reports

RECOMMENDATIONS

The Executive Committee recommends acceptance of the August 2024 Claims and Financial Reports.

DISCUSSION & ANALYSIS

Please refer to the attached financial reports and checks issued report for the month of August for a summary of the Authority's financial position as of August 31, 2024. The following are highlights of the Authority's financial activity for the month of August.

Results of Operations (Consolidated Statement of Revenues and Expenditures)

For the month of August 2024, operating expenditures exceeded revenues by \$2,288,305.

Revenues (Consolidated Statement of Revenues and Expenditures)

	August Budget	August Actual	Over/(Under)	
Tipping Fees - Solid Waste	1,279,337	1,350,995	71,658	5.6%
Tipping Fees - Diverted Materials	315,616	290,908	(24,708)	-7.8%
Other Revenues	678,848	663,342	(15,506)	-2.3%
Total Revenue	2,273,801	2,305,245	31,444	1.4%

Solid Waste revenues for August were \$71,658 or 5.6% over budgeted amounts. Diverted Material revenues for August were \$24,708 or 7.8% under budgeted amounts. August total revenue was \$31,444 or 1.4% over budgeted amounts.

	Y-T-D Budget	Y-T-D Actual	Over/(Under)	
Tipping Fees - Solid Waste	2,501,454	2,725,776	224,322	9.0%
Tipping Fees - Diverted Materials	605,236	596,513	(8,723)	-1.4%
Other Revenues	1,346,215	1,329,448	(16,767)	-1.2%
Total Revenue	4,452,905	4,651,737	198,832	4.5%

Solid Waste revenues year to date as of August were \$224,322 or 9.0% over budgeted amounts. Diverted Material revenues year to date as of August were \$8,723 or 1.4% under budgeted amounts. Year to date total revenue as of August was \$198,832 or 4.5% over budgeted amounts.

Operating Expenditures (Consolidated Statement of Revenues and Expenditures)

As of August 31, 2024 (16.7% of the fiscal year), year-to-date operating expenditures totaled \$4,593,549. This is 26.9% of the operating budget of \$23,350,000.

Capital Project Expenditures (Consolidated Grant and CIP Expenditures Report)

For the month of August 2024, capital project expenditures totaled \$301,118. \$192,856 was for Equipment Replacement. \$44,733 was for the CH Postclosure Maintenance. \$25,765 was for the SB1383 Local Assistance Grant Project.

Claims Checks Issued Report

The Authority's Checks Issued Report for the month of August 2024 is attached for review and acceptance. August disbursements totaled \$2,147,475.89 of which \$974,260.40 was paid from the payroll checking account for payroll and payroll related benefits.

In addition to the vendor payments issued, expenditures for debt service principal and interest payments in the amount of \$2.9 million were recorded in August.

The following is a list of vendors paid more than \$50,000 during the month of August 2024.

<u>Vendor</u>	<u>Services</u>	<u>Amount</u>
Best Equipment Inc.	D8T Dozer	\$192,856.25
Atlas Organics CU11, LLC	Monthly Organics Processing	\$163,294.91
Southern Counties Lubricants LLC	Monthly Equipment and Vehicle Fuel	\$79,065.40
Monterey County Department of Public Works	Litter Abatement Program	\$61,461.87

Cash Balances

The Authority's cash position decreased by \$2,618,083.80 during August to \$35,317,078.69. Most of the cash balance is restricted, held in trust, committed, or assigned as shown below. Cash for Capital Improvements and post closure funded from operations is transferred at the beginning of the year. Additionally, cash for debt service principal payments is transferred in July so that the payment can be made in August. While these transfers and payments leave the balance available for operations with a negative balance, profitable operations should improve the balance to a positive amount by the end of the fiscal year.

Restricted by Legal Agreements:

Johnson Canyon Closure Fund	5,169,885.95
Restricted for Pension Liabilities (115 Trust)	-
State & Federal Grants	574,371.89
BNY - Bond 2022A Payment	-

Funds Held in Trust:

Central Coast Media Recycling Coalition	110,470.17
Employee Unreimbursed Medical Claims	5,489.87

Committed by Board Policy:

AB939 Services	-
Undesignated Fund Balance	2,703,105.88
Designated for Capital Projects Reserve	4,093,074.71
Designated for Environmental Impairment Reserve	2,678,486.88
Designated for Operating Reserve	3,264,000.00
Expansion Fund (South Valley Revenues)	5,059,694.79

Assigned for Post Closure and Capital Improvements

Crazy Horse Post Closure	1,037,477.16
Lewis Road Post Closure	350,871.45
Jolon Road Post Closure	105,254.07
Johnson Canyon Post Closure	2,805,403.90
Capital Improvement Projects	12,824,462.99

Available for Operations: (5,464,971.02)

Total 35,317,078.69

From: Mandy Brooks, Resource Recovery Manager

Title: Member and Interagency Activities Report for September 2024

RECOMMENDATION

Staff recommends that the Board accept this item. The report is intended to keep the Board apprised of activities and communications with member agencies and regulators.

STRATEGIC PLAN RELATIONSHIP

This agenda item is in alignment with one of the Board's goals from the 2024 Strategic Planning Priority setting process.

- "High-quality Community Engagement": Continue to deliver the public education strategy.

The Authority provides a wide array of recycling and waste recovery services and programs to the public including local businesses, schools, multifamily complexes and participates in numerous community events and cleanups. Providing monthly reports highlighting these activities ensures that the strategic goal is being met.

FISCAL IMPACT

This agenda item is a routine operational item and does not have a direct budget impact.

DISCUSSION & ANALYSIS

Monterey County Environmental Health Bureau (Local Enforcement Agency - LEA)

Johnson Canyon Landfill & Composting Facility: The monthly inspection for the Johnson Canyon Landfill and Composting Facility was conducted on Sept. 17. No violations or areas of concern were noted during the inspection.

Jolon Road Transfer Station: The monthly inspection for Jolon Road Transfer Station was conducted in September. No violations or areas of concern were noted during the inspection.

Closed Landfills: The quarterly inspections for the Crazy Horse Transfer Station and Landfill and Lewis Road Landfill were conducted on September 19; no areas of concern or violations were issued.

Gonzales Clothing Closet

The Clothing Closet continues to be open Tuesdays & Wednesdays from 2pm to 4pm and Thursdays from 1pm to 3pm.

CY 2024	# Volunteers	Hours	# Clothing Items Dist.	# Families Served	# Family Members
July	3	77	505	41	156
Aug	3	91	762	48	232
Sept	4	84.5	981	54	204
Q3 2024 TOTALS	3.3 (avg)	252.5	2,248	143	592

Clean Up Events

The 2024 hauler community cleanup schedule for all member agencies areas are listed below. Two (2) clean ups were scheduled in August with the results from both listed in the table below.

Date	Location	Hauler/ Volunteer Group	Trash (tons)	Recycling (tons)	ABOP Materials (collected by SVR)	Diversion %
Sept 7	Greenfield	TCD	8.2	5.1	622 lbs.	38%
Sept 14	Prunedale	WM	6.8	6.1	557 lbs.	47%
Sept. 21	Soledad	TCD	10.3	16.8	1,252 lbs.	62%

FY 2024-25 Current & Future Events with SVR Staff Participation

Gonzales: 10/19/24 Gonzales Community Cleanup & ABOP Collection, La Gloria School
11/16/24 Wally's Recycle Fest Event, JC Ed Center & Garden
11/18/24 School Tour, Soquel Elementary School, JCLF & Ed Center

Greenfield: TBD

King City: 11/02/24 Community Cleanup, SV Fairgrounds
11/02/24 HHW Mobile Collection Event, SV Fairgrounds
01/23/25 Booth at Farm Day, SV Fairgrounds

Salinas: 10/02/24 Booth at Employee Health Fair
10/12/24 District 4 Community Cleanup Event
10/26/24 Composting Workshop & Giveaway, Natividad Creek Park
10/31/24 Booth at Career & Resource Fair, Everett Alvarez High School
11/02/24 District 6 Community Cleanup Event
11/07/24 Booth at Farm Day, Rodeo Grounds

Soledad: TBD

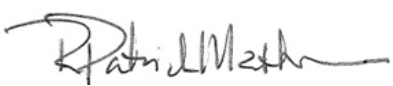

Mo County: 10/03/24 School Site Training, Elkhorn School
10/05/24 Booth at Farm Family Day, ALBA
10/05/24 Booth at Carnivale, Spreckels Elementary School
10/09/24 School Implementation, Boronda DIAS
11/09/24 Pajaro Community Cleanup & ABOP Collection

Other: 10/18/24 Booth at Climate Action Project, Monterey Bay Aquarium

BACKGROUND

Established in November 2014 as part of the FY 14-15 Strategic Plan 3-year goal to increase public access, involvement, and awareness of Salinas Valley Recycles activities, this monthly report keeps the Board apprised of communications with member agencies and regulators. The report has evolved over the years to also include a current and future event list to inform Board members and the public of community events and cleanups occurring in each member agency's service area.

From: C. Ray Hendricks, Finance and Administration Manager

Title: June 2024 Quarterly Investments Report

RECOMMENDATION

Staff recommends that the Board accepts the September 2024 Quarterly Investments Report.

The investment policy requires that the treasurer render an investment report to the Board of Directors at the first regular Board Meeting occurring after the end of each calendar quarter.

STRATEGIC PLAN RELATIONSHIP

This agenda item is a routine operational item and does not relate to the Authority's strategic plan.

FISCAL IMPACT

None

DISCUSSION & ANALYSIS

The vast majority, \$33,000,211.99 (93.41%), of the Authority's investment portfolio is invested in the State's Local Agency Investment Fund (LAIF). For the month ended September 30, 2024, the LAIF effective yield was 4.575%. LAIF is invested as part of the State's Pooled Money Investment Account (PMIA) with a total of \$163.4 Billion as of August 31, 2024. The Authority's LAIF investment of \$33,000,211.99 represents .020% of the PMIA. Attached is a summary of the PMIA portfolio as of October 2, 2024.

ATTACHMENT(S)

Chart does not include \$1,368,000.00 in mortgages, which equates to 0.001%. Percentages may not total 100% due to rounding.

Daily rates are now available here. [View PMIA Daily Rates](#)

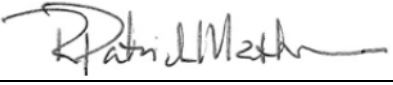

Notes: The apportionment rate includes interest earned on the CalPERS Supplemental Pension Payment pursuant to Government Code 20825 (c)(1) and interest earned on the Wildfire Fund loan pursuant to Public Utility Code 3288 (a).

*The percentage of administrative cost equals the total administrative cost divided by the quarterly interest earnings. The law provides that administrative costs are not to exceed 5% of quarterly EARNINGS of the fund. However, if the 13-week Daily Treasury Bill Rate on the last day of the fiscal year is below 1%, then administrative costs shall not exceed 8% of quarterly EARNINGS of the fund for the subsequent fiscal year.

Title: Monterey County Health Department,
Environmental Health Bureau, Calendar Year
2023 Used Motor Oil and Filter Recycling
Program Annual Report

RECOMMENDATION

Staff recommends that the Board accept the report. This report is intended to keep the Board apprised of the Countywide Used Motor Oil and Filter Recycling Program as it relates to the Authority's service area.

STRATEGIC PLAN RELATIONSHIP

The recommended action will assist the Authority in supporting the Board's goals from the 2024 Strategic Planning Priority setting process.

- "High-quality Community Engagement": Foster relationships for outreach and education

By continuing to partner with the Monterey County Health Department, Environmental Health Bureau (MCEHB) to educate the public and commercial customers on how and where to properly recycle used motor oil and oil filters, ensuring a comprehensive and cost-effective countywide program.

FISCAL IMPACT

There is no fiscal impact to the Authority for MCEHB to provide these services.

A total of \$85,931 was awarded to MCEHB from the California Department of Resources Recycling and Recovery's (CalRecycle) 12th Cycle of the Used Oil Payment Program (OPP) funding. This funding was allocated to MCEHB to administer the program as the Lead Agency. MCEHB uses the funding to provide countywide used oil and oil filter recycling services and education.

DISCUSSION & ANALYSIS

When the member cities assigned their funds to MCEHB, the Authority's Board required a series of goals and objectives from MCEHB including an annual report for the Board. The attached report was received on August 27, 2024, and covers the period of January 1, 2023, through December 31, 2023.

The purpose of the report is to describe the tasks and accomplishments performed in order to maintain and enhance existing used motor oil and used oil filter recycling services available to the residents located within the Authority's service area.

CY 2023 Program Highlights:

- Residential Drop-off Centers: A total of 83,568 gallons of used oil was collected at the 16 Certified Collection Centers in the Authority's service area. Filter data was not provided for drop-off centers in 2023. This represents an approximate increase of 3.6% in used oil collected in the Authority's service area compared to CY 2022.
- Residential Curbside Collection: A total of 18,692 gallons of used oil and 5,838 used oil filters were collected from the Authority's service area. This represents an approximate 13% increase in used oil and decrease of 1% in used oil filters collected in the Authority's service area compared to CY 2023.
- Filter Exchange Events: Six (6) filter exchange events were incorporated into South County community clean up events. MCEHB staff provided vouchers for a free filter from a local auto store in exchange for a used oil filter dropped off for recycling at the event. One hundred and fifty-one (151) vouchers were given out over the six (6) filter exchange events.
- Agricultural Oil and Filter Drop off Program: A total of 26,920 gallons of used oil and 14,250 filters were collected from Agricultural Oil & Filter Collection Centers, all of which are located within the Authority's service area. This represents a 47% decrease in used oil and a 44.7% decrease in used oil filters collected compared to calendar year 2022.

BACKGROUND

Since 1994, MCEHB has provided a comprehensive countywide Used Motor Oil & Filter Recycling Program. By utilizing the State's Oil Payment Program (OPP) funding from CalRecycle, MCEHB has established services and developed programs to serve the needs of the residential, agricultural and marina communities throughout Monterey County. MCEHB maintains these services on an ongoing basis. By acting as the Lead Agency and combining funding from each jurisdiction, an economy of scale is created which greatly benefits the Cities and County, allowing for uniform promotion of the programs through various media outlets.

The CalRecycle OPP funding is a non-competitive payment process available to local governments (city or county) in which payment is calculated and allocated to recipients on a per capita basis using the Department of Finance's population statistics. Each funding cycle is a 2-year term that must be applied for annually. The application process requires MCEHB to submit an adopted Resolution or Letter of Commitment stating that it is applying as a Regional Lead. Each of the Cities must also submit a Letter of Authorization that authorizes MCEHB to apply for OPP funding, implement the program, and administer the OPP funds on its behalf. A new Letter of Authorization is required from each City for each application cycle in order to receive the funding allocated for the specific payment cycle. Each City can choose to manage the program or allocate it to MCEHB or another agency it may choose to designate.

Calendar Year 2023**

Executive Summary

Since 1994, the Monterey County Health Department, Environmental Health Bureau (MCEHB) has effectively administered the Countywide Used Oil & Filter Recycling Program on behalf of all the cities and unincorporated areas of Monterey County.

The MCEHB ensures the proper disposal and recycling of used oil and used oil filters to prevent, or at least minimize, illegal dumping by implementing simple, convenient solutions to dispose and recycle used oil and used oil filters for residents, farmers, and boaters in Monterey County through:

- A curbside collection program
- Take back events
- Collection at Certified Collection Centers (CCC) and non-certified collection centers

MCEHB conducts a variety of education and outreach activities to:

- Educate the Monterey County community regarding the proper disposal of used oil and used oil filters
- Distribute residential oil and filter collection kits (with support from all haulers)
- Conduct annual site visits with each of the Certified Collection Center's
- Promote the various free and convenient outlets for proper disposal of used oil and filters
- Provide education and outreach at community events
- Services are also advertised using radio, website, and other sources.

The program ensures the collection equipment located at various collection centers are in good working condition. MCEHB also ensures compliance with all requirements by preparing and submitting reports to CalRecycle and other agencies regarding the progress and success of the program.

While MCEHB administers the program for the entire Monterey County, this report focuses on data and activities conducted within the SVR service area during the 2023 calendar year.

1. Residential Drop-off Centers Program: Calendar Year 2023

Table 1a includes data collected from 16 Certified Collection Center’s (CCC) in the SVR service area. A total of 83,568 gallons of used oil was collected from residential drop-off centers. Filter data was not provided. The data shows that the gallons of used oil increased compared to prior year.

CalRecycle provides MCEHB staff with collection center data annually for the previous calendar year. MCEHB staff follows up with each center annually to verify State certification requirements, help answer questions, and provide additional resources to centers as needed.

Residential Curbside Collection Program: Calendar Year 2023

Table 2a includes a breakdown of the data reported to MCEHB from Republic Services of Salinas, Tri-Cities Disposal and Waste Management, the three solid waste haulers that provide collection services in the SVR service area. A total of 18,692 gallons of used oil and 5,838 filters were collected throughout Monterey County in the SVR region. MCEHB ensures the franchise haulers in Monterey County are provided with supply of oil containers and filter bags. MCEHB staff assembles and delivers the oil container kits to haulers on an as needed basis.

MCEHB receives oil and filter collection data monthly from Waste Management and collects data directly from Bayside Oil, the County’s contracted oil hauler.

Table 2a. Curbside Oil & Filter Collection in SVSWA area Calendar Year Comparisons

		Used Oil			Filters		
Hauler	City/Area	2021	2022	2023	2021	2022	2023
Republic Services of Salinas	Salinas	3,455	3,650	2,629	0	0	0

Annual Report to the Salinas Valley Solid Waste Authority
Calendar Year 2023**

3. Agricultural Oil and Filter Drop off Program: Calendar Year 2023

Table 3a below includes data from one of the Agricultural collection sites serving small farmers in Monterey County, which is located within the SVR service area. A total of 26,920 gallons of used oil and 14,250 filters were collected from Agricultural Oil & Filter Collection Centers (Ag Centers) in Monterey County. The data below shows a downward trend in used oil and filters collected compared to prior year. The reason for this downward trend is attributed to MCEH amending its contract with Bayside Oil so that we no longer pick up used oil and filters from Sturdy Oil. This decision was made due to the decrease in program funding.

MCEHB collects data directly from Bayside Oil, the County’s contracted oil hauler.

Table 3a. Agricultural Oil & Filter Collection Calendar Year Comparisons

Ag Center	Used Oil			Filters		
	2021	2022	2023	2021	2022	2023
Sturdy Oil, Salinas	62,100	50,375	26,920	25,750	25,750	14,250
Total	62,100	50,375	26,920	25,750	25,750	14,250

4. Education and Outreach

4A. Used Oil & Filter Recycling Community Outreach

Date	Event	Vouchers Redeemed	Location
April 29, 2023	Filter Exchange Event	26	Greenfield, Ca.
May 20, 2023	Filter Exchange Event	30	Soledad, Ca.
June 24, 2023	Filter Exchange Event	18	Gonzales, Ca.
September 23, 2023	Filter Exchange Event	24	Soledad, Ca.
October 7, 2023	Filter Exchange Event	26	Greenfield, Ca.
October 21, 2023	Filter Exchange Event	27	Gonzales, Ca.

Conducted site visits to 21 Certified Collection Centers within the SVR service area.

Information about the program is posted on the Monterey County Health Department website. Staff also uses Instagram as a source of educating residents about proper oil and filter disposal.

MCEHB promotes collection of used oil and filters via curbside through radio in both English and Spanish radio and tabling. At tabling events MCEHB provides used oil and filter collection kit that includes a 2.5-gallon container and filter bag. The funding is used to purchase giveaways for the DIYer's such as rags, filter wrenches, filter drainers, oil funnels and education handouts.

4B. Media during this Reporting Period

MCEHB paid for 200 -15 second radio ads in English and Spanish through iHeart Radio on the Total Traffic & Weather Network focusing on the residential and curbside collection programs. Advertisements are played on KDON 102.5, KION 101.1FM, KOCN 105.1, KTOM 92.7 and La Preciosa KPRC.

Report to the Board of Directors

ITEM NO. 6

Finance and Administration Manager/
Controller/Treasurer

General Manager/CAO

R. Santos by E.T.

Authority General Counsel

Date: October 17, 2024

From: Cesar Zuñiga, Assistant General Manager/Operations Manager

Title: A Resolution Declaring Surplus Property and Authorizing the General Manager /CAO to Dispose of Property

RECOMMENDATION

Staff recommend that the Board adopt the resolution.

STRATEGIC PLAN RELATIONSHIP

This is an operational item and does not relate to the Board's strategic plan.

FISCAL IMPACT

The sale of surplus property may generate some revenue. The surplus units will be placed for sale. Reasonable offers will be considered for the sale of surplus units.

DISCUSSION & ANALYSIS

The Authority has a replacement schedule that allows staff to replace equipment that may exceed its value due to repairs needed to keep the unit in operational status or may no longer meet California Air Resources Board (CARB) requirements for both on-road or off-road usage. Staff would like to surplus the equipment listed below due to their overall cost to repair compared to the equipment's value, equipment's age and requirements set by CARB.

Description	Vin Number	Reason for Surplus	Estimated Value	Estimated Revenue from:
2007 Freightliner Water Truck	1FVACWDC67HW68128	Units age / CARB / cost of repairs	\$10,000-\$20,000	Sale
2010 Peterbilt 384	1XPVD09XXAD104420	Units age / mileage / CARB	\$10,000-\$20,000	Sale

2012 Freightliner Cascadia	1FUJGBDV9CSBN9899	Units age / mileage / cost of repairs	\$10,000- \$20,000	Sale
2012 Freightliner Cascadia	1FUJGBDV9CSBN9900	Units age / mileage / cost of repairs	\$10,000- \$20,000	Sale
Kirby LP 1400 Vertical Mixer K1035	KROO4769	Repairs exceed value / usage	\$5,000- \$15,000	Sale

Staff would like to surplus the above-listed equipment based on its operational status, age, cost of repair, and CARB requirements. The 2007 Freightliner water truck was purchased for the Sun Street Transfer Station. It was shifted to the Johnson Canyon Landfill in 2022 after the transfer station closed. The water truck is a 2,000-gallon truck and no longer CARB compliant. The 2010 Peterbilt 384 truck was purchased new in 2009 and currently has 462,932 miles. It is currently used to move materials around at the Johnson Canyon Landfill. The 2012 Freightliners also known as Trucks 7 and 8 were purchased used in 2017 from Penske Truck Rentals. Truck 7 was purchased with 192,148 miles and Truck 8 with 194,529 miles. The transfer trucks currently have 486,607 and 456,115 miles. The Kirby LP 1400 Vertical Mixer was purchased in 2020 and used to mix the finished feedstock from the De-packager with grounded green waste and then compost the material. The mixer has served its purpose but was not built for mixing ground green waste with de-packaged material. The repairs needed to re-skin the unit outweigh the value of the mixer, so staff has changed the process it uses thus not requiring the use of the mixer any longer.

Staff will place the units for sale and any funds recovered from the sale of surplus equipment will be reallocated to the Equipment Replacement Capital Improvement Project budget for future needs.

BACKGROUND

The Authority purchased the requested surplus equipment to assist with the daily operations at both Sun Street Transfer Station and Johnson Canyon Landfill. The age of both units, mileage, availability of parts, and usage allows for surplus of the equipment. All proceeds from the sales will be re-invested into equipment replacement fund for future capital needs.

ATTACHMENT(S):

Resolution

RESOLUTION NO. 2024 -

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY DECLARING SURPLUS PROPERTY AND AUTHORIZING THE GENERAL MANAGER / CAO TO DISPOSE OF SURPLUS PROPERTY

WHEREAS, the Authority has a replacement schedule that allows staff to replace equipment that may exceed its value to repair or non-compliant with CARB rules; and,

WHEREAS, the 2007 Freightliner Water Truck, 2010 Peterbilt 384, both 2012 Freightliner Cascadia and the Kirby LP 1400 Mixer have been identified based on its operational status, age, mileage, availability of parts and cost to repair; and,

WHEREAS, the above described property will be replaced in accordance with the agency's equipment replacement schedule and CARB reporting requirements and can be declared surplus.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE SALINAS VALLEY SOLID WASTE AUTHORITY that the following property is hereby declared surplus to the needs of the authority:

- 2007 Freightliner VIN No. 1FVACWDC67HW68128
- 2010 Peterbilt 384 Truck VIN No. 1XPVD09XXAD104420
- 2012 Freightliner Cascadia VIN No. 1FUJGBDV9CSBN9899
- 2012 Freightliner Cascadia VIN No. 1FUJGBDV9CSBN9900
- Kirby LP 1400 Mixer VIN No. KROO4769

BE IT FURTHER RESOLVED that the General Manager is hereby authorized and directed, for and on behalf of the Salinas Valley Solid Waste Authority, to dispose of surplus property for fair market cash value.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at the meeting duly held on the 17th day of October, by the following vote:

Report to the Board of Directors

ITEM NO. 7

Finance and Administration Manager/
Controller/Treasurer

General Manager/CAO

R. Santos by E.T.

Authority General Counsel

Date: October 17, 2024

From: Cesar Zuñiga, Assistant General Manager/Operations Manager

Title: A Resolution Authorizing the Purchase of One (1) Used 2017 Freightliner Cascadia Truck from Penske Rental and Leasing Company for the Transport Operations for an Amount of \$54,493.90

RECOMMENDATION

Staff recommends approval of the resolution for the purchase of one (1) used 2017 Freightliner Cascadia truck for the Salinas Area Transfer Station transport services from Penske Rental and Leasing Company.

STRATEGIC PLAN RELATIONSHIP

The purchase of the one (1) used 2017 Freightliner Cascadia truck will assist the Authority in supporting its Objective to Maintain a High Performance and Flexible Workforce. The purchase of the used 2017 Freightliner Cascadia truck will be used by staff to transport materials from the Salinas Area Transfer Stations.

FISCAL IMPACT

The funding for the used 2017 Freightliner Cascadia truck will be coming from Capital Improvement Project (CIP) 9101. The CIP has a replacement budget of \$1,881,003 set aside. There are sufficient funds within the Capital Improvement Budget 9101 to fund the purchase of the one (1) used 2017 Freightliner Cascadia truck.

DISCUSSION & ANALYSIS

The Salinas Area Transfer Station serves the City of Salinas and North Monterey County residents. In July 2022 the Authority assumed the contract at the Madison Lane Transfer Station for transportation services. The Authority also transports out of the Jolon Transfer Station that serves the southern portion of Monterey County. If approved the used truck would be used to service both facilities as needed.

Staff have purchased several new trucks for the transport operations over the past three (3) years to replace the older trucks that no longer meet the State of California Air Resources Board (CARB) regulations. Staff plans to use this transfer truck to replace two (2) Freightliner units purchased used in 2017 which are approaching 500,000 miles. The purchase of a used 2017 Freightliner with low mileage of 64,079 makes sense to meet our needs while saving cost for the future replacements.

BACKGROUND

On September 16, 2021, the Board of Directors authorized a Master Transportation Agreement (MTA) with Republic Services to provide transportation of materials destined for the Johnson Canyon Landfill. The agreement began on July 1, 2022. The purchase of one (1) used 2017 Freightliner Cascadia truck will assist staff with transport efficiencies by replacing older units as required by the MTA.

ATTACHMENT(S)

1. Resolution
2. Exhibit A – Quote

RESOLUTION NO. 2024 -

A RESOLUTION AUTHORIZING THE PURCHASE OF ONE (1) USED 2017 FREIGHTLINER CASCADIA TRUCK FROM PENSKE RENTAL AND LEASING COMPANY FOR THE TRANSPORT OPERATIONS FOR AN AMOUNT OF \$54,493.90

WHEREAS on September 16, 2021, the Board of Directors authorized lease with Republic Services to relocate the Authority's AB939 Services to the Madison Lane Transfer Station; and,

WHEREAS the Board of Directors authorized a Master Transportation Agreement with Republic Services effective July 1, 2022; and,

WHEREAS the Authority began transportation services at the Madison Lane Transfer Station on July 1, 2022; and,

WHEREAS the purchase of the used 2017 Freightliner Cascadia will assist staff by replacing the older units that are approaching 500,000 miles and reduce the maintenance cost associated with older trucks; and,

WHEREAS the purchase of the used 2017 Freightliner Cascadia will assist staff with transportation requirements associated with the Salinas Area Transfer Station and maintain an efficient operation for the residents of the Salinas Valley.

NOW THEREFORE BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE SALINAS VALLEY SOLID WASTE AUTHORITY that the General Manager/CAO is hereby authorized and directed for, and on behalf of, the Salinas Valley Solid Waste Authority to purchase one (1) used 2017 Freightliner Cascadia from Penske Rental and Leasing Company for Transport Operations, as attached hereto and marked "Exhibit A," and to carry out all responsibilities necessary.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at the meeting duly held on the 17th day of October 2024, by the following vote:

Motor Vehicle Bill of Sale

07961241002096

"Level 1" Package

This Motor Vehicle Bill of Sale ("Agreement") is made this 02 day of October, 2024, between Penske Leasing and Rental Company ("Penske") and SALINAS VALLEY SOLID WASTE A ("Purchaser") (collectively "the Parties").

1. **Purchase.** Penske agrees to sell the vehicle(s) set forth on Schedule A ("Vehicle(s)") to Purchaser pursuant to the terms of this Agreement. All sales, use, or privilege taxes levied, assessed or charged by any governmental authority in connection with this transaction, shall be borne solely by Purchaser. For purposes of Vehicle(s) subject to federal heavy use tax, Penske hereby states that there was a taxable use of the Vehicle(s) during the period before the Vehicle(s) were sold and transferred to Purchaser.

2. **Use of Vehicle.** The Purchaser represents that the Vehicle(s) purchased will be used for commercial purposes and not for any personal, family or household purposes. This is a material condition of this sale.

3. **Payment.** Purchaser, or any lender, agrees to pay the purchase price noted on Schedule A ("Payment"). Penske will make the Vehicle(s) and corresponding title(s) available to Purchaser after (a) Payment clears, (b) Purchaser provides Penske evidence of legally compliant automobile liability insurance, and (c) the Vehicle(s) are available. Purchaser shall make payment by electronic funds transfer or certified check pursuant to Penske's instructions. If Purchaser has not paid the Payment in full on or before the date that is five (5) days after the date of this Agreement, Penske may elect to terminate this Agreement upon written notice to Purchaser. Unless otherwise set forth on Schedule A, the purchase price does not include towing, pick-up, delivery, or other charges in connection with the Vehicle(s)' retrieval or operation, which shall be at Purchaser's sole cost and expense. Penske is not responsible for any third-party delays in processing title to the Vehicle(s).

4. **Delivery Condition & Notice.** The Parties agree that the Vehicle(s) are part of Penske's "Level 1" package. The Vehicle(s) will meet the conditions on the attached Package Offerings Sheet at the time of delivery ("Delivery Conditions"). Purchaser shall have fifteen days ("Notice Period") to report, in writing, to usedtruck.support@penske.com (including the applicable VIN and Bill of Sale number) any condition of the Vehicle(s) that did not, upon delivery, meet Delivery Conditions. Failure to notify Penske as indicated during the Notice Period shall constitute an agreement and conclusive proof that the Vehicle(s) met Delivery Conditions. Penske does not guaranty or warrant any condition after delivery. Purchaser acknowledges that it has inspected the Vehicle(s), or has been given an opportunity to do so, and is not relying on any representations of Penske relating to the Vehicle(s), including for online sales. Purchaser will take possession of the Vehicle(s) within five (5) days of being notified by Penske that the Vehicle(s) are available. Penske makes no representation on timing or availability of Vehicles. The Vehicle(s) may not have collision mitigation technology, including without limitation visual or auditory alerts concerning a pending collision or lane drift.

5. **Disclaimer of Warranties & Damages.** Penske warrants that it has free and clear title to the Vehicle(s). Otherwise, PENSKE MAKES NO WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AS TO THE MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE OR ABSENCE OF ANY MANUFACTURING OR OTHER DEFECTS OF ANY VEHICLE, OR THE PRESENCE, ABSENCE, OR FUNCTIONALITY OF ANY COLLISION MITIGATION SYSTEMS ON THE VEHICLE(S). REGARDLESS OF WHETHER THE CLAIM IS BASED ON CONTRACT, TORT (INCLUDING PENSKE'S NEGLIGENCE), STATUTE, OR OTHERWISE, PENSKE AND ITS PARTNERS SHALL NOT BE LIABLE FOR LOSS OF REVENUE, PROFITS OR BUSINESS, LOSS OR DAMAGE TO CARGO, LOSS OR DAMAGE RESULTING TO PURCHASER BY REASON OF DELAY IN DELIVERY OF THE VEHICLE(S) OR FAILURE TO DELIVER PRODUCTS OWNED OR TRANSPORTED BY PURCHASER, DRIVER'S TIME OR ANY INDIRECT, SPECIAL, TREBLE STATUTORY, PUNITIVE, OR CONSEQUENTIAL DAMAGES. PENSKE'S LIABILITY FOR DAMAGES SHALL NEVER EXCEED THE AMOUNT PAID BY PURCHASER FOR THE VEHICLE(S). OTHER THAN ENSURING THE VEHICLE(S) MEET DELIVERY CONDITIONS, THIS IS AN AS-IS TRANSACTION.

6. **Risk of Loss.** Upon execution of this Agreement or the full payment for the Vehicle(s), whichever is later ("Trigger Event"), Purchaser assumes the risk of loss of, or damage to, all Vehicle(s) from any and every cause whatsoever including, without limitation, weather events, casualty, collision, fire, theft, mischief, vandalism, and glass breakage (collectively "Loss"). Penske has no available liability insurance protecting Purchaser and no insurance is included with the purchase price of the Vehicle(s). A Loss which occurs after a Trigger Event does not constitute a failure of Penske to meet Delivery Conditions.

7. **Third Party Warranty; Repair Contract.** There is no Penske warranty. Any warranty purchased in connection with the Vehicle(s) is a third party warranty that is not offered or controlled by Penske. Purchaser releases Penske from any right, claim or issue in connection with any third party warranty or service contract. Any maintenance, repair, or service contract entered into between the Parties or others concerning the Vehicle(s) shall constitute a completely separate and independent agreement. As such, it shall not operate to amend, affect, or modify any of the terms of this Agreement, including the waivers contained herein and the absolute as-is nature of this transaction.

8. **Repair Obligations/Remedies.** If a Vehicle does not meet Delivery Conditions, as Purchaser's sole and exclusive remedy (and excluding any other remedies under tort, statutory, or other law), Penske shall, at its option, either (a) perform repairs (subject to the limitations of Article 5) to ensure that the Vehicle meets Delivery Conditions, or (b) rescind the contract. The Parties may also agree to other alternative resolutions. Other than ensuring the Vehicle(s) meet Delivery Conditions, Penske has no obligation to conduct any work on the Vehicle(s). If Penske prevails in any claim or defense in connection with any legal proceeding arising out of this Bill of Sale, Penske is entitled to reimbursement of reasonable attorneys' fees and court costs.

9. **Lenders.** Should Purchaser obtain funding from a third party lender ("Lender"), upon Penske's receipt of funds, Penske shall deliver title for the Vehicle(s) to Lender or Purchaser, as instructed. Upon request, Penske will provide to Lender a photocopy of the front and back of the title, showing release of all prior liens. The photocopy is not a marketable title. The original title will not pass until after execution of this Agreement and full payment is received. Purchaser shall comply with all insurance requirements of the Lender (if applicable).

10. **No Representations.** There have been no representations or promises made by the parties or their representatives, and the Parties are not relying on any, other than what is set forth herein in writing, including any advertisements, representations or other information about the Vehicle, all of which is valid and binding only if expressly incorporated into, and not contradictory, to the terms herein.

11. **Waiver of Jury Trial.** THE PARTIES KNOWINGLY, VOLUNTARILY, AND IRREVOCABLY WAIVE ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING RELATED TO THIS AGREEMENT, THE VEHICLE(S), OR THE TRANSACTIONS CONTEMPLATED HEREBY, REGARDLESS OF WHETHER THE CLAIM IS BASED ON CONTRACT, TORT, STATUTE, OR OTHERWISE.

12. **Indemnification.** Purchaser agrees to indemnify, defend, and hold harmless Penske from and against any and all claims, actions, issues, and liabilities including without limitation Penske's negligence (and reasonable attorneys' fees) arising out of: (a) Purchaser's or others' use of the Vehicle(s) after Purchaser takes possession thereof, or (b) any injuries suffered by Purchaser's employees or drivers related to the Vehicle(s).

13. **Miscellaneous.** This Agreement, and any attachments, including Vehicle schedules, deposits, or delivery instructions, taken together, represents the full and complete agreement of the Parties concerning Purchaser's purchase of the Vehicle(s). No modification of this Agreement shall be binding unless it is in writing and signed by both Parties. This Agreement, and any rights, claims or issues relating to this Agreement or the Vehicle(s), shall be governed by and construed exclusively in accordance with the substantive law of the Commonwealth of Pennsylvania, to the exclusion of other state laws including, without limitation, consumer protection laws or general rights under the Uniform Commercial Code in other states. Any disputes between the Parties arising out of or relating to this Agreement or the Vehicle(s) shall be heard exclusively in the state or federal courts sitting in or having jurisdiction over Berks County, Pennsylvania, and the Parties hereby consent to the exclusive venue and jurisdiction of those courts. Purchaser's representative represents and warrants that he/she has full legal authority to sign this Agreement on behalf of Purchaser.

Miles*

- 1) Seller hereby certifies that to the best of its knowledge that the stated odometer reading reflects the actual mileage of the Vehicle(s) described above or on the Equipment List.
- 2) Seller hereby certifies that to the best of its knowledge that the stated odometer reading is NOT the actual mileage of the Vehicle(s) described above or on the Equipment List and should not be relied upon.

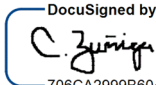

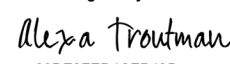

B. STATE RIDERS

A heavy-duty tractor and long box-type trailer operated in California may be subject to the Heavy-Duty Vehicle Greenhouse Gas Emission Reduction Regulation set forth under sections 95300 - 95312, title 17, California Code of Regulations. These vehicles may be required to use low-rolling-resistance tires and meet aerodynamic equipment requirements to reduce greenhouse gas emissions.

An on-road heavy-duty or alternative-diesel vehicle operated in California may be subject to the California Air Resources Board Regulation to Reduce Particulate Matter and Criteria Pollutant Emissions from In-Use Heavy Duty Diesel Vehicles. It therefore could be subject to exhaust retrofit or accelerated turnover requirements to reduce emissions of air pollutants. For more information, please visit the California Air Resources Board website at www.arb.ca.gov/dieseltruck.

A vehicle operated in California may be subject to the California Air Resources Board Advanced Clean Fleets regulation. It therefore could be subject to requirements to reduce emissions of air pollutants. For more information, please visit the CARB Advanced Clean Fleets webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.

Purchaser certifies that the Vehicle(s) purchased is/are being purchased for business or commercial purposes only.

ITEM NO. 8

Finance and Administration Manager/
Controller/Treasurer

General Manager/CAO

R. Santos by E.T.

Authority General Counsel

Date: October 17, 2024

From: Cesar Zuñiga, Assistant General Manager/Operations Manager

Title: A Resolution Authorizing the Purchase of One (1) Used 2017 International Prostar Water Truck from West Coast Driveway Services Inc. for the Jolon Road Transfer Station for an Amount of \$84,099

RECOMMENDATION

Staff recommends approval of the resolution for the purchase of one (1) used 2017 International Prostar Water truck for the Jolon Road Transfer Station from West Coast Driveway Services Inc.

STRATEGIC PLAN RELATIONSHIP

The purchase of the one (1) used 2017 International Prostar Water will assist the Authority in supporting its Objective to Maintain a High Performance and Flexible Workforce. The purchase of the used 2017 International Prostar Water truck will be used by staff to truck in clean water from the King City to the Jolon Road Transfer Station for facility usage.

FISCAL IMPACT

The funding for the used 2017 International Prostar will be coming from Capital Improvement Project (CIP) 9101. The CIP has a replacement budget of \$1,881,003 set aside before this purchase. There are sufficient funds within the Capital Improvement Budget 9101 to fund the purchase of the one (1) used 2017 International Prostar Water truck.

DISCUSSION & ANALYSIS

The Jolon Road Transfer Station serves the City of King Salinas and the Unincorporated Southern portion of Monterey County residents. In September 2016 the Authority took over the operation of the facility. The facility has seen a steady flow of tonnage since 2016 but has seen customer trips continue to increase year over year. The access road the leads to the disposal tipping area as you leave the scale house is not paved. The drop off areas for diversion commodities are also not paved and require dust control to be applied multiple times a day to minimize dust and the impacts associated with it.

The facility does have a low production well that provides sufficient water for onsite restroom facilities and for the corporation shop leased to Waste Management, but not enough to meet the daily requirements for operational dust control and maintenance of onsite water

storage. The proposed used 2017 International Water truck would be used to drive into town and bring back water to fill up the onsite tanks and provide dust control to the access roads and drop off locations.

The current water truck purchased in 2016 is a 2012 International Prostar which is starting to have some issues that require major investments for it to be driven on public roads and be compliant with California Air Resources Board (CARB). The plan for this unit is to move the 2012 International Prostar water truck to the Johnson Canyon Landfill and use it onsite. Staff would then surplus the 2007 Freightliner water truck that is currently being used onsite.

Vendor	Model	Mileage	Price with Tax & Delivery
West coast Driveway Services Inc.	2017 International Prostar with new Calfire Tanker System	293,000	\$84,099
EM Tharp Inc.	2017 Freightliner Business Class 4K Water tank	282,000	\$109,158
TCI	2017 Freightliner Business Class 4k Water Tank	272,201	\$114,620

BACKGROUND

On September 1, 2016, the Authority took over the operations of the Jolon Road Transfer Station. Since then, a steady flow of tonnage continues to be processed annually with a consistent growth in self-haul trips to the facility. The Jolon Road Transfer Station has a low producing water well that requires staff to drive offsite to get water and maintain the facility tanks full while spreading dust control on the access roads and drop areas to minimize dust and its impacts.

Proposed Purchase 2017 International Prostar Water Truck:

ATTACHMENT(S)

1. Resolution
2. Exhibit A – Quote

RESOLUTION NO. 2024 -

A RESOLUTION AUTHORIZING THE PURCHASE OF ONE (1) USED 2017 INTERNATIONAL PROSTAR WATER TRUCK FROM WEST COAST DRIVEWAY SERVICES INC. FOR THE JOLON ROAD TRANSFER STATION FOR AN AMOUNT OF \$84,099.00

WHEREAS, the Authority assumed the operations of the Jolon Road Transfer Station in September 2016; and,

WHEREAS, to maintain an efficient operation staff needs to replace the older units that are approaching their working life standards and may require major repairs; and,

WHEREAS, the purchase of the used 2017 International Prostar Water truck will allow staff to continue efficient importation of water from King City to the Jolon Transfer Station and assist with dust control operations for our south county customers while minimizing down time associated with major repairs.

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF DIRECTORS OF THE SALINAS VALLEY SOLID WASTE AUTHORITY that the General Manager/CAO is hereby authorized and directed for, and on behalf of, the Salinas Valley Solid Waste Authority to purchase a used 2017 International Prostar Water truck for the Jolon Road Transfer Station operations from West Coast Driveway Services Inc., as attached hereto and marked "Exhibit A," and to carry out all responsibilities necessary.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at the meeting duly held on the 17th day of October 2024, by the following vote:

Authority General Counsel

Date: October 17, 2024
From: C. Ray Hendricks, Finance and Administration
Manager
Title: Annual Comprehensive Financial Report for
the Fiscal Year ended June 30, 2024

RECOMMENDATION

The Executive Committee recommends that the Board of Directors review and accept the report.

STRATEGIC PLAN RELATIONSHIP

This agenda item is a routine annual operational item.

FISCAL IMPACT

This item has no fiscal impact but does reflect continuing year-over-year improvements in the Authority's Net Position. It reports the results of the 2023-24 fiscal year's operations.

DISCUSSION & ANALYSIS

The Authority's Annual Comprehensive Financial Report was audited by McGilloway, Ray, Brown & Kaufman. The audit of the financial statements is an annual requirement.

The auditors provided an "unmodified opinion," meaning that they took no exception to any of the numbers. The auditors also informed us that there is no management letter for this past fiscal year, meaning that the Authority's financial operations met all internal controls requirements. Typically, a management letter is issued when the auditors feel that internal controls should be improved.

For the fiscal year ended June 30, 2024, the Authority adopted the following pronouncement of the Governmental Accounting Standards Board (GASB):

- Statement No. 99, "Omnibus 2022"
- Statement No. 100, "Accounting Changes and Error Corrections"
- Statement No. 101, "Compensated Absences"

While these pronouncements are effective for our fiscal year ending June 30, 2024, they all have a negligible effect on our financials.

The Annual Comprehensive Financial Report contains information about the Authority's finances in accordance with Governmental Accounting Standards. We highly encourage the Board to read the Management Discussion and Analysis, which provides a summary of the Authority's finances. In this staff report, staff wishes to address the two most important numbers from the financial statements, the Net Position, and the Change in Net Position.

Net Position of \$42,216,273

The Net Position improved to \$42,216,273. This is an improvement of \$5,221,442 from a net position of \$36,994,831 in FY 2022-23.

The chart below shows the Authority's year-ending net position since 2003.

Following are the key items affecting the Authority's net position:

- 1997 – Authority was formed with a contribution of capital (landfills) from the County and the purchase of Crazy Horse Landfill from Salinas.
- 2001 – Began expedited depreciation of Crazy Horse Landfill to prepare for original 2004 closure date.
- 2002 - \$40M Bond Issue - (\$2.5 million closing cost). Money was used to fund Capital Improvements necessary over the next several years to rectify legacy violations and underfunded facility improvements.
- 2003 – Lewis Road Closure - Write off remaining assets. Closure Post-Closure Expense Catch Up
- 2007 - Jolon Road Closure - Write off remaining assets. Closure Post-Closure Expense Catch Up
- 2009 - Crazy Horse Closure - Write off remaining assets. Closure Post-Closure Expense Catch Up

- 2014 – Bond Refunding
- 2015 - Beginning of staff run operations at Johnson Canyon, and first Substantial Tonnage Increase in 10 years.
- 2017 – Beginning of staff run operations at Jolon Road Transfer Station.
- 2019 – Began prefunding new cell construction (save-as-you-go)
- 2022 – Refunding of 2014 Bonds

Positive Change in Net Position of \$5,221,442

Salinas Valley Solid Waste Authority				
Condensed Statement of Revenues, Expenses, and Changes in Net Position				
For the Years Ended June 30, 2024 and 2023				
	2024	2023	Change	% Change
Operating Revenues				
Charges for Services	\$ 25,495,068	\$ 24,173,300	\$ 1,321,768	5.5%
Sales of Materials	452,365	562,930	(110,565)	-19.6%
Total Operating Revenues	<u>25,947,433</u>	<u>24,736,230</u>	<u>1,211,203</u>	<u>4.9%</u>

Investment (Losses)/Earnings	1,807,037	680,979	1,126,058	165.4%
Other Non-Operating Revenue	179,722	274,601	(94,879)	-34.6%
Total Non-Operating Revenue	<u>2,372,999</u>	<u>1,113,044</u>	<u>1,259,955</u>	<u>113.2%</u>
Non-Operating Expenses				
Interest Expense	<u>692,351</u>	<u>725,758</u>	<u>(33,407)</u>	<u>-4.6%</u>
Total Non-Operating Expenses	<u>692,351</u>	<u>725,758</u>	<u>(33,407)</u>	<u>-4.6%</u>
Change in Net Position	<u>5,221,442</u>	<u>6,314,622</u>	<u>(1,093,180)</u>	<u>-17.3%</u>
Total Net Position Beginning	<u>36,994,831</u>	<u>30,680,209</u>	<u>6,314,622</u>	<u>20.6%</u>
Net Position End of Year	<u>\$ 42,216,273</u>	<u>\$ 36,994,831</u>	<u>\$ 5,221,442</u>	<u>14.1%</u>

The Authority's activities increased the net position \$5,221,442 to \$42,216,273. Key elements of this change are as follows:

Operating revenues increased \$1,211,209 (4.9%). Tipping Fees from diversion programs increased \$489,847. AB939 Fees increased by \$470,016. Solid Waste Tipping Fees increased \$297,256. Other Charges for services increased \$64,636. Sales of Materials decreased by \$110,546.

Operating expenses increased by \$3,597,745 (19.1%) to \$22,406,641. The majority of the increase is due to increases in year over year expenses in closure/post-closure discussed below. Personnel services includes an adjustment decrease of \$500,378 to the to pension liabilities. The remaining year over year expenses decreased \$158,941.

Depreciation increased \$159,693.

Closure/Post-Closure Maintenance Expenses increased \$4,257,066 year-over-year. However, the majority of the increase is due to comparing to FY 2022-23 which included a reduction in the closure and postclosure estimate for Crazy Horse Landfill in the amount of \$3,816,542. Other changes include, CPI increases of 3.6% to the liability for all sites, as well as actual expenditures at the closed sites.

Postclosure maintenance expenses for Crazy Horse Canyon Landfill were \$1,101,806. Postclosure maintenance expenses for Lewis Road Landfill were \$335,061 Postclosure

maintenance expenses for Jolon Road Landfill were \$235,454. For the active Johnson Canyon Landfill, Closure and Postclosure Liabilities are expensed as a percentage of capacity used at the landfill. The landfill is at 38.4% capacity as of June 30, 2024. Johnson Canyon closure expenses were \$239,841, and post closure expenses were \$195,147.

Investment earnings increased by \$1,126,058 due to increases in treasuries and overall investment.

The \$692,351 in non-operating expenses is for interest paid on the Authority's long-term debt.

BACKGROUND

The Authority's financial statements are presented on a full accrual basis similar to a business. The Authority's financial statements are audited by McGilloway, Ray, Brown & Kaufman. The audit of the financial statements is an annual requirement.

INTRODUCTORY SECTION

“To manage Salinas Valley solid waste as a resource, promoting sustainable, environmentally sound and cost-effective practices through an integrated system of waste reduction, reuse recycling, innovative technology, customer service and education”

October 2, 2024

Citizens and Board of Salinas Valley Solid Waste Authority:

We are pleased to submit the Salinas Valley Solid Waste Authority’s (Authority) Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2024. These statements combined with other information are analyzed in the narrative section called Management’s Discussion and Analysis (MD&A). The MD&A provides financial highlights and interprets the financial reports by analyzing trends and by explaining changes, fluctuations, and variances in the financial data. In addition, the MD&A is intended to disclose any known significant events or decisions that affect the financial condition of the Authority.

This report consists of management’s representations concerning the financial position of the Authority. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, the management of the Authority has established a comprehensive internal control framework that is designed both to protect the Authority’s assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the Authority’s financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Authority’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

McGilloway, Ray, Brown & Kaufman, an independent firm of certified public accountants, has audited the Authority’s financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Authority for the fiscal year ended June 30, 2024, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used, and significant estimates made by management, and evaluating the overall financial statement presentation. Based upon the audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the Authority’s financial statements for the fiscal year ended June 30, 2024, are fairly presented in conformity with GAAP. The independent auditor’s report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Authority's MD&A can be found immediately following the report of the independent auditors.

Reporting Entity

On January 1, 1997, the Salinas Valley Solid Waste Authority was created through a joint powers agreement among the cities of Salinas, Gonzales, Greenfield, King City, and Soledad, and the unincorporated area of the eastern portion of Monterey County, to provide waste recovery and solid waste disposal services to the member cities, and the unincorporated area in the eastern and southern portion of the county. The Authority is governed by a nine-member board consisting of three members of the Salinas City Council, two members of the Monterey County Board of Supervisors, and one City Council member each from the cities of Gonzales, Greenfield, King City, and Soledad.

Operating Results

GAAP requires that depreciation, estimated closure costs, and estimated post-closure maintenance costs be charged as a current expense. These expenses are allocated over the estimated remaining capacity of the landfills within the Authority's disposal system. Based on these requirements, the Salinas Valley Solid Waste Authority reports operating income of \$3,540,794 and an increase in net position of \$5,221,442 for the fiscal year ended June 30, 2024.

Per the agreement with the California Integrated Waste Management Board, dated June 19, 1998, the Authority has pledged future revenue to cover the cost of post-closure maintenance. The Authority's tipping fees are not expected to cover the accrual of post-closure expenses for all of its sites in the current period. At June 30, 2024, the Authority has accrued post-closure liabilities totaling \$15,613,768. Since Johnson Canyon Landfill is the Authority's last regional landfill, the Authority has begun to prefund the post-closure liability for this site to ensure that there is adequate funding for post-closure maintenance of the landfill for the minimum required 30 years. As of June 30, 2024, Johnson Canyon's share of the total post-closure care liability is \$2,657,288, which is fully funded with \$2,746,547 in funds that are held in a separate Post-Closure Fund and designated specifically for this purpose.

In accordance with CalRecycle requirements, the Authority sets aside sufficient funds to fully fund all accrued closure costs liability for Johnson Canyon Landfill. These funds are held in a separate Closure Fund restricted specifically for this purpose. As of June 30, 2024, \$5,191,744 has been set aside. Closure liabilities of \$3,265,919 are fully funded at June 30, 2024.

The Authority's tipping fees are set at an amount sufficient to provide for operations, closure set-aside requirements, post-closure maintenance on a pay-as-you-go basis, capital requirements, and debt service on bonds issued for capital replacement. The Authority's tipping fees are not expected to recover depreciation expense, though Capital Replacement Budgets function to provide a portion of depreciated asset replacement costs.

The Statement of Cash Flows for the fiscal year ended June 30, 2024, provides a detailed reconciliation of the Authority's cash, which increased \$2,191,034 from \$36,242,788 to \$38,433,822.

Financial Management

The Authority carefully monitors its charges for services. Tonnage had increased significantly due to increased economic activity and reduced markets for recycled materials. Increases in disposal tonnage had allowed the Authority to not increase solid waste tipping fees since July 1, 2016, when the tipping fee increased \$1.50 to \$68.50 per ton. As part of the negotiations for the Madison Lane Transportation Agreement, the Authority agreed to reduce its landfill tipping fees for FY 2022-23 by \$3.75/ton (\$68.50 to \$64.75) in order to minimize the impacts to the rate payers. Effective July 1, 2013 the Board adopted an AB939 Fee, which generated \$4.10 million during the year ended June 30, 2024. This revenue is guaranteed for funding of non-landfill related AB 939 programs regardless of tonnage received. This will reduce the fluctuations in revenue due to economic changes in tonnage.

CalPERS Pension Liabilities

The Authority's Financial Policies require prioritizing the use of cash surpluses to pay off its entire Unfunded Actuarial Liability (UAL) whenever possible, which has been the practice since FY 2018-19. Additionally, in order to help manage any future UAL, the Authority set up an account through the California Employers' Pension Prefunding Trust Program (CEPPT), a 115 trust, along with a budget to be used to deposit funds into the trust in years that it is not needed to pay down the UAL.

For the fiscal year ended June 30, 2022, CalPERS reported a net investment return of -6.1%. During Fiscal Year 2023-24, the Authority used funds from the 115 trust, budget allocation, and fund balance to make additional discretionary payments in the amount of \$1,180,247, which kept the pension plan fully funded and saved the Authority over \$1 million in future interest payments.

For the fiscal year ended June 30, 2023, CalPERS reported a preliminary net investment return of 5.8%, which is 1.0% below the target investment return of 6.8%. During Fiscal Year 2024-25 the Authority once again expects to use funds allocated in the budget along with fund balance to ensure that the Pension Plan remains fully funded.

For the fiscal year ended June 30, 2024, CalPERS reported a preliminary net investment return of 9.3%. The CalPERS Funding Risk Mitigation Policy gives the CalPERS Board the option to reduce the discount rate rather than apply the full investment gain to the pension plan any year where the returns exceed the current target rate of return by 2 or more percentage points. It is unknown what the Board's decision will be at this time.

Bond Issue 2022

On February 22, 2022, Salinas Valley Solid Waste Authority issued Taxable bonds (Series 2022A) with a par value of \$25,595,000. The purpose of the bond issuance was to refund both the Alternative Minimum Taxable bonds (Series 2014A), and Taxable bonds (Series 2014B), which were issued to refund Series 2002 revenue bonds, and the Authority's 1997 Installment Purchase Agreement.

The maximum annual debt service is \$3,115,300 including interest at varying rates up to 2.481%. The prefunding allows the Authority to finish paying off the Bonds a year earlier while saving \$1.61 million in total debt service payments. The final interest and principal payment on the bonds is scheduled for August 1, 2030.

Expansion Fund

The “Expansion Fund” was established to collect proceeds from the sale of outside waste, pay costs associated with increased tonnage generated by outside waste, and pay the costs related to locating and permitting a new landfill site, and other long-term expansion costs. Over the term of the revised agreement with South Valley Disposal, revenue from the sale of outside waste was \$23.18 million, with costs estimated at \$4.9 million to operate Crazy Horse, \$1.8 million for landfill cell liners at Johnson Canyon, \$2.2 million in closure costs set asides, and \$1.8 million in taxes and fees. In addition to money allocated to CIPs related to expansion and conversion technologies, and investment earnings, the Board of Directors decided to use a portion of these funds for operations during the Great Recession until the economy recovered in order to avoid tipping fee increases. During FY 2021-22, the Board approved using a portion of these funds to purchase an office building to locate its administration, education, and community service activities. The Board committed to repaying the funds from the future sale of the land where the Sun Street Transfer Station was located. On June 30, 2024, the Expansion Fund had an unrestricted net position of \$5,059,695.

Summary

Benefitting from continued positive economic activity, payments to Debt Service and CalPERS Pension Liabilities, the Authority increased its net position by \$5,221,442 and ended the year with a Net Position of \$42,216,273. As the Authority makes payments to the 2022 Bonds, the Net Position is expected to continue to improve, allowing the Authority to set aside reserves and continue to prefund its long-term liabilities.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Salinas Valley Solid Waste Authority for its Annual Comprehensive Financial Report for the year ended June 30, 2023. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. Salinas Valley Solid Waste Authority has received this award every year beginning with fiscal year ending June 30, 2014.

I would like to take this opportunity to thank the members of the Salinas Valley Solid Waste Authority’s Board of Directors for their interest and support in the financial operations of the Authority. It is the responsible and progressive manner in which business is conducted that makes the Authority successful. I would also like to extend special recognition to the Authority staff for their day-to-day involvement in the operations. In addition, I would like to offer special thanks to Ernesto Natera (Business Services Supervisor), Linda Vasquez (Accounting Technician), and Salma Sandoval (Accounting Technician), without whom this presentation would not be possible. I would also like to thank the Authority’s auditors McGilloway, Ray, Brown & Kaufman. It is the combined effort of all participants that resulted in the issuance of this document.

Respectfully submitted,

C. Ray Hendricks

INDEPENDENT AUDITOR'S REPORT

The Honorable Board of Directors
of the Salinas Valley Solid
Waste Authority
Salinas, California

Opinion

We have audited the accompanying financial statements of Salinas Valley Solid Waste Authority (Authority), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2024, and the changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including and currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute

Gerald Ray, CPA | Patricia Kaufman, CPA, CGMA | Smriti Shrestha, CPA

Daniel M. McGilloway, CPA, CVA | Sarita Shannon, CPA | Whitney Ernest, CPA |
Laura Armbruster, CPA | Rose Maxwell, CPA | Eleonora G. Burchill, CPA | Lisette Craft, CPA

assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of Authority's proportionate share of the net pension liability and related ratios as of measurement date – cost sharing defined benefit pension plan, the schedule of statutorily required employer contributions-pension plan, the schedule of changes in the Authority's net OPEB liability and related ratios as of measurement date, and the schedule of employer OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge

we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for other information included in the annual report. The other information comprises the introductory and statistical sections, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Report on Summarized Comparative Information

We have previously audited the Authority's 2023 financial statements, and we expressed an unmodified audit opinion on those financial statements in our report dated November 2, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived except for the reclassification of restricted net position as described in Note 19.

SALINAS VALLEY SOLID WASTE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Introduction

This section of the Salinas Valley Solid Waste Authority (Authority) Annual Comprehensive Financial Report (ACFR) presents a narrative overview and comparative analysis of the financial activities of the Authority for the fiscal years ended June 30, 2024, and June 30, 2023. Please consider the information presented here in conjunction with the basic financial statements that immediately follow, along with the letter of transmittal, and other portions of this ACFR.

For the fiscal year ended June 30, 2024, the Authority adopted the following pronouncements of the Governmental Accounting Standards Board (GASB):

- Statement No. 99, “Omnibus 2022”
- Statement No. 100, “Accounting Changes and Error Corrections”
- Statement No. 101, “Compensated Absences”

Financial Highlights

- The Authority’s net position increased \$5,221,442 to \$42,216,273.
- Operating revenues increased \$1,211,203 (4.9%) as the result of increases to AB939 fees, organics fees, and increase in solid waste and organic tonnage.
- Waste landfilled increased by 3,256 tons (1.4%) from 225,963 tons in fiscal year 2022-23 to 229,219 tons in fiscal year 2023-24 primarily as a result of an increase in overall self-haul waste.
- Operating expenses increased by \$3,597,745 (19.1%) to \$22,406,639 due to increases in the closure and post closure expenses and liabilities for the closed landfills.
- The Authority’s total liabilities decreased by \$1,178,270 to \$45,420,767 due to payments to the debt service.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the ACFR, which is comprised of three components: 1) Management Discussion and Analysis (this document), 2) Basic Financial Statements, and 3) Notes to the Basic Financial Statements. This report also contains other supplementary information in addition to the basic financial statements for further information and analysis.

Basic Financial Statements

The Basic Financial Statements of the Authority report information about the Authority using accounting methods like those used by private sector companies. These statements offer short and long-term financial information about its activities. The Statement of Net Position includes all the Authority’s assets, deferred outflows of resources, liabilities, and deferred inflows of resources. It provides information about the nature and amounts of investments in resources (assets) and the obligations to Authority creditors (liabilities). It also provides the basis for computing rates of return, evaluating the capital structure of the Authority, and assessing the liquidity and financial flexibility of the Authority.

All the current year’s revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Position. This statement measures the success of the Authority’s operations over the past year and can be used to determine the Authority’s creditworthiness and whether the Authority has successfully recovered all its costs through its user fees and other charges. The final required Financial Statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the Authority’s cash receipts and cash payments during the reporting period. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations and investments.

SALINAS VALLEY SOLID WASTE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Notes to the Basic Financial Statements

The notes provide additional information that is essential to fully understand the data provided in the financial statements.

Required Supplementary Information

In addition to the basic financial statements, an ACFR also provides Required Supplementary Information that presents the funding progress of the Authority's retirement plan.

FINANCIAL STATEMENTS ANALYSIS

Statement of Net Position

The Statement of Net Position is a good indicator of the Authority's financial position. At the end of this fiscal year, the Authority closed with a net position of \$42,216,273, which is an increase of \$5,221,442 from the prior year net position of \$36,994,831.

Total Non-operating Expenses	<u>(692,351)</u>	<u>(725,758)</u>	<u>33,407</u>	<u>-4.6%</u>
Change in Net Position	5,221,442	6,314,622	(1,093,180)	-17.3%
Total Net Position - Beginning of Year	<u>36,994,831</u>	<u>30,680,209</u>	<u>6,314,622</u>	<u>20.6%</u>
Net Position - Ending of Year	<u>\$ 42,216,273</u>	<u>\$ 36,994,831</u>	<u>\$ 5,221,442</u>	<u>14.1%</u>

The Authority's activities increased the net position \$5,221,442 to \$42,216,273. Key elements of this change are as follows:

Operating revenues increased \$1,211,203 (4.9%). Tipping Fees from diversion programs increased \$489,847. AB939 Fees increased by \$470,016. Solid Waste Tipping Fees increased \$297,256. Other Charges for services increased \$64,636. Sales of Materials decreased by \$110,565.

Operating expenses increased by \$3,597,745 (19.1%) to \$22,406,639. The majority of the increase is due to increases in year over year expenses in closure/post-closure discussed below. Personnel services includes an adjustment decrease of \$500,378 to the to pension liabilities. The remaining year over year expenses decreased \$158,941.

Depreciation increased \$159,693.

Closure/Post-Closure Maintenance Expenses increased \$4,257,066. The majority of the increase is due to a reduction in the closure and postclosure estimate for Crazy Horse Landfill in the amount of \$3,816,542 included in FY 2022-23. Other changes include, CPI increases of 3.6% to the liability for all sites, as well as actual expenditures at the closed sites.

Postclosure maintenance expenses for Crazy Horse Canyon Landfill were \$1,101,806. Postclosure maintenance expenses for Lewis Road Landfill were \$335,061. Postclosure maintenance expenses

SALINAS VALLEY SOLID WASTE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

for Jolon Road Landfill were \$235,454. For the active Johnson Canyon Landfill, Closure and Postclosure Liabilities are expensed as a percentage of capacity used at the landfill. The landfill is at 38.4% capacity as of June 30, 2024. Johnson Canyon closure expenses were \$239,841, and post closure expenses were \$195,147.

Investment earnings increased by \$1,126,058 due to increases in treasuries and overall investment. The \$692,351 in non-operating expenses is for interest paid on the Authority's long-term debt.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of the fiscal year, the Authority had \$42,654,033 invested in capital assets, primarily in landfills as summarized below. During this fiscal year, the Authority added \$3,693,768 in depreciable assets, retired \$115,645 in assets, and recorded a depreciation expense of \$2,785,204. Additional information on the Authority's capital assets can be found in Note 6.

SALINAS VALLEY SOLID WASTE AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Long-Term Debt

At the end of this fiscal year, the Authority had \$20.2 million in long-term debt as shown below. On February 22, 2022, Salinas Valley Solid Waste Authority issued Taxable bonds (Series 2022A) in the amount of \$25,595,000 to refund both the Alternative Minimum Taxable bonds (Series 2014A), and Taxable bonds (Series 2014B), which were issued to refund Series 2002 revenue bonds, and the Authority’s 1997 Installment Purchase Agreement. The remaining balance was included in the \$1.53 million deferred loss on refunding of bonds and will be amortized over the life of the 2022 Bonds. Additional information on the Authority’s long-term debt can be found in Note 8. S&P Global Ratings (“S&P”) has assigned a rating of “AA” to the Series 2022A Bonds.

SALINAS VALLEY SOLID WASTE AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS
JUNE 30, 2024

ECONOMIC FACTORS AND NEXT YEAR’S RATES

The Authority’s operations are dependent on the amount of solid waste that is received at the landfills. A recession can have a drastic effect on solid waste tonnage, as was the case from 2006 to 2012 when the Great Recession led to a 25% decrease in landfilled tonnage. Tonnage remained largely unchanged from 2012 to 2014 and began an upward trend in 2015. The Authority closed Sun Street Transfer Station on September 10, 2022, which led to a 10% decrease in tonnage. However, tonnage returned to its upward trend in 2024. In 2024 the Authority landfilled 229,219 tons. Management has budgeted 217,500 tons during 2024-25 with a no change in the \$64.75 per ton tipping fee. The 2024-25 budget is balanced.

CONTACTING THE AUTHORITY’S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the Authority’s finances and to show the Authority’s accountability for the money it receives. If there are any questions about this report or need additional financial information, please contact the Authority’s Finance Department, at the Salinas Valley Solid Waste Authority, 126 Sun Street, Salinas, California 93901.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

1. **Summary of Significant Accounting Policies:**

Financial Reporting Entity: The Salinas Valley Solid Waste Authority (Authority) is a joint exercise of powers authority, created pursuant to an agreement dated as of January 1, 1997, (the "Authority Agreement") among the County of Monterey and the cities of Salinas, Gonzales, Greenfield, Soledad and King (the "Members"). The Authority was established to acquire and manage the landfill assets of each member, ensure long-term landfill capacity of the Authority service area and provide unified and coordinated solid waste management for the member agencies.

The Authority is governed by a nine member governing board, consisting of three members of the Salinas City Council, two members of the Monterey County Board of Supervisors, and one City Council member each from the cities of Gonzales, Greenfield, King City and Soledad. Pursuant to the Authority Agreement, the affirmative vote of at least one member of the Authority Board who is a member of the Salinas City Council is required to approve Board actions.

Accounting Principles: The accounting policies of the Authority conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountant (AICPA).

Basis of Presentation: The financial activities of the Authority are accounted for in a single enterprise fund that reports the operations of the solid waste system, which is financed primarily by tipping fees. The solid waste system includes landfills, transfer stations, and resource recovery facilities located in Monterey County. Solid waste collection services are provided by local municipalities and private companies.

Basis of Accounting: The Authority's single enterprise fund is accounted for using the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when they are incurred.

Measurement Focus: The Authority's single enterprise fund is accounted for on a cost of service or "economic resources" measurement focus. This means that assets and all activities are included on the statement of net position. Operating statements present increases (revenues) and decreases (expenses) in net total assets. The financial statements distinguish operating revenue and expenses from non-operating items. Operating revenue and expenses generally result from providing services and producing and delivering services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are charges to residents and customers for waste collection and disposal and the revenues from the sale of processed waste materials. Operating expenses include the cost of waste disposal and recycling services, administrative expenses, closure and post closure maintenance, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses.

Budgets: The Authority adopts an annual operating budget as a financial plan for the year, pursuant to the legal requirements of the Authority's bond documents. The budget is adopted by the governing Board as an operating plan and budgetary basis financial statements are not presented because there is no legal requirement to report budgetary basis financial information.

Cash and Cash Equivalents: Cash and cash equivalents consist of petty cash, deposits in non-interest bearing checking accounts, public investment money market accounts, and investments with Local Authority Investment Fund (LAIF) managed by the State of California. Deposits in LAIF are generally available for withdrawal by the Authority on a next day basis and are therefore considered cash equivalents.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

For purposes of determining cash equivalents, the Authority has defined its policy concerning the treatment of short-term investments to include investments with a maturity of three months or less when purchased as cash equivalents if management does not plan to reinvest the proceeds. Short-term investments that management intends to rollover into similar investments are considered part of the investment portfolio and are classified as investments.

Investments: Investments consisted of deposits in open end, money market mutual funds and deposits with the LAIF, an investment pool with restricted withdrawals, which is restricted for debt service. All investments are stated at fair value.

Accounts Receivable: Accounts receivable are composed primarily of monthly billings for tipping fees, services, and contractual amounts receivables. All accounts receivable are uncollateralized.

The Authority sets aside an allowance for uncollectible accounts based on an analysis of those accounts considered to be uncollectible at year-end. Accounts receivable are reported net of the allowance for uncollectible accounts.

Prepaid Expenses: Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

Restricted Cash: Restricted cash of the Authority represent funds required to be set-aside for the eventual closure of the landfills under state law and California Public Employees' Retirement System (CalPERS) irrevocable pension trust to hold cash and investments that are legally restricted for use in administering the Authority's pension plan. Restricted resources are used first to fund expenses incurred for restricted purposes.

Capital Assets: Capital assets which include property, plant, equipment, and landfills are recorded at historical cost or estimated historical cost if actual cost is not available. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. Capital assets are defined by the Authority as assets with an initial, individual cost of more than \$15,000 and an estimated useful life in excess of one year. Expenses, which materially extend the useful life of existing assets, are capitalized. Certain costs for professional services and interest associated with the acquisition and construction of capital assets have been capitalized. The cost of capital assets sold or retired is removed from the appropriate accounts and any resulting gain or loss is included in the change in net position.

The cost of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation of capital assets other than landfill cells is computed using the straight-line method, beginning the following fiscal year, over the estimated useful lives of the assets, which are summarized as follows:

Buildings	20-40 years
Other Improvements	4-50 years
Machinery and Equipment	5-10 years

Landfill cells are depreciated/amortized based on units of consumption. Units-of-consumption depreciation rates are determined annually for our operating landfill at Johnson Canyon. The rates are based on estimates provided by our engineers and accounting personnel and consider the information provided by airspace surveys, which are performed at least annually. Significant changes in estimates could materially increase our landfill depletion rates, which could have a material adverse effect on financial condition and results of operations. In addition, by the time a

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

landfill stops accepting waste that landfill must be fully depreciated. This may lead to larger amounts of depreciation charged at the end of the landfill's life for projects capitalized in those latter years.

Compensated Absences: Authority employees accumulate Paid Time Off (PTO) which is payable to employees upon termination or retirement at the pay rate on that date. The Authority accrues unused PTO, and related taxes and benefits payable within one year on the statement of net position as current liabilities.

Public Employees Retirement System: The Authority offers two retirement plans to its employees. Employees hired before January 1, 2013, are members of the CalPERS Classic Plan and employees hired after January 1, 2013, are members of the California Public Employees' Pension Reform Act Plan (PEPRA Plan).

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pension expenses, information about the fiduciary net position of the Salinas Valley Solid Waste Authority's CalPERS plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS finance office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. See Note 11 for the CalPERS Classic Plan disclosures.

Post-Employment Benefits Other than Pensions: The Authority's net Other Post-Employment Benefits (OPEB) Obligation is recognized as a long-term liability in the Statement of Net Position, the amount is actuarially determined. The Authority offers health benefits to retirees under age 65 as well as their qualified dependents, as required by state law. The Authority joined The California Employer's Retiree Benefit Trust (CERBT) in 2017 to prefund its OPEB liability. Its initial cash contribution to the plan was \$438,000. For future contributions, the Authority will use the annual required contribution (ARC) of the employer, which is expected to prefund all unfunded liabilities by 2040.

Deferred Outflows and Inflows of Resources: In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

Pensions - for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the CalPERS Public Employees Retirement System (CalPERS) and additions to/deductions from CalPERS' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB) - for purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Authority's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Loss on Refunding - the item that qualifies in this category is the deferred loss on refunding reported in the Statement of Net Position (deferred outflow). Deferred charges, resulting from the carrying value of refunded debt and its reacquisition price, are deferred and amortized over the shorter of the life of the refunded debt or refunding debt.

Leases – the item that qualifies in this category is the present value of future long-term lease revenue and will not be recognized as an inflow of resources (revenue) until that time.

Net Position: The statement of net position reports all financial and capital resources. Net position represents total assets and deferred outflows of resources less liabilities and deferred inflow of resources. There are three components of net position.

Net Investment in Capital Assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balance of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent, related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted - This component of net position consists of constraints placed on the use of net position by external restrictions imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. There are no net positions restricted by enabling legislation.

Unrestricted - This component of net position consists of net position that do not meet the definition of net investment in capital assets or restricted.

Operating Revenue Recognition: Revenue from tipping fees is recognized when the service is provided for customers using the Authority's facilities. Credit customers are billed monthly and non-credit customers pay at the transfer station, landfill, or resource recovery facility.

Grants: In the normal course of operations, the Authority receives funds from state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement, which may arise as the result of these audits is not believed to be material.

Restricted and Unrestricted Resources: When both restricted and unrestricted resources are available for use, it is the Authority's practice to use restricted resources first, then unrestricted resources as they are needed.

Amortization: Premium, discount and insurance on long-term debt are amortized on the effective interest rate method over the life of the related debt issues.

Landfill Expenses: Landfill expenses include the cost to design and construct landfill cells on property permitted and approved as a landfill site. The design and construction costs for each cell are recorded as capital assets. Landfill expenses also include accruals for landfill closure and post closure care costs based on the landfill capacity used in each year.

Estimates: Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Comparative Prior Year Financial Information: Selected information regarding the prior year has been included in the accompanying financial statements. Certain reclassifications have been made to confirm current year presentation. This information has been included for comparison purposes only and does not represent a complete presentation in accordance with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Authority's prior year financial statements, from which this selected financial data was derived.

New Accounting Pronouncements: The following Governmental Accounting Standards Board (GASB) Statements have been implemented in the current financial statements:

Statement No. 99	<i>"Omnibus 2022"</i>	The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023.
Statement No. 100	<i>"Accounting Changes and Error Corrections" - An Amendment of GASB Statement No. 62</i>	The provisions of this Statement are effective for fiscal years beginning after June 15, 2023.
Statement No. 101	<i>"Compensated Absences"</i>	The provisions of this Statement are effective for fiscal years beginning after December 15, 2023.

Future Accounting Pronouncements: GASB Statements listed below will be implemented in future financial statements:

Statement No. 102	<i>"Certain Risk Disclosures"</i>	The requirements of this Statement are effective for fiscal years beginning after June 15, 2024.
Statement No. 103	<i>"Financial Reporting Model Improvements"</i>	The provisions of this Statement are effective for fiscal years beginning after June 15, 2025.

2. Cash and Investments:

Cash and Investments: The bank balance and carrying value of the Authority's cash and investments, including restricted balances, at June 30, 2024 were as follows:

Cash and Cash Equivalents	
Unrestricted Cash	\$ 32,510,934
Restricted Cash	5,922,888
Total Cash and Cash Equivalents	\$ 38,433,822

The Authority's cash and investments at June 30, 2024, were held as follows:

Cash managed by the Authority's Treasurer	\$ 2,566,952
Investments managed by the Authority's Treasurer	35,866,870
Total Cash and Investments	\$ 38,433,822

SALINAS VALLEY SOLID WASTE AUTHORITY
 NOTES TO BASIC FINANCIAL STATEMENTS
 JUNE 30, 2024

The Authority’s investment policy conforms to state law (Government Code Sections 53601 through 53659). The investment of bond proceeds is governed by the specific Indenture of Trust. The investment policy is reviewed annually. The Authority’s investments are carried at fair value, as required by generally accepted accounting principles. The Authority adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year.

Investment in State Investment Pool (LAIF): The Authority participates in the California Local Agency Investment Fund (LAIF), an investment pool managed by the State of California. LAIF is a special fund of the California State Treasury through which local governments may pool investments. At June 30, 2024, the total fair value amount invested by all public agencies in LAIF is \$178,048,356,232 and managed by the State Treasurer. Of that amount, 3.00% is invested in medium-term and short-term structured notes and asset-back securities. No amounts were invested in derivative financial products. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members as designated by State Statute. The fair value of the Authority’s investment in this pool is reported in the accompanying financial statements at amounts based upon the Authority’s pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

Pension Trust: The District established a trust account with California Public Employees’ Retirement System (CalPERS) to hold assets that are legally restricted for use in administering the District’s pension plan. The pension trust funds specific cash and investments which are managed by CalPERS under guidelines approved by the District to invest funds in California Employers’ Pension Prefunding Trust (CEPPT) Strategy 2.

The Guidelines and investment policies are as follows:

Risk Tolerance	Capital Appreciation
Risk Management	The CEPPT Strategy 2 portfolio is invested in various asset classes that are passively managed to an index. CalPERS periodically adjusts the composition of the portfolio in order to match the target allocations. Generally, equities are intended to help build the value of the employer’s portfolio over the long term while bonds are intended to help provide income and stability of principal.
Investment Objective	The CEPPT Strategy 2 portfolio seeks to provide capital appreciation and income consistent with its strategic asset allocation. There is no guarantee that the portfolio will achieve its investment objective.
Strategic Ranges	21% Global Equity (±5%) 61% Fixed Income (±5%) 9% REITs (±5%) 9% TIPS (±3%) 0% Cash (±2%)

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Disclosures Related to Fair Value Measurement: The Authority measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Authority has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

At June 30, 2024, the Authority had no leveled investments. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Accordingly, the Authority's measured fair value of its proportionate share in these types of investments is based on uncategorized inputs not defined as a Level 1, Level 2, or Level 3 input.

Custodial Credit Risk: Custodial credit risk is defined as the risk that the Authority may not recover the securities held by another party in the event of a financial failure. The Authority's investment policy for custodial credit risk requires all investment securities to be held in the Authority's name by a third party safekeeping institution. All deposits with financial institutions are considered fully insured or collateralized pursuant to the custodial credit risk categories of GASB Statement No. 3. According to the investment policy, investment of bond proceeds are restricted by the provisions of relevant bond documents.

Credit Risk: The safety and risk associated with an investment refers to the potential loss of principal, interest or a combination of these amounts. Investments of the Salinas Valley Solid Waste Authority shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio. The Authority only invests in those instruments that are considered very safe.

The LAIF managed by the State Treasurer, representing 98.8% of the investment portfolio, is not rated.

Investments held in trust accounts, such as a Section 115 pension trust, are governed by the trust documents. Irrevocable Pension Trust Fund 115 is managed by CalPERS, representing 1.2% of the investment portfolio, is not rated.

Interest Rate Risk: The Salinas Valley Solid Waste Authority uses the State of California's Local Agency Fund as its primary investment vehicle. LAIF spreads investments over various maturities which minimizes the risk of portfolio depreciation due to a rise in interest rates. The table below shows the distribution of the Authority's investments by maturity.

Concentration of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of an investment in a single issuer. The Authority's investment policy addresses the concentration of credit risk by limiting the maximum amount that may be invested in certain investments and in any one issuer, except for investments in LAIF. The investment in the LAIF account, representing 98.8% of the portfolio is not considered a concentrated risk

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The Authority was in compliance with these limitations at June 30, 2024. At June 30, 2024, certain individual investments exceeded 5% of the total investment portfolio (including cash and cash equivalents) as follows:

Investment Type	Amount	Investment Maturities			% of Total
		0-6 Mths	6-12 Mths	1-5 Years	
State of California Local Agency Investment Fund	\$ 35,866,870	\$ 25,544,026	\$ 3,852,102	\$ 6,470,742	100.0

3. Receivables, Net:

Receivables and the related allowance for doubtful accounts at June 30, 2024, are summarized as follows:

Tipping Fee Accounts Receivable	\$ 1,910,217
Republic ML Hauling	184,072
Intergovernmental Grants Receivable	87,342
LFG Gas Royalties	71,716
QED Refund	37,554
Sales of Recycling Materials	33,638
Franchise Administration	23,693
MO. CO. Compost Procurement	14,539
Atlas JC Electricity	11,625
Employees' Flexible Spending Account	8,144
WM JR Electricity	4,827
Total Receivables	<u>2,387,367</u>
Allowance for Doubtful Accounts	<u>(9,551)</u>
Total Receivables, Net	<u><u>\$ 2,377,816</u></u>

4. Loss on Bonds Refunding:

The Authority had a loss on the refunding of the Series 2002 and 2014 Revenue Bonds, which is a deferred outflow of resources.

Deferred Outflows of Resources balances for the year ended June 30, 2024 were as follows:

	June 30, 2023	Increases	Decreases	June 30, 2024
Loss on Refunding of Bonds:				
2022A (Taxable) Refunding Revenue Bonds	<u>\$ 1,213,240</u>	<u>\$ -</u>	<u>\$ (278,603)</u>	<u>\$ 934,637</u>

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The loss is amortized using the effective interest rate method as principal payments are made and is attributed to each of the refunding series of bonds, as follows.

Fiscal Year Ending June 30,	Total
2025	\$ 243,495
2026	207,934
2027	171,791
2028	135,002
2029	97,469
2030-2031	78,946
	\$ 934,637

5. Restricted Cash:

Cash and investments of \$5,922,888 are recorded as restricted assets at June 30, 2024.

Cash and investments of \$5,154,024 are restricted by the California Integrated Waste Management Board for the closure of Johnson Canyon Landfill.

Cash and investments of \$657,231 are restricted by the California Department of Resources Recycling and Recovery for various grants related to recycling programs.

Cash and investments of \$4,520 are restricted by the Flexible Spending Arrangement for employees' pay out-of-pocket health and child care costs.

Cash and investments of \$107,113 are restricted by agreement with the Central Coast Recycling Media Coalition. These funds are to be used for the Tri-County public/private cooperative marketing and advertising projects.

Total	<u>\$ 787,038</u>	<u>\$ 136,293</u>	<u>\$ (35,284)</u>	<u>\$ 888,047</u>

8. Long Term Liabilities:

The following is a summary of long term liabilities for the year ended June 30, 2024:

	June 30, 2023	Increases	Decreases	June 30, 2024	Due Within One Year
Direct Borrowings and Placements:					
2022A (Taxable) Refunding Revenue Bonds	\$ 22,895,000	\$ -	\$ (2,700,000)	\$ 20,195,000	\$ 2,730,000
Leases	2,526,261	-	(191,207)	2,335,054	191,109
Closure Payable	3,026,078	239,841	-	3,265,919	-
Postclosure Payable	15,064,650	1,911,745	(1,362,627)	15,613,768	612,991
Total Long Term Liabilities	<u>\$ 43,511,989</u>	<u>\$ 2,151,586</u>	<u>\$ (4,253,834)</u>	<u>\$ 41,409,741</u>	<u>\$ 3,534,100</u>

Advance Refunding: On February 22, 2022, Salinas Valley Solid Waste Authority issued Taxable bonds (Series 2022A) with a par value of \$25,595,000. These refunding revenue bonds were sold at par value for \$25,595,000. The purpose of the bond issuance was to refund both the Alternative Minimum Taxable bonds (Series 2014A), and Taxable bonds (Series 2014B). Which were issued to refund Series 2002 revenue bonds, and the Authority's 1997 Installment Purchase Agreement.

The refinancing is an advanced refunding. Proceeds of the new refunding bonds were deposited in an escrow account to pay principal and interest on the refunded bonds until the prepayment date of August 1, 2024, at which time, the remaining 2014 bonds will be paid off by the escrow agent.

Under current federal tax laws, a tax-exempt refinancing could have only been completed in 2024. However, refinancing with taxable Bonds allowed the Authority to lock in lower interest rates and achieve substantial savings. The interest rates of the 2022 Bonds are between .636% and 2.481% compared to interest rates between 4.641% and 5.5% remaining for the 2014 bonds. The advance refunding reduced the Authority's total debt service payment by \$1.61 million and resulted in an economic gain of \$1.28 million.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The annual debt service requirements for the 2022A (Taxable) Refunding Revenue Bond are as follows:

2022A (Taxable) Refunding Revenue Bond Fiscal Year Ending June 30,	Direct Borrowings and Placements		
	Principal	Interest	Total
2025	\$ 2,730,000	\$ 381,569	\$ 3,111,569
2026	2,770,000	340,937	3,110,937
2027	2,820,000	293,020	3,113,020
2028	2,870,000	238,656	3,108,656
2029	2,935,000	177,880	3,112,880
2029-2031	6,070,000	149,140	6,219,140
	\$ 20,195,000	\$ 1,581,202	\$ 21,776,202

Closure and Postclosure Payable: The amounts accrued for Closure Payable and Postclosure Payable are mandated by the California Department of Resources, Recycling, and Recovery. This is the estimated liability for closing and maintaining for 30 years after closure the landfills of the Salinas Valley Solid Waste Authority.

9. Landfill Closure and Postclosure Requirements:

The Salinas Valley Solid Waste Authority operates a solid waste disposal system serving the waste shed of the cities of Salinas, Gonzales, Greenfield, Soledad and King, and the eastern and southern portions of the unincorporated area of Monterey County. The system currently consists of one active landfill (Johnson Canyon), two transfer stations (Sun Street and Jolon Road) and three closed landfills (Lewis Road, Jolon Road and Crazy Horse).

The landfills are regulated by the California Department of Resources, Recycling, and Recovery (CalRecycle) which requires the Authority to set-aside funds annually for landfill closure and to fund postclosure maintenance for at least 30 years after closure. On June 19, 1998, the CalRecycle, approved the Authority’s financial assurance mechanisms for closure and postclosure maintenance for the Authority’s four landfills. Since then, the CalRecycle and the Authority have agreed to the financial assurance mechanism for corrective action for the Jolon Road, Johnson Canyon, Lewis Road, and Crazy Horse Landfills. The State found that the Enterprise Fund and Pledge of Revenue Agreement met the requirements of Title 27 of the California Code of Regulations and Federal Title 40 regulations. Under the terms of these agreements, the Authority is to annually set-aside funds for the closure of the landfills. The postclosure maintenance and corrective action costs will be funded on a pay-as-you go basis when they are actually incurred and are secured by a pledge of revenue.

Closure costs are determined and funded annually based on landfill capacity used. Although postclosure maintenance costs will be paid near or after the date that the landfills stop accepting waste, the Authority reports a portion of these costs as an operating expense in each period based on landfill capacity used as of each Statement of Net Position date.

Postclosure maintenance costs are based on the level of service required to protect the environment during the postclosure period. These include the cost of equipment and facilities, such as leachate collection systems and final cover maintenance. Postclosure care costs extend over a 30 year period of time. For this reason, it is likely there will be unforeseen repair or replacement costs during the postclosure period. Some of these variances are due to changes in technologies, changes in operational conditions and physical changes at the landfills. Estimated current costs of closure and postclosure care are evaluated annually as required by Generally Accepted Accounting Principles

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

(GAAP). The results of the annual evaluation can increase or decrease closure and postclosure costs depending on the various components here described.

The system estimated capacity at June 30, 2024 is as follows:

	Johnson Canyon
Permitted Capacity (cu. yd.)	16,280,000
Cumulative Capacity Used (cu. yd.)	(6,322,477)
Remaining Capacity (cu. yd.)	9,957,523

System Capacity: As of June 30, 2024, the Authority has 61.16% of its system capacity remaining. System capacity is based on the capacity of the one active landfill, Johnson Canyon. During the fiscal year ended June 30, 2024, the Authority landfilled a total of 229,218 tons of solid waste. As of June 30, 2024 the Authority has 39 years remaining landfill capacity at the FY 2023-24 fill rate.

Johnson Canyon Landfill: On December 21, 2021, Johnson Canyon was granted a revised permit by the California Integrated Waste Management Board increasing its landfill capacity. The site capacity estimates, closure, and postclosure costs were revised as part of the permit process. Johnson Canyon Landfill has capacity to the year 2064 based on remaining capacity and current in-place density per 2024 calculations.

Closed Landfills: Crazy Horse Landfill was closed on May 31, 2009 and received closure certification from CalRecycle in January 2017. Jolon Road Landfill is accepting waste only as a transfer station. The landfill was closed in October 2007. Lewis Road Landfill is a closed landfill. No refuse is being landfilled at any of these sites.

Closure and Postclosure Maintenance Costs: Estimated closure and postclosure maintenance costs and amounts set-aside for closure as of June 30, 2024, are presented as follows:

	Total	Crazy Horse	Johnson Canyon	Lewis Road	Jolon Road
<u>Estimated:</u>					
Closure Cost	\$ 8,409,547	\$ -	\$ 8,409,547	\$ -	\$ -
Postclosure Maintenance Cost	19,798,837	9,404,028	6,842,357	2,056,666	1,495,786
Total Estimated	\$ 28,208,384	\$ 9,404,028	\$ 15,251,904	\$ 2,056,666	\$ 1,495,786
<u>Expense:</u>					
Closure	\$ 239,841	\$ -	\$ 239,841	\$ -	\$ -
Postclosure Maintenance	1,867,468	1,101,806	195,147	335,061	235,454
Total Expense	\$ 2,107,309	\$ 1,101,806	\$ 434,988	\$ 335,061	\$ 235,454
<u>Outstanding Liability:</u>					
Closure	\$ 3,265,919	\$ -	\$ 3,265,919	\$ -	\$ -
Postclosure Maintenance	15,613,768	9,404,028	2,657,288	2,056,666	1,495,786
Total Liability	\$ 18,879,687	\$ 9,404,028	\$ 5,923,207	\$ 2,056,666	\$ 1,495,786
Assets Set-Aside for Closure-Cash	\$ 5,154,024	\$ -	\$ 5,154,024	\$ -	\$ -
Cash over Closure Liability	\$ 1,888,105	\$ -	\$ 1,888,105	\$ -	\$ -

Crazy Horse Landfill estimated postclosure costs increased \$326,781 as a result of a CalRecycle inflation factor of 103.6%. Current year postclosure expenditures were \$775,025.

Johnson Canyon Landfill estimated closure costs increased \$239,841 as a result of a CalRecycle inflation factor of 103.6%, and 1.6% of total capacity used during FY 2023-24.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Johnson Canyon Landfill estimated postclosure costs increased \$195,147 as a result of a CalRecycle inflation factor of 103.6%, and 1.6% of total capacity used during FY 2023-24.

Lewis Road Landfill estimated postclosure costs increased \$71,467 as a result of the revised CalRecycle inflation factor of 103.6%. Current year postclosure expenditures were \$263,594.

Jolon Road Landfill estimated postclosure costs decreased \$44,277 as a CalRecycle inflation factor of 103.6% and a reduction in the amount of years required for the pledge of revenue. Current year postclosure expenditures were \$279,731.

The postclosure maintenance liability of \$15,613,768 will be funded from future revenues as expenditures take place.

10. Deferred Compensation Plan:

Effective July 1, 2004, the Authority established a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Small Business Job Protection Act of 1996 requires the establishment of a trust or similar vehicle to ensure that the assets of the deferred compensation plans under the Internal Revenue Code Section 457 are protected and used exclusively for the benefit of plan participants and/or their beneficiaries. All employees are eligible to participate through voluntary salary reduction. The Authority's adopted Plan Document includes the provision for such a Trust. The existence of the trust does little to change the Plan structure except to add a layer of protection for money set aside for the employee against claims of the Employer's creditors.

The Authority's deferred compensation plan is administered by the ICMA Retirement Corporation. The Deferred Compensation plan has a balance of \$2,053,779 as of June 30, 2024. Since these funds are held by the ICMA Retirement Corporation under a trust arrangement for the benefit of the employees, these funds are not reported on the financial statements.

11. Retirement Programs:

A. General Information about the Pension Plan

Plan Description: All qualified employees are eligible to participate in the Authority's Miscellaneous Employee Pension Plan, cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees Retirement System (CalPERS). The Authority selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided: CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members or beneficiaries. The Authority entered into a contract with CalPERS effective July 1, 2004 to provide 2% at 55 annual retirement benefits for Local Miscellaneous Members. The California Public Employees' Pension Reform Act (PEPRA) was approved in 2012. It provides a 2% at 62 annual retirement benefit for employees hired after January 1, 2013. All CalPERS participant pension benefits vest after five years of service. Once vested, the plan provides an annual pension at retirement using the following calculation. The employee's final eligible compensation, multiplied by the percentage that corresponds to the employee's age at retirement, multiplied by the number of years of service in the system.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The Plans' provisions and benefits in effect at June 30, 2024, are summarized as follows:

	Miscellaneous	
	Classic	PEPRA
Hire date	*Prior to January 1, 2013	On or after January 1, 2013
Benefit formula	2% @ 55	2.0% at 62
Benefit vesting schedule	5 years service	5 years of service
Benefit payments	monthly for life	monthly for life
Retirement age	50-63	52-67
Monthly benefits, as a % of eligible compensation	1.426%-2.418%	1.000% to 2.500%
Required employee contribution rates	7.00%	7.750%
Required employer contribution rates	12.520%	7.870%
Required payment of unfunded liability	\$33,751	\$8,107

**Plan is closed to new members. Miscellaneous members that were CalPERS participants before January 1, 2013, with no break of service over six months, may continue in the plan.*

Contributions: Section 20814(c) of the California Public Employee's Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Authority is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The CalPERS contract was amended effective July 2, 2018 to include a 1% cost sharing for classic local miscellaneous members. Employees began paying 1% of the required employer contribution rate in addition to the 7% required employee contribution rate.

The Authority's contributions were as follows:

	Fiscal Year Paid	
	2023/24	2022/23
Misc. Classic	\$ 1,236,823	\$ 254,605
Misc. PEPRA	442,429	174,477
	\$ 1,679,252	\$ 429,082

B. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2024, the Authority reported a net pension liability for its proportionate share of the net pension liability was as follows:

	Fiscal Year Ended		Increase/(Decrease)
	June 30, 2024	June 30, 2023	
Authority's Miscellaneous Plan	\$ 809,494	\$ 378,477	\$ (431,017)
Total Net Pension Liability	\$ 809,494	\$ 378,477	\$ (431,017)

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The Authority adopted and funded a Section 115 pension trust in fiscal year 2020-21 to help mitigate against the rising cost of pension contributions. At June 30, 2024 the Authority's Section 115 trust is reflected in the restricted cash balance of \$392,106. See Note 2 for further discussion.

The Authority's net pension liability is measured as the proportionate share of the net pension liability. The net pension liability is measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023, rolled forward to June 30, 2024 using standard update procedures. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plans relative to the projected contributions for all participating employers, actuarially determined. The Authority's proportionate share of the net pension liability as of June 30, 2024 and 2023 were as follows:

	Percentage Share of Risk		Change:
	6/30/2024	6/30/2023	Increase/(Decrease)
Measurement date	6/30/2023	6/30/2022	
Percentage of Plan (PERF C) NPL	0.00649%	0.00328%	0.00321%

For the year ended June 30, 2024, the Authority recognized a pension credit of \$500,378. At June 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 41,353	\$ 6,415
Changes in assumption	48,873	-
Net differences between projected and actual earnings on plan investments	131,064	-
Change in employer's proportion	997,713	-
Differences between the employer's contributions and the employer's proportionate share of contributions	-	220,646
Pension contributions subsequent to measurement date	1,679,252	-
Total	<u>\$ 2,898,255</u>	<u>\$ 227,061</u>

\$1,679,252 reported as deferred outflows of resources related to contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Recognition of amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ending June 30,	
2025	\$ 539,710
2026	327,684
2027	120,788
2028	3,760
Total	<u>\$ 991,942</u>

SALINAS VALLEY SOLID WASTE AUTHORITY
 NOTES TO BASIC FINANCIAL STATEMENTS
 JUNE 30, 2024

Actuarial Methods and Assumptions Used to Determine Pension Liability*: The total pension liability for the June 30, 2023 measurement period was determined by an actuarial valuation as of June 30, 2023, with update procedures used to roll forward the total pension liability to June 30, 2024.

Total pension liability was based on the following actuarial assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirements of GASB Statement No. 68
Actuarial Assumptions	
Discount Rate	6.90%
Inflation	2.30%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table	Derived using CalPERS' Membership Data for all Funds The Mortality table was developed based on CalPERS-specific data. The rates incorporate Generational Mortality to capture ongoing mortality improvements using 80% of Scale MP 2020 published by the Society of Actuaries. For more details, please refer to the 2021 experience study report that can be found on the CalPERS website.
Post Retirement Benefit Increase	Contract COLA up to 2.30% until Purchasing Power Protection Allowance Floor on Purchasing Power applies.

*The Mortality table used was developed based on CalPERS' specific date. The table includes 15 years of mortality improvements using Society of Actuaries Scale 90% of the scale MP 2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

Changes of Assumptions: The discount rate for the PERF C, changed from 7.15% to 6.90%. The inflation assumptions changed from 2.50% to 2.30%.

Discount Rate: The discount rate used to measure the total pension liability for PERF C was 6.90%.

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Long-term Expected Rate of Return: In determining the long-term expected rate of return, CalPERS took into account long-term market return expectations as well as the expected pension fund cash flows. Projected returns for all asset classes are estimated and, combined with risk estimates, are used to project compound (geometric) returns over the long term. The discount rate used to discount liabilities was informed by the long-term projected portfolio return.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The expected real rates of return by asset class for the fiscal year ended June 30, 2024 were as follows:

Asset Class	Assumed Asset Allocation	Real Return Years 1-10 ^{1,2}
Global equity - cap-weighted	30.00%	4.54%
Global equity - non-cap-weighted	12.00	3.84
Private equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-backed Securities	5.00	0.50
Investment Grade Corporates	10.00	1.56
High Yield	5.00	2.27
Emerging Market Debt	5.00	2.48
Private Debt	5.00	3.57
Real Assets	15.00	3.21
Leverage	(5.00)	(0.59)

This information is from the CalPERS Report:

<https://www.calpers.ca.gov/docs/forms-publications/gasb-68-public-agency-schedules-2022.pdf>

¹ An expected inflation of 2.00% used for this period.

² Figures are based on the 2021-22 Asset Liability Management Study.

Amortization of Deferred Outflows and Deferred Inflows of Resources: The Net Difference Between Projected and Actual Earnings on Pension Plan Investments is amortized over a five-year period on a straight-line basis. One-fifth is recognized in pension expense during the measurement period, and the remaining Net Difference Between Projected and Actual Investment Earning on Pension Plan Investments is amortized over the remaining amortization periods. The Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments in the Schedule of Collective Pension Amounts represents the unamortized balance relating to the current measurement period and the prior measurement periods on a net basis.

Deferred outflows of resources and deferred inflows of resources relating to Differences Between Expected and Actual Experience and Changes of Assumptions are amortized over the Expected Average Remaining Service Lifetime (EARSL) of members provided with pensions through the Plan determined as of the beginning of the related measurement period. The EARSL for PERF C for the June 30, 2023 measurement date is 3.7 years, which was obtained by dividing the total service years of 574,665 (the sum of remaining service lifetimes of all active employees) by 153,587 (the total number of participants: active, inactive, and retired) in PERF C. Inactive employees and retirees have remaining service lifetimes equal to 0. Total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate:
The following presents the Authority’s proportionate share of the net pension liability for each Plan, calculated using the discount rate of 6.90%, as well as what the Authority’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Discount Rate		
	5.90% (1% Decrease)	6.90% (Current Rate)	7.90% (1% Increase)
Measurement date	June 30, 2023		
Fiscal Year End	June 30, 2024		
Net Pension Liability (Asset)	\$ 2,757,192	\$ 809,494	\$ (793,629)

Pension Plan Fiduciary Net Positions: Detailed information about each plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

Subsequent Events: There were no subsequent events that would materially affect the results presented in this disclosure.

12. Other Post Employment Benefit (OPEB):

A. General Information about the OPEB Plan

For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Authority’s plan (OPEB Plan) and additions to/deductions from the OPEB Plan’s fiduciary net position have been determined on the same basis.

Generally accepted accounting principles require that the reported results must pertain to liability and asset information within certain defined timeframes.

For this report, the following timeframes are used:

Valuation Date	June 30, 2023
Measurement Date	June 30, 2023
Measurement Period	July 1, 2022 to June 30, 2023

Plan Description: The Authority joined the Public Employees' Medical & Hospital Care Act (PEMHCA) in 2004. It is an agent multiple-employer plan administered by California Public Employees’ Retirement System (CalPERS). PEMHCA governs health care provided to employees and retirees under health care plans administered by CalPERS. All public agencies providing health care to their active employees through CalPERS PEMHCA plans are also required to offer health care under those plans to their retirees.

OPEB Trust: The Authority joined The California Employers’ Retiree Benefit Trust (CERBT) in 2017 to prefund its OPEB liability. CERBT is an agent multiple employer defined plan for other post-employment benefits administered by CalPERS. The Plan includes participating employers of the State of California and public agencies. CalPERS is governed by a 13-member Board of Administration (the Board); two elected by CalPERS members, one elected by retired members of CalPERS, two appointed by the Governor, one public representative appointed jointly by the Speaker of the Assembly and Senate Rules Committee, and four ex-officio members: State Treasurer, State Controller, Director of California Department of Human Resources, and Designee of the State Personal Board. The Board is responsible for the management and control of CalPERS, including the exclusive control of the administration and investments of the Plan.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The plan information is as follows:

Fiscal Year End	June 30, 2024
Plan Type	Agent Multiple Employer
OPEB Trust	Yes
Special Funding Situations	No
Nonemployer Contributing Entities	No

Benefits Provided: PEHMCA provides employees who retire directly from the Authority after five years of service a cash subsidy for monthly medical insurance premiums. Employees with 20 years of service with the Authority that do not retire directly from the Authority can request benefits later. Benefits are also paid to the surviving spouse of retirees who elected CalPERS joint and survivor payment options, as well as spouses of an active employee who died while eligible to retire receiving CalPERS survivor’s benefit. The Minimum Employer Contribution amount is prescribed by Government Code Section 22892 of the PEMHCA. It was originally established as a specific dollar value with specified increases from calendar years 2004 through 2008. Starting in calendar year 2009, the calculated adjustments are based upon the medical care component of the Consumer Price Index-Urban (CPI-U). The Authority opted for the unequal method of distribution when it joined in 2004. Using this method, the Authority pays a percentage of the contribution, with the percentage paid increasing by 5% each year. The minimum amount in 2024 is \$157 per month.

Employees Covered: As of the June 30, 2023 measurement date, the following current and former employees were covered by the benefit terms under the PEMHCA Plan:

	Number of Covered Participants
Inactive Employees Currently Receiving Benefit Payments	4
Inactive Employees Entitled to but not yet Receiving Benefit Payments	7
Actives Employees	62
Total Employees	73

Contributions: In 2017, the Authority joined CERBT to prefund it’s OPEB liability. The Authority will use the annual required contribution (ARC) of the employer for the future contributions, which is expected to prefund all unfunded liabilities by 2040. The cash contributions to this fund during the fiscal year ended June 30, 2024, were \$150,000. Authority payments for retired benefits, net investment earnings of the plan, and the estimated implied subsidy was \$21,576 resulting in total payments of \$171,576.

B. OPEB Liabilities, OPEB Expenses, and Deferred Outflows/Inflows of Resources Related to OPEB

As of June 30, 2024, the authority reported net OPEB liability (asset) as follows:

Fiscal Year Ended	June 30, 2024	June 30, 2023
Measurement Date	June 30, 2023	June 30, 2022
Total OPEB Liability (TOL)	923,591	\$ 1,179,834
Fiduciary Net Position (FNP)	1,244,773	1,104,534
Total Net OPEB Liability (Asset)	\$ (321,182)	\$ 75,300
Funded status (FNP/TOL)	134.8%	93.6%

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Changes in the OPEB Liability (Asset): The changes in the net OPEB liability (asset) for the Authority Plan are as follows:

<u>Changes in Net OPEB Liability</u>	<u>Total OPEB Liability (a)</u>	<u>Fiduciary Net Position (b)</u>	<u>Net OPEB Liability (Asset) (a) - (b)</u>
Balance at June 30, 2023 (Measurement Date June 30, 2022)	\$ 1,179,834	\$ 1,104,534	\$ 75,300
Service Cost	111,607	-	111,607
Interest	70,582	-	70,582
Changes of Benefit Terms	-	-	-
Actual versus Expected Experience	(197,699)	-	(197,699)
Changes of Assumptions	(224,472)	-	(224,472)
Employer Contributions	-	135,202	(135,202)
Employee Contributions	-	-	-
Net Investment Income	-	21,779	(21,779)
Benefit Payments	(16,261)	(16,261)	-
Administrative Expenses	-	(481)	481
Net Changes	(256,243)	140,239	(396,482)
Balance at June 30, 2024 (Measure Date June 30, 2023)	<u>\$ 923,591</u>	<u>\$ 1,244,773</u>	<u>\$ (321,182)</u>

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB: For the fiscal year ended June 30, 2024, the Authority recognized OPEB expense of \$84,417. As of the fiscal year ended June 30, 2024, the Authority reported deferred outflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ -	\$ 357,074
Changes of Assumptions	12,915	207,746
Net Differences Between Projected and Actual Earnings on Plan Investments	127,076	-
Employer Contributions after Measurement Date	171,576	-
Total	<u>\$ 311,567</u>	<u>\$ 564,820</u>

Deferred outflows of resources in the amount of \$171,576 related to contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability during the fiscal year ending June 30, 2025.

SALINAS VALLEY SOLID WASTE AUTHORITY
 NOTES TO BASIC FINANCIAL STATEMENTS
 JUNE 30, 2024

Other amounts reported as deferred outflows of resources related to OPEB will be recognized as expenses as follows:

<u>Year Ending June 30,</u>	
2025	\$ (24,085)
2026	(23,285)
2027	(8,572)
2028	(49,242)
2029	(58,065)
Thereafter	<u>(261,580)</u>
Total	<u>\$ (424,829)</u>

Recognition of Deferred Outflows and Deferred Inflows of Resources: To smooth market volatility, gains and losses related to changes in total OPEB liability and fiduciary net position are recognized over five years. Amounts are first recognized in OPEB expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to OPEB and are to be recognized in future OPEB expense.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Actuarial Methods and Assumptions Used to Determine the OPEB Liability: The Authority's net OPEB liability was measured as of June 30, 2023. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2023, that was used to determine the June 30, 2024 total OPEB liability, based on the following actuarial methods and assumptions:

Significant Accounting Actuarial Assumptions and Methods:

Fiscal Year End	June 30, 2024
Measurement Date	June 30, 2023
Valuation Date	June 30, 2023
<hr/>	
Contribution Policy	Authority plans to contribute at least the full ADC
Discount Rate and Long-Term Expected	5.50% at June 30, 2023
Rate of Return on Assets	5.50% at June 30, 2022
	Expected Authority contributions projected to keep sufficient plan assets to pay all benefits from trust
General Inflation	2.50% annually
Mortality, Retirement, Disability, Termination	CalPERS 2000-2019 Experience Study
Mortality Improvement	Mortality projected fully generational with Scale MP-2021
Salary Increases	Aggregate - 2.75% annually
	Merit - CalPERS 2000-2019 Experience Study
Medical Trend	Non-Medicare - 6.75% for 2023, decreasing to an ultimate rate of 4.0% in 2076
	Medicare (Non-Kaiser) - 7.5% for 2025, decreasing to an ultimate rate of 3.45% in 2076
	Medicare (Kaiser) - 6.25% for 2025, decreasing to an ultimate rate of 3.45% in 2076
PEMHCA Minimum Increases	3.50% annually
Healthcare Participation	Actives & surviving spouses: 70%
	Retirees & surviving spouses:
	Covered - 100%
	Waived - 0%
Changes of assumptions	Discount rate was updated based on newer capital market assumptions
	Inflation assumption dropped from 2.75% to 2.50%, which dropped the discount rate, medical trend, and aggregate payroll increase by 0.25%
	Updated medical and PEMHCA minimum trend
	Updated assumption for Medicare eligible implied subsidy
	Updated participation assumption
	New rates from CalPERS Experience Study
	Mortality improvement scale was updated to Scale MP-2021
Changes of benefit terms	None

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Discount Rate: The discount rate used to measure the total OPEB liability was 5.50%. The projection of cash flows used to determine the discount rate assumed that Authority contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Expected Long Rate of Return: The long-term expected rate of return on OPEB plan investments was determined using a building block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Measurement Date	June 30, 2023	
CERBT Investment Strategy #3	Target	Expected Real
Asset Class	Asset Allocation	Rate of Return
Global Equity	23%	4.56%
Fixed Income	51%	1.56%
TIPS	9%	-0.08%
Commodities	3%	1.22%
REITs	14%	4.06%
Assumed Long-Term Rate of Inflation		2.50%
Expected Long-Term Net Rate of Return, Rounded		5.25%

Discount Rate Sensitivity Analysis: The following schedule shows the impact of the Net OPEB Liability (Asset) if the discount rate used was 1% less than and 1% greater than the discount rate that was used (5.5%) in measuring the Net OPEB Liability (Asset).

	Discount Rate		
	(1% Decrease)	(Current Rate)	(1% Increase)
	4.50%	5.50%	6.50%
Net OPEB Liability (Assets)	\$ (174,660)	\$ (321,182)	\$ (441,487)

Medical Trend Sensitivity Analysis: The following presents the net OPEB liability of the Authority if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate, for measurement period ended June 30, 2023:

	Healthcare Trend		
	(1% Decrease)	(Current Trend)	(1% Increase)
Net OPEB Liability (Assets)	\$ (474,268)	\$ (321,182)	\$ 366,119

SALINAS VALLEY SOLID WASTE AUTHORITY
 NOTES TO BASIC FINANCIAL STATEMENTS
 JUNE 30, 2024

13. Concentrations:

The Authority received 65.81% of its Charges for Services (tipping fees) from two haulers: Republic Services and Waste Management. These two haulers comprised approximately \$1,344,160, (70.37%) of accounts receivable balances at June 30, 2024. A major reduction in revenue from any of the above sources may have a significant effect on the future operations of the Authority.

Under the Waste Delivery Agreements that support the Revenue Bonds and under the Joint Powers Agreement, establishing the Authority, each member agency is required to direct all garbage to Authority facilities. They do this by means of the Franchise Agreements with their respective haulers. Republic Services, serving the City of Salinas, and Waste Management serving Unincorporated Monterey County and the City of King, are required to bring their garbage and yard waste to Authority facilities.

14. Commitments and Contingencies:

Risk Management: The Authority is exposed to various risks of losses related to torts, theft of, damage to, and destruction of assets, errors, and omissions, injuries to employees, and natural disasters. Effective July 1, 2023, the Authority purchased worker’s compensation insurance through the State Compensation Insurance Fund for its employees.

The Authority has the following commercial insurance policies:

Coverage	Detail	Limits	Deductible
Environmental Impairment Liability	Per Occurrence	\$ 10,000,000	\$ 25,000
Property Insurance	Aggregate	10,000,000	50,000
Environmental Excess Liability	Per Occurrence	10,000,000	-
Earthquake	Per Occurrence	5,294,057	50,000
General Liability	Per Occurrence	1,000,000	-
	Aggregate	2,000,000	-
Commercial Auto	Per Accident	1,000,000	1,000
Public Officials and Employment Practice Liability	Each Act	1,000,000	25,000
Crime	Each Act	1,000,000	5,000
Cyber	Aggregate	1,000,000	5,000
Workers Compensation	-	1,000,000	-

There have been no significant reductions in any insurance coverage, nor have there been any insurance related settlements that exceeded insurance coverage during the past three fiscal years.

Corrective Action Plan: The California Code of Regulations requires landfill owners and operators to demonstrate the availability of financial resources to conduct corrective action activities for all known or reasonably foreseeable releases of contaminants from the disposal facility affecting water quality.

The Authority has conducted studies to determine the site remediation cost to mitigate those releases. These cost estimates are incorporated into the Final Closure and Postclosure Maintenance Plan for each of the landfills. These amounts have been reviewed and approved by CalRecycle and the Regional Water Quality Control Board.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The estimated cost of capital improvements and operations and maintenance costs to mitigate a potential release of contaminants at the Authority landfills is estimated as follows:

Landfill - Action	Capital Improvements	Operations & Maintenance	Contingency	Total
Johnson Canyon	\$ 527,059	\$ 449,733	\$ -	\$ 976,792
Crazy Horse	4,116,562	9,318,956	-	13,435,518
Jolon Road	-	1,842,983	-	1,842,983
Lewis Road	155,273	285,996	44,291	485,560
Total Corrective Actions	<u>\$ 4,798,894</u>	<u>\$ 11,897,668</u>	<u>\$ 44,291</u>	<u>\$ 16,740,853</u>

The capital improvements costs are one-time costs. The maintenance costs are the total estimated cost ranging from 15 years for Lewis Road to 60 years for Johnson Canyon. If there should be a release at one of the landfill sites, the Authority would have to spend up to the amounts shown on capital improvements. If the capital improvements have to be completed, the Authority would be obligated to spend the maintenance amounts shown on the table for maintenance of the improvements.

These amounts have not been recorded as a liability because while some releases are possible, they are not considered probable or if they are considered probable, they are not sufficiently measurable.

15. Leases:

Lease Receivable: The Authority leases a Corporation Yard to a third party. The lease terms expire through June 2025, and the Authority receives monthly payment of \$4,750 monthly plus annual increases based on the consumer price index. Monthly payments for the year ended June 30, 2024 were \$6,077. The Authority recognized \$69,701 in lease revenue and \$3,224 in interest revenue during the current fiscal year related to this lease. As of June 30, 2024, the Authority's receivable for lease payments was \$69,882 and is classified as current. The Authority also has deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2024, the balance of the deferred inflow of resources was \$69,882.

The Authority leases office space to a third party. The lease terms expire through December 2024, and the Authority receives monthly payments from a fixed payment schedule. Monthly payments on June 30, 2024 were \$5,642. The Authority recognized \$66,156 in lease revenue and \$6,201 in interest revenue during the current fiscal year related to this lease. As of June 30, 2024, the Authority's receivable for lease payments was \$30,822 and is classified as current. The Authority also has deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2024, the balance of the deferred inflow of resources was \$30,822.

Lease Payable: The Authority entered into a multi-year lease from July 2022 through September 2036 for the use of a building on Madison Lane. An initial lease liability was recorded in the amount of \$2,711,810. As of June 30, 2024, the value of the lease liability was \$2,335,054. The Authority is required to make monthly principal and interest payments of \$16,234 plus annual increases based on the consumer price index for all urban consumers not to exceed 4%. The lease has an interest rate of 3.98%. The leased building has a 14 year estimated useful life. The value of the right-to-use asset as of the end of the current fiscal year was \$2,331,205 net of accumulated depreciation of \$380,605 as of June 30, 2024.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

The future principal and interest payments as of June 30, 2024, were as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 191,109	\$ 19,598	\$ 210,707
2026	191,011	28,124	219,135
2027	190,914	36,986	227,900
2028	190,818	46,198	237,016
2029	190,717	55,780	246,497
2030 - 2034	952,123	436,388	1,388,511
2035 - 2037	428,362	292,245	720,607
	<u>\$ 2,335,054</u>	<u>\$ 915,319</u>	<u>\$ 3,250,373</u>

16. Related Parties:

The Authority entered into a memorandum of understanding (MOU) with the City of Gonzales for mitigation issues for hosting the landfill, under this agreement, the Authority will pay the City \$20,833 per month commencing on the date of closure of the Crazy Horse landfill until the initial landfill expansion is entirely filled up by disposed solid waste.

Monterey County Environmental Health serves as the Local Enforcement Agency (LEA) for CalRecycle. They are empowered by CalRecycle to implement programs, locally designated activities, and has primary responsibility for ensuring the correct operation and closure of solid waste facilities. The Authority paid Monterey County Environmental Health \$86,031 in LEA permit fees for its facilities and an additional \$112,691 for its share of \$496,080 in Regional Fees, which are allocated by the percent of total annual county-wide tonnage disposed. After deduction of individual facility permit fees, the Regional Fees are used to fund the LEA's Load Checking Response Program, Illegal Dumping Response and Prosecution, Legislative Development, AB 939 Administration, Diversion/Recycling Programs, and other LEA related services. Total payments to Monterey County Environmental Health during FY 2023-24 were \$198,992.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

17. Net Position:

Net position represents total assets and deferred outflows of resources less liabilities and deferred inflows of resources. Designations of unrestricted net position represents the Authority Board of Director’s intention for the use of resources.

The net position amounts at June 30, 2024 were as follows:

Net Investment in Capital Assets	\$ 21,058,616
Restricted:	
Restricted for Closure Reserve	1,888,105
Unrestricted	
Designated	
Designated for Capital Projects Reserve	4,093,075
Designated for Operations Reserve	3,264,000
Designated for Environmental Impairment Reserve	2,678,487
	10,035,562
Undesignated	9,233,990
Total Unrestricted	19,269,552
Total Net Position	\$ 42,216,273

18. Bond Rate Covenant:

Pursuant to the Master Indenture of the Revenue Bonds, Series 2022, the Authority has agreed to, at all times while any of the Bonds remain outstanding, set fees and charges, and manage operations so as to yield Net Revenues during the fiscal year equal to at least one hundred fifteen percent (115%) of the bond’s annual debt service for the fiscal year.

This calculation is based on Net Revenues as described in the Master Indenture. The calculation is based on operating income increased by investment earnings on all funds other than bond project funds and reduced by postclosure expense, depreciation and amortization, and all non-cash items. At June 30, 2024, the calculation is 287%.

SALINAS VALLEY SOLID WASTE AUTHORITY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024

Net revenue available for debt service for the year ended June 30, 2024, is determined as follows:

Salinas Valley Solid Waste Authority
Debt Service Coverage Ratio Calculations
Fiscal year ended June 30, 2024

Revenues	
Operating revenues	\$ 25,947,433
Interest not on Project funds	1,807,037
Revised Revenues	27,754,470
Maintenance and Operations Costs	
GAAP Operating Expenses	22,406,639
Less the following items per Master Indenture	
Postclosure maintenance	(1,867,468)
Closure	(239,841)
Depreciation	(2,785,204)
Add Postclosure liability being paid	
Crazy Horse	775,025
Lewis Road	263,594
Jolon Road	279,731
	18,832,476
Revised Maintenance and Operations Expenses per Master Indenture	18,832,476
Net Revenues	\$ 8,921,994
Debt Service on 2022 Bond	\$ 3,113,116
Debt Service Coverage Ratio	287%
Debt Service Coverage Required	115%

19. Reclassification:

During the current year, the Authority's management determined that the Authority's Net Investment in Capital Assets did not include the Authority's Lease Liability. Therefore, Net Investment in Capital Assets was overstated and Unrestricted Net Assets was understated by \$2,526,261. To correct this misclassification, the Net Investment in Capital Assets as of June 30, 2023 was reclassified to include the Lease Liability. This resulted in an increase to Unrestricted Net Position from \$14,701,707, as originally reported, to \$17,227,968 and a decrease in Net Investment in Capital Assets from \$19,855,926, as originally reported, to \$17,329,665. Total Net Position was not changed as of June 30, 2023.

20. Subsequent Events:

Management has evaluated subsequent events through October 2, 2024, the date which these financial statements were available to be issued.

Significant Actuarial Methods and Assumptions used for Actuarially Determined Contributions:

Valuation Date	June 30, 2021
Actuarially Determined Contribution	2023/24 Fiscal Year
Actuarial Cost Method	Entry Age Normal, Level % of pay
Amortization Method	Level % of payroll
Amortization Period	16-year fixed period for the 2023/24
Asset Valuation Method	Investment gains and losses spread over 5-years rolling period
Discount Rate	5.50%
General Inflation	2.75%
Medical Trend	Non-Medicare - 7.00% for 2022, decreasing to an ultimate rate of 4.0% in 2076 Medicare (Non-Kaiser) - 6.10% for 2022, decreasing to an ultimate rate of 4.0% in 2076 Medicare (Kaiser) - 5.00% for 2022, decreasing to an ultimate rate of 4.0% in 2076
Mortality	CalPERS 1997-2015 experience study
Mortality Improvement	Mortality projected fully generational with scale MP-2020

October 2, 2024
Board of Directors
Of Salinas Valley Solid Waste Authority

We have audited the financial statements of Salinas Valley Solid Waste Authority as of and for the year ended June 30, 2024, and have issued our report thereon dated October 2, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated February 1, 2023, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of Salinas Valley Solid Waste solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Salinas Valley Solid Waste Authority is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during fiscal year 2024. No matters have come to our attention that would require us, under

Gerald Ray, CPA | Patricia Kaufman, CPA, CGMA | Smriti Shrestha, CPA

Daniel M. McGilloway, CPA, CVA | Sarita Shannon, CPA | Whitney Ernest, CPA |
Laura Armbruster, CPA | Rose Maxwell, CPA | Eleonora G. Burchill, CPA | Lisette Craft, CPA

professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the allowance for doubtful accounts is based on historical collections and an analysis of the collectability of individual accounts.

Management's estimate of landfills is depreciated based on units-of-consumption. Units-of-consumption depreciation rates are determined annual for the operating landfill at Johnson Canyon.

Management's estimate of depreciation other than landfill cells is based on the straight-line method over the estimated useful lives of capital assets.

Management's estimate of closure and postclosure maintenance costs are based on studies performed by the Authority's engineers annual and submitted to the California Intergrated Waste Management Board and the Regional Water Control Board.

Management's estimate of the net pension liability and the related deferred outflows and inflows of resources are based on actuarially determined amounts in accordance with the parameters of GASB Statement No. 68.

Management's estimate of the net OPEB liability and the related deferred outflows and inflows of resources are based on actuarially determined amounts in accordance with the parameters of GASB Statement No. 75.

Management's estimate of lease receivable and lease payable are based on the present value of future non-cancellable lease payments in accordance with GASB Statement No. 87

We evaluated the factors and assumptions used to develop these estimates and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of Landfill Closure and Postclosure requirements in Note 9 to the financial statements describe the estimates and judgements used to calculate the cost and future liability for landfills.

The disclosure of Retirement Programs in Note 11 to the financial statements presents the net pension liability and related deferred outflows and inflows of resources using actuarial assumptions in accordance with GASB Statement No. 68 as of the measurement date of June 30, 2023.

The disclosure of Other Post-Employment Benefit (OPEB) Plan in Note 12 to the financial statements presents the net OPEB liability and related deferred outflows and inflows of resources using actuarial assumptions in accordance with GASB Statement No. 75 as of the measurement date of June 30, 2023

The disclosure of Commitments and Contingencies in Note 14 to the financial statements present the risk management exposure of the Authority and the corrective action plan for the landfills.

The disclosure of Leases in Note 15 to the financial statements presents the effect of the implementation of GASB Statement No. 87 and describe the methods and assumptions used in determining the lease receivable and lease payable

The disclosure of the Restatement in Note 19 to the financial statements presents the restatement of restricted net assets for the 2023 comparative information.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. We did not identify any uncorrected misstatements during the course of our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Salians Valley Solid Waste Authority's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated October 2, 2024

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Salinas Valley Solid Waste Authority, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Salinas Valley Solid Waste Authority's auditors.

Other Information Included in Annual Reports

We applied certain limited procedures to Management's Discussion and Analysis, the schedule of the Authority's proportionate share of the net pension liability and related ratios as of measurement date – cost sharing defined benefit pension plan, the schedule of statutorily required employer contributions pension plan, the schedule of changes in the Authority's net OPEB liability and related ratios as of the measurement date, and the schedule of employer contributions, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the introductory section and the statistical section, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Restriction on Use

This information is intended solely for the information and use of the Board of Directors and management of the Authority and is not intended to be, and should not be, used by anyone other than these specified parties.

Required Auditor Communications Letter

- Management is responsible for the selection and use of appropriate accounting policies.
- All required GASB statements were adopted as described in Note 1.
- We noted no transactions entered into by the Authority during the year for which there is lack of authoritative guidance or consensus.
- All significant transactions have been recognized in the financial statements in the proper period.
- Accounting Estimates – allowance for uncollectible accounts, capitalization and depreciation of fixed assets and landfills, closure and postclosure liability, pension liability, other postemployment benefits, deferred outflows and inflows of resources, and present value calculations related to leases.
 - Evaluated the underlying assumptions in estimates and found them to be appropriate.

11

Required Auditor Communications Letter (continued)

- Sensitive Financial Statement Disclosures - Note 10, Landfill Closure and Postclosure Requirements; Note 12, Retirement Programs; Note 13, Other Postemployment Benefit (OPEB); Note 15, Commitments and Contingencies; Note 16, Leases; and Note 19, Reclassification.
- We encountered no difficulties in working with management in performing the audit and found that staff was well prepared and provided us all of the documentation requested.
- Management Consultations with Other Independent Accountants – None
- Timing of the audit – Timing went according to schedule and we found no delays, and we had no disagreements with management.
- Other Matters – Required Supplementary Information, Other Information accompanying the financial statements that are not RSI, Restriction on Use.

Date: October 2, 2024
From: Patrick Mathews, General Manager/CAO
Title: Succession Planning Update

RECOMMENDATION

The Executive Committee and staff recommend that the Board accept the Succession Plan update and provide input and direction.

STRATEGIC PLAN RELATIONSHIP

This agenda item is included under the Strategic Plan item for Governance and Collaboration to develop and maintain a Succession Plan for the Authority.

FISCAL IMPACT

None

DISCUSSION & ANALYSIS

Succession Planning remains a key objective for the Authority administration to assure we both maintain quality skilled staff and provide opportunities for advancement and training for our next generation of leaders. The Board recognizes the valuable contributions our employees make through their work ethic and public service contributions. Awards and other accolades our staff continually receive from the public and peers are also a testament to the great work they do. Succession planning has and will be the key to maintaining this high performing team.

The Board has continued to make Succession Planning a priority in our Strategic Plan and this update provides the Executive Committee and Board with the highlights of our ongoing efforts to plan and prepare our staff for the advancement, change and opportunity in the workplace and life.

Attached you will find our Employee Profile Form that the leadership team has used to meet and interview every employee to determine their career goals, aspirations, training and to help develop a career roadmap. The purpose of this process is to create pathways for success and advancement, identify training and educational needs to improve staff skills, and to look forward to the agency's next decade and where our staff skills need to be for the next generation of public service, technology, regulation and career growth.

The sample Succession Planning Summary attached is used to compile all the profiles and is used by Authority leadership to plan and implement the necessary training and

educational programs to help grow our staff resources and prepare for the future. Staff will be returning with a formal Succession Planning Policy to memorialize this ongoing work and is seeking additional feedback from the Executive Committee and Board prior to finalizing our policy.

The Authority practice of looking inward to fill vacancies before resorting to external recruitment has served us very well over the years and creates a sense of opportunity and ownership for staff. Employee job satisfaction and retention remains high and allows for more productive continuum of service with such a deep level of operational and administrative knowledge. The Board's support of our Succession Planning efforts over the years has been key to our human resource successes.

SALINAS VALLEY RECYCLES

SUCCESSION PLANNING UPDATE

Board of Directors– October 17, 2024

Published 10/10/2024

1

Introduction

Planning for both the foreseen and unexpected absences of individuals who hold key roles is a task that many employers only engage in informally.

Without concentrated effort on this activity, known as succession planning, a business that has been successful can quickly fail if it loses critical staff.

When succession planning is carefully conducted and periodically reviewed, organizations can avoid extended and costly vacancies. Succession planning must be a priority for every employer and should be part of its strategic business plan.

2

What is Succession Planning?

- ▶ Succession planning is the process of identifying employee potentials, evaluating and honing their skills and abilities, and preparing them for advancement into positions that are key to the success and continuity of business operations and objectives.
- ▶ Succession planning involves:
 - Understanding the organization's long-term goals and objectives.
 - Identifying candidates and their respective developmental needs.
 - Creating pathways and resources to facilitate training and skill development.
 - Determining workforce trends and predictions.

3

The Importance of a Plan

- ▶ An effective succession plan can help SVR:
 - Avoid extended and costly vacancies in key positions and ensure the stability of business operations.
 - Provide meaningful developmental opportunities for both the organization and its employees as it targets key leadership positions at varying levels.
 - Help develop a diverse workforce by enabling decision-makers to look at the future makeup of the organization as a whole.

4

Establishing Present and Future Leadership Roles and Objectives

- ▶ **Establishing Present and Future Leadership Roles and Objectives**
- ▶ Ask questions to assess what tomorrow's organization and roles may look like:
 - How will the state of the industry and economy today affect the business operations in the next one to five years?
 - Which operations are critical to the future of the organization?
 - Will operations be discontinued or downsized, or will they grow or remain constant?

5

Establishing Present and Future Leadership Roles and Objectives (cont.)

- ▶ **Establishing Present and Future Leadership Roles and Objectives (cont.)**
 - ▶ How will technology affect the business in the future?
 - ▶ What job functions will need to be consolidated or modified?
 - ▶ Will the projected workload increase or decrease?
 - ▶ Will staffing levels change? If so, how?
 - ▶ Which skills and abilities will SVR need to match these changes?

6

Creating High-Potential Employees

► Creating High-Potential Employees

- The incumbents in key positions identify employees available for succession into their positions.
- The organization develops a profile of candidates including a history of performance reviews and accomplishments as well as relevant experience, education and credentials.
- Cross-departmental leadership/key decision-makers must be involved throughout the planning process to represent their selections and discuss concerns with one another. Employers need to plan for identifiable gaps in the event of an emergency replacement of a candidate in another department.

7

Creating High-Potential Employees (cont.)

► Creating High-Potential Employees (cont.)

- Selection is based on available candidates. Some available candidates will be ready, whereas some will not meet the demands of critical positions. In some cases, no identifiable candidate will be available for succession.
- A common method used to chart the available candidates and their readiness level to succeed is a nine-box grid.
- The nine-box grid helps management visualize the available successors along with the strengths/weaknesses in the plan.
- The next slides display a sample nine-box grid and a readiness chart.

8

9-Box Grid

	Underperformance	Effective Performance	Outstanding Performance
High Potential	Box 5: Seasoned professional capable of expanded role but may be experiencing problems that require coaching and mentoring.	Box 2: Does extremely well at current job with potential to do more. Give stretch assignments to help prepare for next level.	Box 1: Consistently performs well in a variety of assignments. A superstar employee, big-picture thinker, problem solver, self-motivated.
Medium Potential	Box 8: With coaching, could progress within level. Focus on stretch goals for this employee.	Box 6: May be considered for job enlargement at the same level, but may need coaching in several areas, including people management.	Box 3: Current role may still provide opportunity for growth/development; focused on tactical. Focus should be on helping improve strategic thinking.
Low Potential	Box 9: May be a candidate for reassignment, reclassification to a lower level or to exit the organization.	Box 7: Effective performer but may have reached career potential. Try to coach employee on becoming more innovative, focused on lateral thinking.	Box 4: Experienced high performer but has reached limit of career potential. Still a valuable employee and can be encouraged to develop communication and delegation skills.

Example Readiness Level Chart

2024 Succession Planning Summary

Employee Name	Current Position	Education History	9-Box Grid	Career Goals	Unique or Specialized Skill Set/Knowledge Required	Incumbent Name	Anticipated Vacancy Date	Career Roadmap

Planning for Positions That Cannot Be Filled Internally

- ▶ **Planning for Positions That Cannot Be Filled Internally**
- ▶ If no internal successor exists, the organization will need to consider external recruitment strategies, and in the interim, consider cross-departmental succession opportunities.
- ▶ While an external candidate may have the technical knowledge and experience for a particular position, they will lack familiarity with the organizational culture and day-to-day operations.
- ▶ Recruiting external talent can bring fresh ideas and diverse talent into the organization but care must be taken to assure cultural fit within the organization.

11

Keeping the Plan Current

- ▶ **How will the plan be kept current?**
- Develop a recurring time frame for reviewing the plan, whether semiannually or annually.
- Determine the effectiveness of the existing plan.
- Determine whether the current plan still meets the organizational objectives.
- Determine whether the candidates have changed and make necessary adjustments in the plan.
- Assess and develop new candidates.

12

Summary

- ▶ Succession planning is the process of identifying employee potentials, evaluating and honing their skills and abilities, and preparing them for advancement into positions that are critical to the success and continuity of business operations and objectives.
- ▶ Having a well-developed and current succession plan in place is important in avoiding vacancies in key positions, ensuring the stability of business operations, providing developmental opportunities and helping to develop a diverse workforce.
- ▶ Once an organization develops a workable succession plan, it must keep it current and communicate it to all employees.

Title: A Resolution Approving the Regular Board of Directors and Executive Committee Meetings Calendar for 2025

RECOMMENDATION

Staff recommends that the Board adopt the resolution.

STRATEGIC PLAN RELATIONSHIP

This is an administrative item.

FISCAL IMPACT

There is no fiscal impact.

DISCUSSION & ANALYSIS

January Meeting – Impacts Schedule

The Executive Committee meeting in January is proposed to be held one week later than regularly scheduled, due to the holidays, as has been done in the past. If kept on the regular schedule, the Executive Committee meeting would be held on January 1. The Board of Directors meeting is also proposed to be held one week later than regularly scheduled to enable staff to ensure that issues which need Executive Committee review are considered on a timely basis and to allow enough time to prepare reports for the upcoming Board meeting. The League of California New Mayors & Council Members Academy is scheduled for January 22-24, which will coincide with the Board's proposed rescheduling of the regular meeting date. However, staff recommends keeping the meeting as recommended. By moving the meetings one week later, the Executive Committee meeting would be held on January 8 and the Board of Directors meeting would be held on January 23.

June Meeting (League of California Cities Mayors, Council Members Executive Forum, and Juneteenth Holiday) – Impacts Schedule

Both the League of California Cities Annual Mayors and Council members Executive Forum and the Annual Conference have not been scheduled, therefore impact to the meeting schedule is unknown at this time. However, the Juneteenth Holiday coincides with the regular Board meeting date falling on the third Thursday of the month. Staff recommends moving the Board meeting to the fourth Thursday of the month to June 26, 2024.

October Meeting (League of California Cities Annual Conference) – No Impact

The League of California Cities Annual Conference has caused an occasional quorum issue in past years. The League's 2025 Annual Conference is scheduled for October 8-10, which does not coincide with any of the Authority meetings. There is no need for changes.

December Meeting Optional Cancellation

Due to past Board comments and concerns raised over the proximity of the December Board meetings with holiday activities and events, staff is proposing to maintain the December meeting as optional, pending any critical issues that would need to be addressed in a timely manner in December. The decision to cancel the December meeting would be made at the October or November meeting, in consideration of agenda needs.

BACKGROUND

Historically, the Board holds their regular Board meetings on the 3rd Thursday of each month at 6:00 p.m. in the City Council Chambers of the City of Gonzales. The Executive Committee meetings, while convened on an "as needed" basis, have an established meeting schedule, which is currently the Wednesday two weeks prior to each Board meeting at 2:30 p.m. This schedule enables staff to ensure that issues which need Executive Committee review are considered on a timely basis and allows enough time to prepare reports for the upcoming Board meeting.

The proposed calendar takes into account holidays and the 2025 League of California Cities January Academy and October Annual Conference. Conflict with Board Members' schedules have previously caused an issue due to lack of quorum.

RESOLUTION NO. 2024 -

A RESOLUTION OF THE SALINAS VALLEY SOLID WASTE AUTHORITY APPROVING DESIGNATING THE DATE, TIME AND PLACE FOR REGULAR BOARD AND EXECUTIVE COMMITTEE MEETINGS FOR CALENDAR YEAR 2025

WHEREAS, Section 2.02.010 (a) of the adopted Authority Code provides for the establishment by resolution of the date, time and place for regular Board meetings, and Section 2.06.010 establishes the Executive Committee meeting schedule; and,

THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE SALINAS VALLEY SOLID WASTE AUTHORITY that Board of Director meetings shall be held, unless otherwise noticed, at 6:00 p.m. on the third Thursday of each month in the Gonzales City Council Chamber located at 117 Fourth Street Gonzales, California, in accordance with "Exhibit A" attached hereto; and,

BE IT FURTHER RESOLVED, that Executive Committee meetings shall be held, unless otherwise noticed, at 2:30 p.m. on the Wednesday two weeks prior to a scheduled Board of Directors meeting at 126 Sun Street, Salinas, California, in accordance with "Exhibit A" attached hereto.

PASSED AND ADOPTED by the Board of Directors of the Salinas Valley Solid Waste Authority at a regular meeting duly held on the 17th day of October 2024, by the following vote:

AYES: BOARD MEMBERS:

NOES: BOARD MEMBERS:

ABSENT: BOARD MEMBERS:

ABSTAIN: BOARD MEMBERS:

Anthony Rocha, President
