Remember, nothing is set in stone and we can make changes at anytime!

Preferred Dates Pre Field Trip Landfill Presentation 1) _____ 2) _____ 3) _____

Preferred Times: 1) _____ 2) _____ 3) _____

Will you need a transportation grant? Yes No

If YES, You must provide a quote from your transportation department for the cost of transportation from your location to **31400 Johnson Canyon Road, Gonzales CA 93926**. We realize that processes from every District may be different.

Invoices need to be sent to 126 Sun St, Salinas CA 93901 immediately after the field trip for payment.

- **We will pay for 1 bus for 2 classes.**
- Buses must stay on site at all times for emergency evacuation processes.
- The vehicles will also need to provide tour transport through our facility for your landfill tour. This is minimal movement and on hardpacked roads.

GRANT FULLFILLMENT INFORMATION (Only fill this out if you are applying for a grant)

In order to receive the Bus Grant for the Field Trip there are a few steps for the classes to participate in prior to and following the trip. This is in order to build necessary relationships and a foundation of knowledge necessary for the field trip to be as valued as possible for staff and students. It also helps to make the most of your time onsite with us on field trip day. Salinas Valley Recycles Staff are here to help every step of the way. We want to be your valued partner in all things sustainability!

SCHOOLWIDE SUSTAINABLE ACTIVITY REQUIREMENT

We also require each group that will attend, participate in hosting 2 (two) school wide sustainable activities per bus that we are granting, to promote sustainability throughout their school campus. We have listed several suggestions but realize there may be other acceptable activities we have not thought of. We encourage you to enlist the help of your students when choosing the activities to host. Again, SVR staff will be here to help you every step of the way! After looking at our website, tell us what you are thinking for you activities?
